Make Disciples Reaching The Postmodern World For Christ:

Make Disciples! Terry A. Bowland, 1999 Let us make no mistake about it Evangelism is not simply learning Bible facts Evangelism is not simply understanding sociological information Evangelism is taking part in God s great work of redeeming the world through Christ It is to reach out and allow God s power and presence to extend into the lives of people through our daily lives When we increasingly become aware of God working within us the result will be joy joy in our daily tasks and joy in the lives we touch Wherever God s will is done the ultimate result for us will be joy **Invitation to Educational Ministry**

Subdivisions Justin Wilford, 2012-11-19 In an era where church attendance has reached an all time low recent polling has shown that Americans are becoming less formally religious and more promiscuous in their religious commitments Within both mainline and evangelical Christianity in America it is common to hear of secularizing pressures and increasing competition from nonreligious sources Yet there is a kind of religious institution that has enjoyed great popularity over the past thirty years the evangelical megachurch Evangelical megachurches not only continue to grow in number but also in cultural political and economic influence To appreciate their appeal is to understand not only how they are innovating but more crucially where their innovation is taking place In this groundbreaking and interdisciplinary study Justin G Wilford argues that the success of the megachurch is hinged upon its use of space its location on the postsuburban fringe of large cities its fragmented dispersed structure and its focus on individualized spaces of intimacy such as small group meetings in homes which help to interpret suburban life as religiously meaningful and create a sense of belonging Based on original fieldwork at Rick Warren s Saddleback Church one of the largest and most influential megachurches in America Sacred Subdivisions explains how evangelical megachurches thrive by transforming mundane secular spaces into arenas of religious

significance **Repairing the Missional Breach** Kevin Blackwell, 2024-04-02 Making disciples is the primary calling of the church however in the past decades of American evangelicalism there has been a breach of Christ's Great Commission as found in Matt 28:19-20. Much of this failure can be attributed to the doctrine and practice within three modern church movements. The book offers a history and critique of modern American evangelical church movements including the Church Growth, Emergent Church, and Missional Church movements. Each of these movements did not result in disciple making multiplication. In this book you will find an analysis of disciple making in these movements as compared to the methods and model of Jesus. Informed by these critiques, formative ministry adjustments are presented as a faithful path for future missional approaches.

Preaching to a Postmodern World Graham M. Johnston, 2001-07-01 While growing churches dot our urban centers and country landscapes, churchgoers and students today are actually less likely to maintain a Christian worldview than in the past. In fact, the majority of society does not even believe in objective truth. A minister out of touch with this culture is like an uninformed missionary trying to teach in a foreign country. To communicate God's Word effectively in the twenty-first century, teachers need to know how to connect with and confront an audience of postmodern listeners. In *Preaching to a Postmodern World*, Johnston shows pastors, seminary students, professors, lay teachers, and church leaders can reach the present age without selling out to it. The book discusses how to distinguish between modernism and postmodernism, understand postmodern worldviews, change the style of preaching without compromising the substance, take advantage of new opportunities provided by the cultural shift, show an inattentive society the relevance of God's truth. The author's keen insights into contemporary pop and media culture also help equip speakers to address today's listeners with clarity and relevance.

The Great Commission: The Solution . . . (Study Guide) Raymond F. Culpepper, 2009 [Making Disciples in a World Parish](#) Paul W. Chilcote, 2011-04-01 In this collection of inspirational and challenging essays, Methodists from around the globe reflect on the practice of disciple making in their own contexts. From their own perspectives, they address questions like: What are the challenges you face? What biblical images shape your missional practice? What examples of Christian authenticity inspire your communities? What gifts related to mission and evangelism do you offer the global community of faith? Churches on every continent have their own stories of struggle and faithfulness. Indeed, each distinct community within any given region has a voice of its own that deserves to be heard. The voices included in this volume belong to women and men alike. Likewise, they resound with the accents of Africa and Asia, Latin and North America, Europe, and Oceania. Each voice is distinct but all articulate a vision of faith made effective through love. In a world characterized variously by poverty and violence as well as prosperity and peace, the church must reclaim its central mission to make disciples of Jesus Christ. In their effort to articulate a vision of mission and evangelism, the contributors to this volume bear witness to the fact that we can no longer do this work in isolation from one another. To be the ambassadors of the gospel, we need each other and we need to pay attention to the voices that sound different from our own. This volume takes a large step

in that vital direction **The Church Made Flesh** Alan Todd, 2014-12-19 In his book *The Church Made Flesh* Alan takes the spiritual pulse of the Pentecostal Apostolic Church and lays bare its true condition Tapping into a rich spiritual repertoire of experiences both anecdotal and other erudite sources this book is a tour de force that revisits bedrock issues such as the cost of discipleship church planting and church order among others Employing a fruitful dialectic of tension these issues are explored in the intersection between the nascent Apostolic Church of the first century AD and its contemporary incarnation The denouement is an incisive accessible candid and profound exposition that is a must in every discerning minister and laypersons library Paul Thomas PhD Education Kings College London Lecturer University of Oslo Norway Institute for Pedagogy Comparative and International Education Give yourself this book and then help God solve the next vexing problem in the North American Apostolic church Sorry this book is not designed to grace the shelf of your library You should really read it on your knees Embark on your journey with tears in your eyes Bishop Paul Reynolds International Honorary General Presbyterian United Pentecostal Church International The Church Made Flesh challenges todays commonly adopted church system of attraction by comparing it the 1st centurys church model which exercised Apostolic authority by going out to the world Without apology Alan combats the readers thinking on how well todays church is executing the Great Commission and touching the lives of people of all nations For those that are ready to effect change in this world the biblical way this is a book that you must not only have but study and wrestle with Michael Whitton Minister of Operations Global Apostolic Ministries Toronto Canada **Bible Study for Busy Pastors and Ministers, Volume 3** Reginald F. Davis, 2024-04-08 Now more than ever before pastors and ministers should make sure the Word of God goes forth in a world that has lost its moral and spiritual way In America we are living on the edge When we go to the marketplaces schools churches outside activities we don t know if a mass shooting might take place We don t know what to expect in public places because violence and killings have become commonplace Many of our youth are dying from drug poisoning gun shootings and suicide Racial hatred is on the rise and kids are taking guns to school causing lockdowns and distress All around us is sorrow sadness and senselessness The only hope light and transformation is God s Word and its application These thematically arranged Bible lessons can help in the process of humanity finding their way back to God through Jesus Christ *Adventist Review* ,2006

A Strategy For Reaching Secular People Ernan A. Norman, D. Min., 2007-05-11 Dr Ernan A Norman D Min has identified strategies to implement John 13 35 All people will know that you are my followers if you love each other An excellent source for the essential principles of discipleship in a postmodern world This book is written in nontechnical language based on the experiences as a student pastor and professor I believe that the concepts presented are fundamental and are in harmony with the model demonstrated by Jesus during His ministry on earth Meeting people at their level putting their needs ahead of His own treating people with respect befriending the nonreligious and inviting them into a relationship with Himself are some of the concepts that are identified and supported as strategies for reaching secular people This book is

an outstanding and important piece of work and easily readable I would urge *A Strategy for Reaching Secular People* on members and leaders in every church if they are willing to challenge basic assumptions and embrace change relative to reaching lost people Strategies that remove the barriers that keep people from hearing about God's love and to create a warm friendly uncritical and non judgmental attitude of acceptance are clearly presented Full of practical how to's and watch out's this book by Ernan Norman is for individuals serious about sharing the love of God As we interact with and minister to secular people matters such as marriage and family academics employment addictions and human rights must be addressed Norman clearly gives strategies for intentional efforts to reach secular postmodern men and women in our day The central concept is the example of Jesus that we should follow A must read Weymouth Spence Ed D President of Washington Adventist University

Reaching People Under 40 while Keeping People over 60 Edward H Hammett, 2007-02-01 Many established churches are facing a number of challenges in today's increasingly secular culture Such a shift in many communities creates a challenge of church growth and church health when it seems that satisfying the needs of one group creates barriers to reaching another group So many are asking How do you keep people over sixty years of age who often hold church culture values while at the same time reach people under forty who often hold postmodern values If a church is interested in growing this situation becomes a major challenge *Reaching People under 40 while Keeping People over 60* looks at the church as it seeks to function in a new world It looks at the differences in the generations and at postmodernism not just a generational difference but a global change Most importantly *Reaching People under 40 while Keeping People over 60*

looks at what a church can do in this new age to help the church survive and thrive Foreword by Bill Easum A TCP Leadership Series title CULTURE SHIFT Gary Nicolosi, 2024-11-14 These are difficult times for churches Less than half the population in the United States and Canada are now members of any church and the percentage of people who call themselves Christian or even believe in God is rapidly declining And yet churches still have the potential to grow into vibrant life giving communities that engage the culture attract new members do good works and share the good news of God s amazing love in Jesus CULTURE SHIFT surveys the history of a changing culture to explain the conditions which the Church confronts and the challenges it must address It details three major culture shifts that are impacting the church and then offers a framework for an effective missional response The heart of the book consists of seven workshops that will be especially helpful to vestries parish councils evangelism and church growth committees or even in a parish forum Any of the workshops may be used without copyright permission These workshops include Ministry in an Emerging World Building a Missionally Effective Church Change and Paradigms Marketing the Church Worship Planning Building a Better Stewardship Campaign Diagnostic Tools for Strategic Ministry Planning With his extensive experience in ministering to urban suburban and rural churches large and small Gary Nicolosi is convinced any church can grow if the leadership and members desire to grow and are willing to pay the price Reaching People under 30 while Keeping People over 60 Edward H Hammett, 2015-11-10 Seasoned church consultant Edward H Hammett shares his latest insights and suggestions for churches seeking to serve all generations This is an updated version of Hammett s 2007 book Reaching People Under 40 while Keeping People Over 60 that expands the reach another decade and emphasizes diversity with insight from new contributors Paul L Anderson and Cornell Thomas A TCP Books title **The Beauty of the Faith** Joseph D. Wooddell, 2010-09-23 Nearly everyone finds beauty compelling so Christian apologists should devise ways to present an aesthetic Christian apologetic Nearly all apologists admit that the beauty of a life well lived and the beauty of the Christian community along with the use of media and the arts are not only helpful for apologetics but essential in a postmodern culture In fact it is frustrating to see how many apologists mention the need for such an approach but go on devoting most of their energies to traditional approaches This book is different It clearly shows the pros and cons of traditional approaches and offers a fresh perspective as well arguing that beauty is the most compelling apologetic and suggesting ways to implement such an approach It demonstrates how Western culture arrived in its current unfortunate situation and uses both Scripture and figures like Athenagoras and Jonathan Edwards to challenge current views on apologetics
