## **Make Me Laugh:**

**She Made Me Laugh** Stephanie Emmons, 2020-10-06 Most people likely know of Mother Teresa's great faithfulness to God's call as she started her ministry to the poor in Calcutta. But at the time few knew that she had lost all sense of God's presence, love, and sometimes the assurance that God existed at all. Astonishingly for 50 years the saint's life was spent in what she called the darkness. Yet somehow Mother Teresa managed to get up every morning and say yes to God. And not only did she say yes, she came to accept the darkness while also allowing a sense of humor and even playfulness to shine through. This book is a memoir of the author's direct experiences with Mother Teresa during a trip to Calcutta in 1996 when she discovered that sense of humor first hand. It is also an extended reflection on the beloved saint's dark night of the soul and what that might mean for spiritual seekers today.

*God Makes Me Laugh* Joseph A. Grassi, 2009-03-23 God has made me Laugh and all who hear about it will laugh at me. These are the words of Sarah after she bore a child to Abraham when both were in advanced old age. Sarah named this child Isaac which means laughter. Thus believers as descendants of Abraham and Isaac are children of laughter. Luke takes the theme of joy and laughter through his whole gospel. The angels at Jesus's birth announce good news of great joy to all the people. Jesus presents his teaching in the form of grace and surprise which prompt joy and laughter on the part of the gospel audience. Luke has before him the image of a laughing Jesus. As a climactic story Jesus visits Jericho near the Dead Sea. The chief tax collector for Rome, Zaccheus, a most unpopular man, small in stature and character as well, climbs a tree so he can see Jesus coming in spite of the crowds. Jesus spots him with laughter and calls out to the dismay of the crowd. Zaccheus hurries up and climbs down. I'm going to have dinner at your house today. Luke's gospel presents Jesus as a comic contrast to many ultra-serious religious teachers by his concern for the outcast, strangers, and marginalized of society.

**Riveted: The Science of Why Jokes Make Us Laugh, Movies Make Us Cry, and Religion Makes Us Feel One with the Universe** Jim Davies, 2014-08-05 Why do some things pass under the radar of our attention but other things capture our interest? Why do some religions catch on and others fade away? What makes a story a movie or a book riveting? Why do some people keep watching the news even though it makes them anxious? The past 20 years have seen a remarkable flourishing of scientific research into exactly these kinds of questions. Professor Jim Davies' fascinating and highly accessible book *Riveted* reveals the evolutionary underpinnings of why we find things compelling from art to religion and from sports to superstition. Compelling things fit our minds like keys in the ignition, turning us on and keeping us running, and yet we are often unaware of what makes these keys fit. What we like and don't like is almost always determined by subconscious forces, and when we try to consciously predict our own preferences we're often wrong. In one study of speed dating, people were asked what kinds of partners they found attractive. When the results came back, the participants' answers before the exercise had no correlation with who they actually found attractive in person. We are beginning to understand just how much the brain makes our decisions for us: we are rewarded with a rush of pleasure when we detect patterns as the

brain thinks we've discovered something significant the mind urges us to linger on the news channel or rubberneck an accident in case it might pick up important survival information it even pushes us to pick up People magazine in order to find out about changes in the social structure Drawing on work from philosophy anthropology religious studies psychology economics computer science and biology Davies offers a comprehensive explanation to show that in spite of the differences between the many things that we find compelling they have similar effects on our minds and brains

*Merritt Magic* Melinda Merritt, 2017-03-27 This book is about the world we lived in which was one of dreams spirituality magic and love I arrived just at the end of the Pisces Age in 1950 and I could feel the energies changing early in my life The Sages had spoken to the families about the coming cultural change which would take the world by storm We had no idea what they meant but we knew it would happen I was just going about my life learning all the ancient African knowledge and wisdom my family taught After all this is the spirituality and ancestral knowledge which freed the slaves from bondage We were a very blessed family in that there was never any lack just a life of abundance The Sages controlled what happened in this world and no one ever questioned them Our world was filled with happiness excitement and surprise Then as though my world was not already filled with many unusual things in the early 1960's it happened The change of which the Sages had been speaking started to

happen Rev Martin Luther King Jr and the Civil Rights Movement came to our little town of Americus GA This was the very beginning of what turned out to be the biggest event ever My father was a successful independent business leader and he and Rev King as Dr King was known at that time bonded immediately This meant that our entire family was heavily involved in the Movement Dr King was frequently at our home and became a part of the family for many years Everything changed for me and the family when this Movement came but the Sages managed to keep control over our daily lives These were some powerful Black women whom no one dared cross The energy which drove the Movement was constantly pointed out to me by the Sages I became an expert on the human energy phenomenon The world was completely magical and it seemed to have come to our small town The people we met were from all over the globe The power of the black people s energy was working full force Because of what the Sages taught me I was able to travel through my entire life in control of my elements The Sages believed practiced and taught that if you can control your elements you can control your life This book is about these Black powerful women who had taken their gifts and skills underground until now

Laughter Power and the Unconscious offers paradigm breaking insights into the psychological and sociopolitical dimensions of humour and comedy Based on an innovative audience experiment at Shakespeare s Globe the authors develop a revolutionary theory of humour as manic defence challenging Freud s classic formulations while engaging with contemporary humour theories The text explores three key domains firstly it establishes and evaluates the theory in comparison to Freud s work in Jokes and their Relation to the Unconscious while positioning it within major humour frameworks secondly it demonstrates the theory s application to Renaissance comedy examining characters like Malvolio from Twelfth Night alongside stock figures of cuckolds and madmen in both English theatrical traditions and commedia dell arte finally it investigates the theory s broader sociopolitical relevance by analysing war related humour and racist jokes while addressing comedy s dual capacity to both challenge and reinforce existing power structures This volume will appeal to the scholars and students of theatre and performance studies psychology literary theory and cultural studies interested in the sociopolitical implications of humour
