Making History Czech Voices Of Dissent And The Revolution Of 1989:

Making History Michael Long, 2005 In December 1989 Václav Havel and a relatively small group of intellectuals and students brought about the collapse of the communist regime of Czechoslovakia in what is now known as the Velvet Revolution **Making History** Czech Voices of Dissent and the Revolution of 1989 brings together the personal narratives of eleven former dissidents who though close associates of Havel operated without his international celebrity The narratives based on interviews conducted by the author in Prague and Berlin relate each individual's personal experiences on topics such as growing up in Czechoslovakia life as a dissident the Velvet Revolution and the achievements and failures of the Czech Republic since 1989 Through their many voices we come to understand that the life of a dissident is one of hardship uncertainty and constant surveillance yet at the same time life in the underground allows a certain degree of freedom unattainable in official society For more information about the book please visit Michael Long's website **Making History**

Porta, 2014-03 Mobilizing for Democracy compares two waves of protests for democracy in Central Eastern Europe in 1989 and in the Middle East and North Africa in 2011 **Women's Artistic Dissent** Brenda A. Flanagan, Hana

Waisserová, 2023-12-15 To survive Totalitarianism and retain their humanity Czech women writers went underground to write paint sculpt and create supportive communities This book explores fiction poetry and life sustaining activities of Eva Vankmajerová Mother of Czech Surrealism and Eda Krisevová journalist fiction writer essayist and activist who served in President Václav Havel's first Cabinet among other Czech women who wrote and engaged in dissent during the years when Czechoslovakia ached under Soviet rule **Women's Artistic Dissent** Repelling Totalitarianism in pre 1989 Czechoslovakia highlights and unearths the work of women that is often undervalued and unacknowledged Flanagan and Waisserová carefully detail the variety of ways in which women resisted through literature and ecological activities shedding new light on the ways in which individuals and communities can retain their humanity even as they resist and repel dictatorial regimes in their countries **Revolution with a Human Face** James Krapfl, 2013-10-15 In this social and cultural history of

Czechoslovakia's gentle revolution James Krapfl shifts the focus away from elites to ordinary citizens who endeavored from the outbreak of revolution in 1989 to the demise of the Czechoslovak federation in 1992 to establish a new democratic political culture Unique in its balanced coverage of developments in both Czech and Slovak lands including the Hungarian minority of southern Slovakia this book looks beyond Prague and Bratislava to collective action in small towns provincial factories and collective farms Through his broad and deep analysis of workers' declarations student bulletins newspapers film footage and the proceedings of local administrative bodies Krapfl contends that Czechoslovaks rejected Communism not because it was socialist but because it was arbitrarily bureaucratic and inhumane The restoration of a basic humanness in politics and in daily relations among citizens was the central goal of the revolution In the strikes and demonstrations that began in the last weeks of 1989 Krapfl argues citizens forged new symbols and a new symbolic system to reflect the humane democratic and nonviolent community they sought to create Tracing the course of the revolution from early idealistic euphoria through turns to radicalism and ultimately subversive reaction Revolution with a Human Face finds in Czechoslovakia's experiences lessons of both inspiration and caution for people in other countries striving to democratize their governments

Historical Dictionary of the Czech State Rick Fawn, Jiri Hochman, 2010 Czechoslovakia has been at the center of some of the most difficult and tragic episodes of modern European history its sacrifice to Nazi Germany at Munich the Communist Coup of 1948 and the military crushing of the Prague Spring It has also enacted momentous change almost magically as in the peaceful overthrow of communism in 1989 and then the negotiated end to the country in 1992 Czechoslovak history has consequently produced enduring political metaphors for our times such as the Velvet Revolution and Velvet Divorce The second edition of the Historical Dictionary of the Czech State has been thoroughly updated and greatly expanded Featuring a chronology introductory essay appendix bibliography and hundreds of cross-referenced dictionary entries this detailed authoritative reference provides understandings of the Czechs as a people the territory they inhabit their social cultural political and economic developments throughout history and interactions with their neighbors and the wider world

Worlds of Dissent Jonathan Bolton, 2012-04-25 Worlds of Dissent analyzes the myths of Czech resistance popularized by Western journalists and historians and replaces these heroic victory narratives with a picture of the struggle against state repression as dissidents themselves understood and lived it Their diaries letters and essays convey the texture of dissent in a closed society

The Cold War Spencer C. Tucker, 2020-10-27 This sweeping reference work covers every aspect of the Cold War from its ignition in the ashes of World War II through the Berlin Wall and the Cuban Missile Crisis to the collapse of the Soviet Union in 1991 The Cold War superpower face off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world-changing event including wars new military technologies diplomatic initiatives espionage activities important individuals and

organizations economic developments societal and cultural events and more This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War which are followed by some 1 500 entries on key individuals wars battles weapons systems diplomacy politics economics and art and culture Each entry has cross references and a list of books for further reading The text includes more than 100 key primary source documents a detailed chronology a glossary and a selective bibliography Numerous illustrations and maps are inset throughout to provide additional context to the material

Where Did the Revolution Go? Donatella della Porta, 2016-11-28 Where Did the Revolution Go considers the apparent disappearance of the large social movements that have contributed to democratization Revived by recent events of the Arab Spring this question is once again paramount Is the disappearance real given the focus of mass media and scholarship on electoral processes and normal politics Does it always happen or only under certain circumstances Are those who struggled for change destined to be disappointed by the slow pace of transformation Which mechanisms are activated and deactivated during the rise and fall of democratization This volume addresses these questions through empirical analysis based on quantitative and qualitative methods including oral history of cases in two waves of democratization Central Eastern European cases in 1989 as well as cases in the Middle East and Mediterranean region in 2011

Havel David Gilbreath Barton, 2021-10-05 This is the story of a man who tried to resurrect the spirit of democratic life He was born into a time of chaos and absurdity and he took it as his fate to carry a candle into the night This is his story and the story of many others the writers artists actors and philosophers who took it upon themselves to remember a tradition that had failed so miserably it had almost been forgotten V clav Havel 1936 2011 the famous Czech dissident intellectual and playwright was there when a half million people came to Wenceslas Square to demand an end to Communism in 1989 Many came to hear him call for a free Czechoslovakia for democratic elections and a return to Europe The demonstrators roared when he spoke Havel to the castle they chanted meaning Havel for president And a few weeks later Havel became a most unusual president He was sometimes misunderstood and not always popular but by the time of his death in 2011 the world recognized Havel as one of the most prominent figures of the twentieth century Born into one of the most prominent and wealthy families in Prague Havel was the constant subject of attention and an artistic eccentric in a family of businessmen A young Havel and his family were cast by the Communist takeover as class enemies Havel traveled a dark road that ironically provided the experiences he needed to reconnect not only to his own ground of being but to the traditions of civic society This biography is the story of Havel s inward journey in his underground years and thus the story of how Havel the outsider became the ultimate insider as president of the nation In this intimate and sweeping portrayal of Havel David Barton reveals the eccentricities of the last president of Czechoslovakia and the first president of the Czech Republic

Czech Law in Historical Contexts Jan Kuklík, 2015 The legal system of the present day Czech Republic would not be understood properly

without sufficient knowledge of its historical roots and evolution This book deals with the development of Czech law from its initial origins as a form of Slavic law to its current position reflecting the influence of the legal systems of neighbouring countries and that of Roman law The reader can see how a legal system originally based on custom developed into written and codified law Czech law was fully dependent upon developments within the Luxemburg Jagiellonian and primarily Habsburg monarchies although some features remained autonomous The 20th century is particularly important in the development of the Czech state and law of today namely due to the establishment of an independent Czechoslovakia in 1918 and its split in 1992 giving rise to the independent identities of the Czech Republic and the Slovak Republic It was a century encompassing periods of democratic as well as totalitarian regimes political ideological economic and social changes stemming from such transformations were projected into and reflected in the system of Czechoslovak and Czech law It can therefore serve as a case study for researchers interested in the transition of democratic legal systems into totalitarian regimes and vice versa

Freedom of Conscience in (Post)Soviet Space Julie K. deGraffenried, Michael Long, Xenia Dennen, 2025-08-15 Freedom of Conscience in Post Soviet Space a collection of original essays edited by Julie K deGraffenried Michael Long and Xenia Dennen is inspired by the work of Michael Bourdeaux the holdings of the Keston Archive and continuing questions of freedom of conscience Ranging from England to Siberia and moving chronologically from 1917 to the twenty first century this book reveals the unique organization and methodology behind the Keston s collection of materials and the ways those in the West thought about religion and communism during the Cold War including the connection between religious liberty and human rights The essays demonstrate the depth and breadth of current research on religion in communist and postcommunist contexts a much needed corrective to contemporary political uses of religious freedom Bourdeaux s activism and preservation of materials influenced many fields of study as reflected by contributing authors varied disciplines history theology sociology languages and literature A preface by the theologian and former Archbishop of Canterbury Rowan Williams comments on Michael Bourdeaux s life and significance

We Are Power Todd Hasak-Lowy, 2020-04-07 A stirring look at nonviolent activism from American suffragists to civil rights to the climate change movement We Are Power brings to light the incredible individuals who have used nonviolent activism to change the world The book explores questions such as what is nonviolent resistance and how does it work In an age when armies are stronger than ever before when guns seem to be everywhere how can people confront their adversaries without resorting to violence themselves Through key international movements as well as people such as Gandhi Alice Paul Martin Luther King Cesar Chavez and V clav Havel this book discusses the components of nonviolent resistance It answers the question Why nonviolence by showing how nonviolent movements have succeeded again and again in a variety of ways in all sorts of places and always in the face of overwhelming odds The book includes endnotes a bibliography and an index

The Palgrave Handbook of Theatre Censorship Anne Etienne, Graham Saunders, 2024-11-29 This book incorporates a wide theoretical

cultural literary and historical engagement in exploring the tension between dramatic productions and the forms of censorship they encounter from creation to reception The Palgrave Handbook of Theatre Censorship offers global new insights into censorship practices examining attempts at repression motivated either by fears that audiences gathering together to watch live dramatic events will lead to sedition and mass uprisings or by moral or religious squeamishness requiring the establishment of institutional systems of censorship to curb or suppress the stage As such the Handbook aims to initiate redefinitions of what we understand or experience as censorship Who knew theatre could still carry so many threats or be so widely provocative and dangerous This is an extraordinary and often eye opening set of thirty six individually insightful wide ranging and oftentimes disturbing essays each of which offers unique insights into theatre censorship practices and their impact within a specific political and moral culture There is a particular emphasis on the recent and current and the authors speak with first hand knowledge and from direct experience not only about the restrictions but also how artists sometimes negotiate and evade these What makes the book so especially fascinating and illuminating is seeing so many examples juxtaposed together This enables the reader to hear the essays and the cultures talking to and alongside each other The collection repeatedly breaks fresh ground and the editors deserve enormous credit for gathering and effectively curating so many reports from the front line Steve Nicholson Emeritus Professor University of Sheffield UK Anne Etienne and Graham Saunders s book is a wide ranging incisive and compelling collection of reflections and case studies on the theatre industry s relationship to censorship and self censorship from a historical and contemporaneous perspective An impressive array of authors have been assembled for this volume representing among them views on the subject from Spain Denmark Norway Zimbabwe South Africa Germany Italy Indonesia Iran Portugal Turkey Brazil Japan Ireland Australia Russia England and more The book is by turns surprising in its curatorial and narrative design and wonderfully effective at delineating the complex and thorny paths that create socio political cultures where the censorship and self censorship of theatre artists thrives and or is efficaciously contested and rebelled against Of note is a through line of argument in the book around less overt modes of surveillance that police artists imaginations and thereby the work they create and produce At a time in the world where many governments are increasingly seeking to limit artistic expression this book is a necessary reminder of the many freedoms that have been fought for in theatres around the globe and how the power of being unsilenced must never be taken for granted Caridad Svich Playwright Translator This is a truly excellent collection of incisive studies It is wide ranging impressively global in scope with an illuminating balance of the historical and the contemporary In its impressive and well realised ambition demonstrated by the well focused intelligence and academic flair of its many contributors this collection is both magisterial and vital It is an essential contribution to censorship studies fascinating and inspiring a must read for anyone interested in the subject Aleks Sierz Theatre critic and author of Rewriting the Nation British Theatre Today 2011 Good Nights Out A History of British Theatre Since the Second World War 2021 **Political Handbook of the World**
