Accountability in Missions Jonathan J. Bonk, 2011-10-21 The Korean missions movement is perhaps the most significant story of the Church in the world over the past one hundred years Today Korea can boast of being the leading sender of missionaries per head of population Yet this movement has not been well integrated into the global mission community and also this community has at times failed to understand and learn from this tremendous work of God I am excited that God has brought together a unique body of people to wrestle with these issues This work will help bring about much needed collaboration and develop each other's strengths in an environment of mutual respect MALCOLM L MCGREGOR SIM International Director Accountability in Missions is a remarkable book exploring the full range of mission accountability issues strategic financial and relational from both Korean and North American perspectives This is global missiology made practical and accessible to all missions practitioners The many articles that penetrate the mysteries of Korean and North American interaction especially make it a must read book for all Koreans and North Americans working together STEVE STRAUSS Professor of Mission and Intercultural Studies Dallas Theological Seminary This collection of essays provides a biblical and theological basis for accountability and brings voices East and West demonstrating that accountability to God and to others is a universal principle not linked to one culture or context i e Western Further the collection is eminently practical addressing matters of governance decision making finance and personal integrity To all mission leaders I say read this book Actually read it but also read colleagues with whom to discuss and digest these principles and review our mission practices GORDON T SMITH President reSource Leadership International **Christopraxis** Andrew Root, 2014 Finding practical theology not always able to present frameworks for understanding concrete and lived experience with divine action Andrew Root's Christopraxis seeks to reset the edifice of practical theology on a new foundation While not minimizing its commitment to the lived and concrete Root argues that practical theology has neglected deeper theological underpinnings Root seeks to create a practical theology that is properly and fully theological post postmodern post Aristotelian and that attends to doctrines such as divine action and justification Where Do Pastors Go to Cry? Pastor Paul D. Stevens, 2012-04-28 Seminary plays a crucial role in the lives of ministers pastors and lay leaders But seminary cannot teach you the real life day to day practical experiences and operation of leading God's people In this book we will look at some practical principles a pastor will not learn in seminary Many pastors are in for a rude awakening when they are called to their pastorate They enter the job with excitement and zeal only to be later frustrated by the everyday duties a pastor must deal with This book will cover everything from understanding your call how to handle criticism do you and your church make a good fit leading church meetings to knowing when your assignment is over We will discuss how to plan a construction project dealing with ministry and staff betrayal finding a mentor the power of preaching the Word and spending time with the Lord in prayer i will add a small photo of myself Walk Like Jesus Dann Spader, 2019-01-01 Let's take a walk with the
