information feeds and recommended content are now common and somewhat inescapable components of our everyday lives
With the help of searches browsing history purchases likes and other digital interactions technological experiences are now
routinely personalized Companies with access to this information often downplay the fact that users personal data serves as a
key form of monetization and their privacy policies tend to use the terms personalization and customization to legitimize the
practice of tracking and algorithmically anticipating users daily movements In Making it Personal Tanya Kant sheds light on
the dilemmas of algorithmic personalization exploring such key contemporary questions as What do users really know about
the algorithms that guide their online experiences and social media presence And if personalization practices seek to act on
our behalf then how can users constitute retain or relinquish their autonomy and sense of self At the heart of the book are
new interviews and focus groups with web users who through a myriad of resistant tactical resigned or trusting engagements
encounter algorithmic personalization as part of their lived experience on the web Tanya Kant proposes that for those who
encounter it algorithmic personalization creates epistemic uncertainties that can emerge as trust or anxiety produces an
ongoing struggle for autonomy between user and system and even has the power to intervene in identity constitution In
doing so algorithmic personalization does not just generate filter bubbles for individuals worldviews but also creates new
implications for knowledge production the deployment of cultural capital as an algorithmic tactic and above all formations of
identity itself The Globalisation of Executives and Economies John Walsh,2006-12-31 How has globalisation affected the
executives and economy of Thailand one of the most dynamically growing countries in East Asia This book provides coverage
of crucial industrial sectors in the Thai economy comparisons between the past and the present Thai economy and a variety
of studies aiming to explain the behaviour of Thai executives and consumers A comprehensive approach to the globalisation
of Thai executives and companies Written by a variety of industry and academic specialists Avoids academic jargon in
