**Edwin Scott Gaustad, Mark A.
Noll, Heath W. Carter**

Making Of An American The:

The Making of an American Ram Galindo,2006 The Making of an American Martin Himler,2024-01-12 Martin Himler emigrated from Hungary to America in 1907 and he arrived in New York City with no money and no plan other than to find work From these impoverished beginnings Himler persevered to become a self made new American As a coal mining entrepreneur he established the Himler Coal Company a bold experiment in a worker owned mine founded the small town of Himlerville Kentucky a town almost completely populated by Hungarian immigrants and founded and edited a weekly newspaper the Magyar B ny szlap Hungarian Miners Journal During WWII Himler was called by the United States government to work for the Office of Strategic Services OSS Colonel Himler arrested more than 300 Nazi war criminals and interrogated 40 himself Himler s autobiography tells in Himler s own words his life story as it evolves into the American dream wherein hard work results in success Himler captivates readers from his earliest memories of his childhood in Hungary to his experiences with the OSS Following Himler s death the manuscript of the autobiography was passed down among Himler family members and then donated to the Martin County Historical and Genealogical Society Inez Kentucky in 2007 Editor Cathy Cassady Corbin s annotations enhance Himler s words while the introduction by scholar Doug Cantrell provides historical context for Himler s migration to Appalachia Finally Charles Fenyesi s foreword analyzes Himler s courageous OSS work **The Making of an American** Jacob A. Riis,2019-12-03 In *The Making of an American* Jacob A Riis intricately weaves together a compelling narrative that melds autobiography with social commentary chronologically tracing his journey from a humble Danish immigrant to a pioneering social reformer in the United States Riis employs vivid imagery and candid anecdotes capturing the stark realities of life in New York City s tenements His unflinching style not only illuminates the struggles of the urban poor in the late 19th century but also utilizes elements of realism reflecting the broader social tensions and aspirations that characterized the American landscape during this transformative period Jacob A Riis 1849 1914 was a journalist social reformer and photographer whose own experiences as an immigrant profoundly shaped his worldview His work in social reform was largely influenced by the harsh conditions he witnessed in urban America which he sought to expose through his writings and photographs Riis s dedication to improving living conditions for the impoverished was pivotal to the progressive movement and his firsthand accounts serve as critical historical documentation of the time I wholeheartedly recommend *The Making of an American* for readers who are interested in the immigrant experience the social fabric of 19th century America and the transformative power of rhetoric in promoting social change Riis s narrative is not just a personal history it is a clarion call for empathy and action that resonates with contemporary dialogues on immigration and social justice **God's Interpreters: The Making of an American Mission and an African Church** Les Switzer,2023-10-20 This study of the pioneer mission to the Zulu people differs from others in South African mission studies by offering a more nuanced understanding of the relationship between mission and church

during the formative stages in the making of an African Christian community both in America and in British Natal. Critical scholars continue to view the Western mission enterprise as an adjunct if not a tool of colonialism or at best a clash of cultures between white mission powerbrokers and powerless black Christian acolytes. The author argues that they were partners from the beginning and in this endeavor the Christian identities of the missionaries as well as the Zulu were changed forever.

The Making of an American Jacob August Riis, 1970-01-01

Gertrude Stein and the Making of an American Celebrity Karen Leick, 2013-05-13 This book is a cultural history of Stein's rise to fame and the function of literary celebrity in America from 1910 to 1935. By examining not the ways that Stein portrayed the popular in her work but the ways the popular portrayed her, this study shows that there was an intimate relationship between literary modernism and mainstream culture and that modernist writers and texts were much more well known than has been previously acknowledged. Specifically, Leick reveals through the case study of Stein that the relationship between mass culture and modernism in America was less antagonistic, more productive and integrated than previous studies have suggested.

The Making of an American Thinking Class Darren Staloff, 2001 This pathbreaking study offers a radical new interpretation of the political, religious, and intellectual history of Puritan Massachusetts. More than simply a theologically inspired Biblical commonwealth, the church state of the Bay Colony was a seventeenth-century one-party state where congregations served as ideological cells.

The Making of an American Senate Elaine K. Swift, 2002 How institutional change occurred in the early American Senate.

Portrait of a Novel: Henry James and the Making of an American Masterpiece Michael Gorra, 2012-08-27 Finalist for the Pulitzer Prize, Finalist for National Book Critics Circle Award, Biography One of the Best Books of 2012, The New Yorker, Wall Street Journal, Guardian, The Millions, Kirkus Reviews, Boston Phoenix. A revelatory biography of the American master as told through the lens of his greatest novel, Henry James' 1881 *Portrait of a Lady*. 1881 Gorra, an eminent literary critic, shows how this novel, the scandalous story of the expatriate American heiress Isabel Archer, came to be written in the first place. Traveling to Florence, Rome, Paris, and England, Gorra sheds new light on James's family, the European literary circles of George Eliot, Flaubert, and Turgenev in which James made his name, and the psychological forces that enabled him to create this most memorable of female protagonists. Appealing to readers of Melville's *The Metaphysical Club* and McCullough's *The Greater Journey*, *Portrait of a Novel* provides a brilliant account of the greatest American novel of expatriate life ever written. It becomes a piercing detective story on its own.

Architects of an American Landscape Hugh Howard, 2022-01-25 A dual portrait of America's first great architect, Henry Hobson Richardson, and her finest landscape designer, Frederick Law Olmsted, and their immense impact on America. As the nation recovered from a cataclysmic war, two titans of design profoundly influenced how Americans came to interact with the built and natural

world around them through their pioneering work in architecture and landscape design Frederick Law Olmsted is widely revered as America's first and finest parkmaker and environmentalist the force behind Manhattan's Central Park Brooklyn's Prospect Park Biltmore's parkland in Asheville dozens of parks across the country and the preservation of Yosemite and Niagara Falls Yet his close friend and sometime collaborator Henry Hobson Richardson has been almost entirely forgotten today despite his outsized influence on American architecture from Boston's iconic Trinity Church to Chicago's Marshall Field Wholesale Store to the Shingle Style and the wildly popular open plan he conceived for family homes Individually they created much beloved buildings and public spaces Together they married natural landscapes with built structures in train stations and public libraries that helped drive the shift in American life from congested cities to developing suburbs across the country The small reserved Olmsted and the passionate Falstaffian Richardson could not have been more different in character but their sensibilities were closely aligned In chronicling their intersecting lives and work in the context of the nation's post war renewal Hugh Howard reveals how these two men created original all American idioms in architecture and landscape that influence how we enjoy our public and private spaces to this day **The Making of an American** Jacob August Riis, 1901 [The Making of Modern America](#) Gary A. Donaldson, 2012-10-18 The Making of Modern America introduces students to the cultural social and political paths the United States has traveled from the end of WWII to the present day While deftly cataloguing the sweeping changes and major events in America from Dewey Defeats Truman through the election of our first black President this newly updated edition never loses touch with that American history taking place at the level of the people This edition details not just the United States rich cultural history but elegantly repositions it as integral to our understanding of any portion of this country's past Donaldson provides a factual foundation for students and then pushes them to interpret those facts framing the discussions essential to any complete study of American history The Making of Modern America Second Edition is updated to include A new chapter titled The Second Bush and Obama From the War on Terrorism to the Audacity of Hope updating readers on the calamitous end to President George W Bush's second term the Obama administration's first term challenges and the Great Recession Newly revised readings each profiling an historical event speech or figure Lee Harvey Oswald to Bill Gates to Condoleezza Rice at the conclusion of each chapter **Exposing Hidden Worlds** Michael Burgan, 2017-07-01 President Theodore Roosevelt called Jacob Riis the best American I ever knew The pioneering photojournalist an immigrant from Denmark drew attention to the poverty and evils of slum life in the late 1800s Riis won national acclaim when his photos illustrated his bestselling book How the Other Half Lives The book focused on the difficult time immigrants faced as thousands of newcomers flooded into the United States each year Riis called for reform and hoped to prod government officials to help the poor people who were forced to live under horrible conditions The impact of Riis photos came from capturing the poor and homeless as they lived and worked with the subjects eyes often staring directly into the camera The great photographer Ansel Adams called them magnificent

achievements in the field of humanistic photography But the reforms that came from Riis work have not eliminated urban poverty and homelessness and important work remains to be done

Hispanic Americans in Congress, 1822-2012 Congress,2014-04-14 A compilation of historical essays and short biographies about 91 Hispanic Americans who served in Congress from 1822 to 2012 Provided by publisher

Portrait of an American Rabbi: In His Own Words Rabbi Lance J. Sussman Ph.D.,2023-06-14 It is important to bear in mind that Sussman has also been a true credit to the Reform rabbinate He has taught thousands of congregants over the decades He imparted his love for the Jewish people and its past from the pulpit under the marriage canopy and even at the funeral bier These attainments must never be minimized or overlooked One of Isaac Mayer Wise s students memorialized a noteworthy incident that occurred during a class that Wise was teaching Wise suddenly began to feel ill and decided to end the class early As Wise began to step down from his teaching platform a well meaning rabbinical student jumped up from his seat grabbed his teacher s arm and said May I help you down Doctor The famous rabbi shifted his glance and said in a voice loud enough for the rest of the class to hear Never help a person down my boy a rabbi must always help people up This is how Rabbi Dr Sussman has led in the various communities he served over the past four decades He has been a learned rabbi who never lost sight of his obligation to help people up Rabbi Dr Gary P Zola Executive Director Emeritus American Jewish Archives Ackerman Family Distinguished Professor HUC JIR From To The Readers written for the AJA Festschrift in honor of Rabbi Dr Lance J Sussman 2024

George Washington Barbara J. Mitnick,William S. Ayres,1999 It is also an image that has resisted fundamental revision over the course of two centuries because of the force of Washington s character the clarity of his political purposes and the intensity of his charisma

1877 Michael A. Bellesiles,2010-08-10 A powerful examination of a nation trying to make sense of the complex changes and challenges of the post Civil War era Carol Berkin author of A Brilliant Solution Inventing the American Constitution In 1877 a decade after the Civil War not only was the United States gripped by a deep depression but the country was also in the throes of nearly unimaginable violence and upheaval marking the end of the brief period known as Reconstruction and reestablishing white rule across the South In the wake of the contested presidential election of 1876 white supremacist mobs swept across the South killing and driving out the last of the Reconstruction state governments A strike involving millions of railroad workers turned violent as it spread from coast to coast and for a moment seemed close to toppling the nation s economic structure Celebrated historian Michael A Bellesiles reveals that the fires of that fated year also fueled a hothouse of cultural and intellectual innovation He relates the story of 1877 not just through dramatic events but also through the lives of famous and little known Americans alike A superb and troubling book about the soul of Modern America William Devereil director of the Huntington USC Institute on California and the West A bold insightful book richly researched and fast paced Bellesiles vividly portrays on a single canvas the violent confrontations in 1877 Alfred F Young coeditor of Revolutionary Founders Rebels Radicals and Reformers in the Making of the Nation A wonderful read that is sure to appeal to those

interested in the challenges of creating a post Civil War society Choice The Making of an American ,1901 **Rough Writing** Aviva F. Taubenfeld,2008-11-01 As the United States struggled to absorb a massive influx of ethnically diverse immigrants at the turn of the twentieth century the question of who and what an American is took on urgent intensity It seemed more critical than ever to establish a definition by which Americanness could be established transmitted maintained and judged Americans of all stripes sought to articulate and enforce their visions of the nation s past present and future central to these attempts was President Theodore Roosevelt Roosevelt fully recognized the narrative component of American identity and he called upon authors of diverse European backgrounds including Israel Zangwill Jacob Riis Elizabeth Stern and Finley Peter Dunne to promote the nation in popular written form With the swell and shift in immigration he realized that a more encompassing national literature was needed to express and guide the soul of the nation Rough Writing examines the surprising place and implications of the immigrant and of ethnic writing in Roosevelt s America and American literature

A Documentary History of Religion in America Edwin Scott Gaustad,Mark A. Noll,Heath W. Carter,2018 Students and scholars have long turned to the two volume Documentary History of Religion in America for access to the most significant primary sources relating to American religious history Published here in a single volume for the first time the work in this fourth edition has been both updated and condensed allowing instructors to more easily use the material in one semester
