Making Of The Labor Party In New South Wales 1880 199:

Histories of a Radical Book Antoinette Burton, Stephanie Fortado, 2020-11-01 For better or worse E P Thompson's monumental book *The Making of the English Working Class* has played an essential role in shaping the intellectual lives of generations of readers since its original publication in 1963 This collected volume explores the complex impact of Thompson's book both as an intellectual project and material object relating it to the social and cultural history of the book form itself an enduring artifact of English history **APAIS 1991: Australian public affairs information service** , Australian Labour History Greg Patmore, 1991 *Labour History* , 2007 **Inventing Australia** Richard White, 2020-07-28 White sets himself a most ambitious task and he goes remarkably far to achieving his goals Very few books tell so much about Australia with elegance and concision as does his Professor Michael Roe Stimulating and informative an antidote to the cultural cringe Canberra Times To be Australian what can that mean Inventing Australia sets out to find the answers by tracing the images we have used to describe our land and our people the convict hell the workingman's paradise the Bush legend the typical Australian from the shearer to the Bondi lifesaver the land of opportunity the small rich industrial country the multicultural society The book argues that these images rather than describing an especially Australian reality grow out of assumptions about nature race class democracy sex and empire and are invented to serve the interests of particular groups There have been many books about Australia's national identity this is the first to place the discussion within an historical context to explain how Australians' views of themselves change and why these views change in the way they do Policy-Making in Britain Maurice Mullard, 2005-08-04 The book provides a broad based introduction to policy making in Britain exploring the legacy of the Thatcher era and charting the new context of policy making in the 1990s The authors examine the policy process within its ideological political and economic context discussing both the influence of Europe and the influence of local government Having established a broad framework for analysis the book focuses on a selection of particular policy areas public expenditure the NHS Next Steps water privatisation pensions education and immigration The aim of the book is to give a sense of the actual dynamics of policy making and to encourage students to think about the likely outcomes of policy change while making the connections between British public policy and the environment in which it is shaped
