Lyman, 2016-10-26 Drugs in Society Causes Concepts and Control Eighth Edition focuses on the many critical areas of America's drug problem providing a foundation for rational decision making within this complex and multidisciplinary field Lyman offers a comprehensive big picture examination of the US drug problem dealing with drugs abusers drug enforcement and public policy Organized in three sections Understanding the Problem Gangs and Drugs and Fighting Back topics covered include the business of drugs and the role of organized crime in the drug trade drug legalization and decriminalization legal and law enforcement strategies an analysis of the socialization process of drug use and abuse and a historical discussion of drug abuse that puts the contemporary drug problem into perspective Suitable for upper level undergraduates in Criminal Justice Criminology and related programs Drugs in Society Eighth Edition uses logical organization and strong pedagogy case studies focused text boxes with related information critical thinking tasks to support learning objectives     **What Works** United States. Congress. Senate. Committee on the Judiciary, 1997     **DARE to Say No** Max Felker-Kantor, 2024-02-14 With its signature DARE to keep kids off drugs slogan and iconic t-shirts DARE Drug Abuse Resistance Education was the most popular drug education program of the 1980s and 1990s But behind the cultural phenomenon is the story of how DARE and other antidrug education programs brought the War on Drugs into schools and ensured that the velvet glove of antidrug education would be backed by the iron fist of rigorous policing and harsh sentencing Max Felker Kantor has assembled the first history of DARE which began in Los Angeles in 1983 as a joint venture between the police department and the unified school district By the mid 90s it was taught in 75 percent of school districts across the United States DARE received near universal praise from parents educators police officers and politicians and left an indelible stamp on many millennial memories But the program had more nefarious ends and Felker Kantor complicates simplistic narratives of the War on Drugs He shows how policing entered US schools and

framed drug use as the result of personal responsibility moral failure and poor behavior deserving of punishment rather than something deeply rooted in state retrenchment the abandonment of social service provisions and structures of social and economic inequality     **Reauthorization of the Substance Abuse and Mental Health Services Administration** United States.
