## **Making Faith Sense:**

**Making Faith-sense** Robert L. Kinast, 1999 Making faith sense is a new term for an ancient practice It is what the early Christians called mystical or wisdom theology understanding life in the light of God's participation recorded in the Gospels recognizing the signs of God's presence in everyday events and shaping one's life accordingly In Making Faith Sense Robert Kinast shows all who seek to unify their life experience around their belief in God how to follow that ancient practice Drawing upon the award winning process he has used with students for the ministry Father Kinast explains how to make sense of family work and cultural experience from the perspective of Christian faith Each chapter contains numerous real life examples and practical guidelines that can be used privately or with a group Making Faith Sense begins with a discussion of wisdom theology and its revival in modern times highlighting the turn to experience that characterizes feminist liberation and inculturated theologies The methods for making faith sense embrace three main components experience reflection and action The first section describes what is meant by experience the value of narrating it how to analyze it and what to pay attention to so that experience will reveal its theological meaning The second section explains the role of reflection its similarity to prayer techniques for connecting experience to theological tradition and the most useful theological resources for making faith sense The third section affirms the importance of putting reflection into practice of ensuring that action flows from reflection of planning and evaluating the effect of one's practice and of using practice as the starting point for continuing the process of making faith sense Examples from work family and cultural life are used throughout to provide illustrations of these general points A concluding chapter summarizes the reemergence of practical theology since the 1980s as an effort of church communities to make faith sense of their collective lives Chapters are What Is Faith Sense How to Make Faith Sense Getting Started How to Make Faith Sense The Heart of the Matter and Enacting Faith Sense The Culmination of the Process Robert L Kinast PhD is a pastoral theologian specializing in the field of theological reflection Through the publications and services of the Center for Theological Reflection Indian Rocks Beach Florida he contributes to the ministry training programs of many denominations in the United States and Canada Father Kinast is the author of the Vatican II Act II series and Let Ministry Teach published by Liturgical Press

**Making Faith Magnetic** Daniel Strange, 2021-10-01 How to talk about Jesus in a way that connects with modern culture As followers of Jesus we know that the good news is deeply attractive But we often fear that to those on the outside it comes across as irrelevant or even repellent Sometimes the Christian worldview feels so out of step with everything else going on that we don't know how to share our faith However author Daniel Strange wants to show you that the connections are there in fact the longings that our culture cannot help but express are the very ones that Jesus fulfils Building on the

work of theologian J H Bavinck Dan reveals five recurring themes that our culture can't stop talking about or as he puts it the five permanent itches that in our work rest and play we have to vigorously scratch From TV to books to social media these are the questions we can't stop asking and the tensions we can't stop wrestling with and Jesus speaks powerfully into each one This book will help you to spot these connections in our culture excite you about how Jesus makes sense of humankind's deepest questions and longings apply them to your own life first and then equip you to speak of him to others in a way that is truly magnetic Dan Strange has written another terrific down to earth book to help believers engage in fruitful conversations with friends about faith Dr Timothy Keller who has also written the foreword to this book

Stuart-Buttle,2013-07-29 Online learning is a key feature of the contemporary educational landscape and has entered mainstream policy provision and practice But if online education is to reach mature development and evaluation it must be open to critical appraisal This book considers the implementation of online learning within adult theological education This can be an area of challenge or contention especially when established academic practices and cherished values are seen as threatened when handed over to online delivery This opens questions about theology pedagogy and online education Does online teaching and learning bring or demand a new or transformed disruptive pedagogy or does it result in maintenance or replication sustaining of traditional values and existing practices What might the opportunities and benefits be Who stands to gain Who stands to lose And what evidence is there to evaluate the quality of doing theology online This book examines a long standing programme of continuing professional development delivered fully online to adult practitioners working across Christian education and ministry settings It builds upon the author s international experience as an online educator for over a decade Key themes relate adult learning to theological pedagogy authority and online community The concept of interruptive pedagogy is presented as an interpretative model to critically appraise an approach to online education that draws on the best theological tradition yet also looks to the future      **How to Make Your Faith Work!** Chris Oyakhilome,2007

*Sexual Ethics* Todd A. Salzman,Michael G. Lawler,2012-05-18 Two principles capture the essence of the Catholic tradition on sexual ethics that each and every marriage act must remain open to the transmission of life and that any human genital act must occur within the framework of marriage In the Catholic tradition moral sexual activity is institutionalized within the confines of marriage and procreation and sexual morality is marital morality But theologians Todd Salzman and Michael Lawler contend that there is a disconnect between many of the Church s absolute sexual norms and other theological and intellectual developments explicitly recognized and endorsed in the Catholic tradition especially since the Second Vatican Council These developments include the shift from a primary static worldview to a historically conscious worldview one that recognizes reality as dynamic evolving changing and particular By employing such a historically conscious worldview alternative claims about the moral legitimacy of controversial topics such as contraception artificial reproduction and homosexual marriage can faithfully emerge within a Catholic context Convinced of the central role that love desire and fertility play in a human life and also in the life of Christian discipleship the authors propose an understanding of sexuality that leads to the enhancement of human sexual relationships and flourishing This comprehensive introduction to

Catholic sexual ethics complete with thought provoking study questions at the end of each chapter will be sure to stimulate dialogue about sexual morality between Catholic laity theologians and the hierarchy Anyone seeking a credible and informed Catholic sexual ethic will welcome this potentially revolutionary book *Making Our Way to Shore* Eileen O'Farrell,2004

Since 1991 members of the Jewish Catholic Couples Dialogue Group in Chicago have celebrated a combination Hebrew Baby Naming and Baptism ceremony as they welcome their children into the world with the support and participation of a Catholic Priest and Reform Rabbi These ceremonies are spiritual moments created in the spirit of finding new pathways for interfaith families to share in their religious traditions For some couples their ceremony makes a statement about the religious identity of their child either in one tradition or another For others it is an expression of thanks to God for new life and the wish to ask for God s blessing on their family In either case the celebration is an authentic manifestation of a Divine presence in their new family In addition to the ceremony this text includes an overview of the current literature regarding Catholic Jewish families a review of Hebrew Rites of Initiation as well as a short course on Catholic sacramentality and Baptism commonly asked questions and answers facing Catholic Jewish couples a lively conversation between a Rabbi and a Priest regarding rites of initiation a resource section of books and websites and a closing chapter on topics of family faith formation [Faith Can Move Mountains](#) Tina Pitamber,2025-08-31
