Donhardt, 2007 With the death of Abraham Lincoln on April 15 1865 Andrew Johnson was plunged into a national political morass Johnson a Southern Democrat and advocate of states rights had been chosen as Lincoln s second term running mate Now as Lincoln s successor he faced a most difficult trial a divisiveness that threatened to undo the fabric of a nation desperately trying to mend itself after a great civil strife For this self educated tailor from the hills of Tennessee it would prove to be a formidable task Albeit no stranger to national politics Johnson was ill prepared for this sudden change of fortune Absent from Washington since 1862 he had limited political allies and little ability to foster new ones Adding to his difficulties he was a Democrat serving in a Republican administration and a Southerner in the midst of a victorious North It would have been a daunting task for the ablest of politicians nearly impossible for one lacking political acumen Taking the helm as the 17th President of the United States Johnson continued Lincoln s effort to reconstruct the Union following the Civil War While Congress was in recess he began his restoration process by pardoning many ex Confederates who were willing to take the oath of allegiance and by allowing the Southern states to re establish their governments But there were radical elements in Congress who bitterly opposed

Johnson's approach to Reconstruction They objected to his rapidity in bringing the former Confederate states back into the Union and his reluctance to support suffrage for the freed slaves Likely even Lincoln would have butted up against the same obstacles but Johnson lacked his predecessor's finesse and soon found himself on a collision course with Congress Andrew Johnson learned his craft as a politician as he rose from alderman in an Eastern Tennessee village to president of the United States The Constitution was his fundamental authority and ultimate resource on all questions of state He was an ardent stump speaker and was quite adept at power politics in the halls of Congress Yet as the Chief Executive he showed such little political skill in assessing opposition and conquering obstacles during Reconstruction that the party that put him in the White House ultimately turned from him and he was forced to defend his actions before the bar of the Senate in the country's first presidential impeachment trial Throughout the journey the Tennessee Tailor born in abject poverty fashioned himself as a man of the people He always held a strong empathy for the common man and equally strong antipathy for members of the aristocracy Having come from the lower class mudsill as he referred to himself he carried a deep compassion for the labourer in the workshop as well as the farmer the field This book presents the story of this president

Columbia Studies in the Social Sciences, 1915 The Park Review, 1902 **Washington Brotherhood** Rachel A. Shelden, 2013-12-16 Traditional portrayals of politicians in antebellum Washington D C describe a violent and divisive society full of angry debates and violent duels a microcosm of the building animosity throughout the country Yet in Washington Brotherhood Rachel Shelden paints a more nuanced portrait of Washington as a less fractious city with a vibrant social and cultural life Politicians from different parties and sections of the country interacted in a variety of day to day activities outside traditional political spaces and came to know one another on a personal level Shelden shows that this engagement by figures such as Stephen Douglas John Crittenden Abraham Lincoln and Alexander Stephens had important consequences for how lawmakers dealt with the sectional disputes that bedeviled the country during the 1840s and 1850s particularly disputes involving slavery in the territories Shelden uses primary documents from housing records to personal diaries to reveal the ways in which this political sociability influenced how laws were made in the antebellum era Ultimately this Washington bubble explains why so many of these men were unprepared for secession and war when the winter of 1860-61 arrived
