Midnight Dreary The Mysterious Death Of Edgar Allan Poe:

Midnight Dreary John Evangelist Walsh, 2000-05-05 The 150th anniversary of the greatest Edgar Allen Poe mystery of all his death is finally put to rest

The Afterlife of Edgar Allan Poe Scott Peeples, 2007 Scott Peeples here examines the many controversies surrounding the work and life of Poe shedding light on such issues as the relevance of literary criticism to teaching the role of biography in literary study and the importance of integrating various interpretations into one's own reading of literature

Poe and Place Philip Edward Phillips, 2018-10-23 This collection of fifteen original essays and one original poem explores the theme of place in the life works and afterlife of Edgar A Poe 1809 1849 Poe and Place argues that place is an important critical category through which to understand this classic American author in new and interesting ways The geographical places examined include the cities in which Poe lived and worked specific locales included in his fictional works imaginary places featured in his writings physical and imaginary places and spaces from which he departed and those to which he sought to return places he claimed to have gone and places that have embraced him as their own The geo critical and geo spatial perspectives in the collection offer fresh readings of Poe and provide readers new vantage points from which to approach Poe's life literary works aesthetic concerns and cultural afterlife

A Mystery of Mysteries Mark Dawidziak, 2023-02-14 An Agatha Edgar Anthony Macavity and Ohioana Award nominee A Mystery of Mysteries is a brilliant biography of Edgar Allan Poe that examines the renowned author's life through the prism of his mysterious death and its many possible causes It is a moment shrouded in horror and mystery Edgar Allan Poe died on October 7 1849 at just forty in a painful utterly bizarre manner that would not have been out of place in one of his own tales of terror What was the cause of his untimely death and what happened to him during the three missing days before he was found delirious and in great distress on the streets of Baltimore wearing ill fitting clothes that were not his own Mystery and horror Poe who remains one of the most iconic of American writers died under haunting circumstances that reflect the two literary genres he took to new heights Over the years there has been a staggering amount of speculation about the cause of death from rabies and syphilis to suicide alcoholism and even murder But many of these theories are formed on the basis of the caricature we have come to associate with Poe the gloomy eyed grandfather of Goth hunched over a writing desk with a raven perched on one shoulder drunkenly scribbling his chilling masterpieces By debunking the myths of how he lived we come closer to understanding the real Poe and uncovering the truth behind his mysterious death as a new theory emerges that could prove the cause of Poe's death was haunting him all his life In a compelling dual timeline narrative alternating between Poe's increasingly desperate last months and his brief but impactful life Mark Dawidziak sheds new light on the enigmatic master of macabre

The Souls Close to Edgar Allan Poe Sharon Pajka, 2023-08-21 Journey to the burial places of the people who lived in Poe's world Edgar Allan Poe considered himself a Virginian Credited with originating the modern detective story developing Gothic horror tales and writing the precursor to science fiction Poe worked to elevate Southern literature He lived in the South most

of his life died in Baltimore and made his final home in Richmond His family and many of his closest associates were southerners Visit the graves of the people with whom he worked and socialized who he loved and at times loathed and gain a fuller understanding of Poe s life These were individuals who supported inspired and challenged him and even a few who attempted to foil his plans Professor and cemetery historian Sharon Pajka tells their stories **Fallen Angel** Robert Morgan,2023-11-15 Over 170 years after his death Edgar Allan Poe remains a figure of enduring fascination and speculation for readers scholars and devotees of the weird and macabre In **Fallen Angel** acclaimed novelist and poet Robert Morgan offers a new biography of this gifted complicated author Focusing on Poe s personal relationships Morgan chronicles how several women influenced his life and art Eliza Poe his mother died before he turned three but she haunted him ever after The loss of Elmira Royster Shelton his first and last love devastated him and inspired much of his poetry Morgan shows that Poe known for his gothic and supernatural writing was also a poet of the natural world who helped invent the detective story science fiction analytical criticism and symbolist aesthetics Though he died at age forty Poe left behind works of great originality and vision that **Fallen Angel** explores with depth and feeling **The Annotated Poe** Edgar Allan Poe,2015-10-26 Presents a selection of Poe s tales and poems with in depth marginal notes elucidating his sources obscure words and passages and literary biographical and historical allusions **On Becoming a Bostonian** Baraska Baskad,2006-06-09 This short story book is divided into two parts the first and longer part of which is about growing up in the baby boomer generation and coming of age in the City of Boston whilst the second part is about the city itself its history character personality and nuances Other than this division chronological sequence is only incidental so the story reading can be done without having to be overly concerned with paying attention to special sequence as each story while related to the theme has its own stand alone merit while at the same time still being part of a compilation Each tale is a slice of the pie or rather a sliver of the pie of the city to get a feel for it and that is what this book is all about a nostalgic reminiscent short story book of tales set in the City of Boston as well as in the second part a guide for the newcomer as to what to expect in a city of which so much has been written it can be difficult to separate fact from fiction Boston the untold story What is the city all about What was it like coming of age in the Boston baby boomer generation What is a Bostonian What makes a Bostonian tick Baraska tackles these questions head on as well as a myriad of others as a lifelong resident Bostonian and takes you inside Americas oldest and most historical walking city With his hands on the pulse of the city at a major metropolitan newspaper Baraska takes you inside this hub city to fill in the blanks as he unveils the nuances of this the Capital Bay City of New England and whilst the many guides on Boston do a fine job Baraska states they may not tell you when the red light turns green GO immediately before the horns start to blow or how to really get the the bargains at Filenes Basement What NOT to ask a Bostonian Baraska advises as well as what a resident does like to commiserate about How NOT to act in Boston to avoid native disapprobation What NEVER to do in Boston if you dont want to end up like General George Armstrong Custer where

to sit at Fenway Park and who sells the best hot dogs From coming of age in a scholarly city to looking at a New Yorkers view of Beantown Baraska not only raises the questions but gives the answer unabashedly e g When queried about why the Pilgrims came here in the first place and landed at Plymouth Rock in 1620 Baraska counterpunches with his own query that the Pilgrims first destination was Holland before coming here couldnt they get along there either he muses And was it not these same Puritans who came here for a purer Anglican religion hence the name and religious freedom who publicly executed Mary Dyer on the Boston Common because she was of the different Quaker religion As for the Boston Tea Party Baraska not incidentally suggests the 342 crates of British Tea dumped into Boston Harbor on the evening of December 16 1773 may have been driven more by economic concerns than patriotism since the imported British product was underselling the tea produced in the Colonies And certainly blaming it on the Indians was less than a noble deed for the defiant colonists Ben Franklin in any case Baraska points out wasnt impressed and offered to assuage the enraged British Crown by paying them back for the cost of the tea dumped into the harbor And whilst Baraska praises the brilliant copper and silversmith he was his copper was used in the making of the State House Dome he does raise the specter of possibility that Paul Reveres famous ride on that fateful evening of April 18 1775 may have been driven in part as a desire for a break in the baby sitting of his 16 children as well as by Colonial Militia patriotic concerns Heroes, Rogues, and Spies John Craig, 2012-04 25 historical essays on various subjects including Alexander the Great Greek Trojan War Medieval Crusades The Battle of Beecher Island The Battle of Summit Springs George A Custer Edgar Allan Poe Ali Agca Lee Harvey Oswald Sirhan Sirhan James Earl Ray Adolf Hitler Claus von Stauffenberg American Sports Celebrity Spies George S Patton James Bond Ian Fleming s Black Ops Osama bin Laden Twentieth Century Terrorism Baader Meinhof Gang Japanese Red Army June 2 Movement Tamil Tigers Black September Al Qaeda and others **A Dark Muse** Gary Lachman, 2009-09-09 The occult was a crucial influence on the Renaissance and it obsessed the popular thinkers of the day But with the Age of Reason occultism was sidelined only charlatans found any use for it Occult ideas did not disappear however but rather went underground It developed into a fruitful source of inspiration for many important artists Works of brilliance sometimes even of genius were produced under its influence In A Dark Muse Lachman discusses the Enlightenment obsession with occult politics the Romantic explosion the futuristic occultism of the fin de si e and the deep occult roots of the modernist movement Some of the writers and thinkers featured in this hidden history of western thought and sensibility are Emanuel Swedenborg Charles Baudelaire J K Huysmans August Strindberg William Blake Goethe Madame Blavatsky H G Wells Edgar Allan Poe and Malcolm Lowry
