**Tracing the Trails in the Medieval World** Albrecht

Classen, 2020-10-11 Every human being knows that we are walking through life following trails whether we are aware of them or not Medieval poets from the anonymous composer of Beowulf to Marie de France Hartmann von Aue Gottfried von Strassburg and Guillaume de Lorris to Petrarch and Heinrich Kaufringer predicated their works on the notion of the trail and elaborated on its epistemological function We can grasp here an essential concept that determines much of medieval and early modern European literature and philosophy addressing the direction which all protagonists pursue as powerfully illustrated also by the anonymous poets of Herzog Ernst and Sir Gawain and the Green Knight Dante's Divina Commedia in fact proves to be one of the most explicit poetic manifestations of the fundamental idea of the trail but we find strong parallels also in powerful contemporary works such as Guillaume de Deguileville's Plerinage de la vie humaine and in many mystical tracts

**Secret Trails and Buried Treasure** Savta Chapman, 2015-07-27 Within every human spirit there exists a special place a place where the hopes and dreams of the imagination soar unchained from the slavery of logic and the tangible physical world A place where the supernatural culture of Heaven's Kingdom is the fullest reality For some visiting this unique place is a frivolous waste of time a mental blowing of dust bunnies For others this place becomes the mountain meadow within the soul the sweeping expanse of rugged peaks wildflowers and fragrant grasses where streams of pure glacial water tumble and crash in prismatic waterfalls where the spirit runs free dancing in worship and joy It is a place where the impossible flourishes where dreams survive the inferno of reality to become the miraculous wonders that draw us forward into the Father's presence It is a spiritual journey for the spiritual pilgrim it is the place where the supernatural is the expected

reality It is a place where hardships devastations sorrow pain and peril pass through the savage cleansing fire to be transformed into a rare and priceless masterpiece of exquisite beauty If you are this kind of pilgrim on a spiritual journey come along on the secret trails to discover buried treasure in Heavens Kingdom on the earth This Book 2 is a continuation of Book 1 of the Midwife s Heritage series and continues the exciting adventure that just happens to occur in the lives of two midwives These true stories will hopefully stir up curiosity expand your vision and wonder and awaken a hunger for the things unseen that can impact the birth of each new spirit vessel exponentially It is His story written through the lives of His people This is the Midwife s Heritage one that brings Glory to God our Father and brings us closer to the Father that is our God

**Ella Grasso** Jon E. Purmont, 2013-01-01 When Ella Tambussi Grasso ran for governor of Connecticut in 1974 she had not lost an election since she was first voted into the state s General Assembly in 1952 The people of Connecticut chose her as the nation s first woman to be elected governor in her own right

the capstone of a long and successful career dedicated to public service effective government and the democratic process During her tenure as governor Grasso s leadership was tested in the face of fiscal problems state layoffs and budget shortfalls The daughter of Italian immigrants she endeared herself to her constituents during the great Blizzard of 1978 when she stayed at the State Armory around the clock to direct emergency operations and make frequent television appearances Author Jon E Purmont who served as Grasso s executive assistant when she was governor draws on his diary from that time research in Grasso s archives and interviews with Grasso s family and friends to give us a rich and intimate portrait of this political pioneer     *A Sacred Path* Jean Chaudhuri, Joyotpaul Chaudhuri, 2001 The Chaudhuris new book *A Sacred Path The Way of the Muscogee Creeks* is an important work that explains and documents the Creeks persistence as a people despite having been defrauded and dispossessed of their ancient homelands Back cover     *Derrida, Kristeva, and the Dividing Line* Juliana De Nooy, 2013-08-21 Both Jacques Derrida and Julia Kristeva have made an enormous impact throughout the humanities with their work on signification identity and difference and yet the nature of the relation between their theories seems oddly indeterminate they have sometimes been regarded as more or less indistinguishable and sometimes as incompatible This book aims at establishing precisely how Kristeva s and Derrida s writings may be articulated tracing intersections and divergences parallels and discontinuities between them But how do you compare two theories of the production of difference What conception of difference do you use to go about it Any search for a dividing line between Derrida and Kristeva already engages with their preoccupations Should the juxtaposition of these practices be conceived as a face to face confrontation or rather a gap a hiatus Could it be a dialectic or a difference Should it be thought of in terms of Kristeva s work or Derrida s Accessible and lively this book studies the theories on their own terms in terms of one another and with regard to the literary text a privileged object of their attention It demonstrates that the articulation of the theories shifts under different discursive conditions such that a Derridean reading of the relation is unlikely to coincide with a Kristevan interpretation It shows why there is no single answer to the question of how the two fit together And it investigates what is at stake in the strategic uses to which their work is put whether separately or together     *Indigeneity in the Philippines* Leah Abayao, Jimmy Fong, Carolyn Podruchny, 2025-09-30 In the Philippines the concept of Indigeneity is deeply intertwined with colonial history a pattern echoed across the globe Yet its manifestation in the Philippines bears distinct features The Philippine Indigenous Peoples Rights Act of 1997 identifies as Indigenous groups who resisted colonization Today the Philippines recognizes approximately 110 diverse Indigenous ethnic groups that are made up of 14.17 million people This book aims to show how discussions of Indigeneity in the Philippines can contribute to the conversation about global Indigeneity by highlighting the distinct circumstances of the Philippines The fourteen essays in this volume are divided into four sections Defining Indigenous Peoples and their Rights Indigenous Knowledge Colonialism and Making Identities The interdisciplinary essays touch on Indigenous peoples throughout the Philippines and beyond to diasporas Most of the essays

are rooted in northern Luzon in the Cordillera region reflecting the field's strength. A variety of theoretical insights emerge in the volume but a common thread is each essay's firm grounding in specific people, places and processes and the critical reading of source materials. The twenty-four contributors teach us that Indigeneity in the Philippines is a complex and evolving identity brought to national attention by the hard work of Indigenous communities. In the Philippines today Indigenous peoples continue to negotiate their rights, affirm their presence and advocate for their concerns. Indigenous knowledge has been flourishing in epistemologies, rituals, stories, books and educational structures. This volume of essays on Indigeneity in a nation that is known for its support of Indigenous groups is one of the first of its kind for Southeast Asia.

**William Bartram and the American Revolution on the Southern Frontier** Edward J. Cashin, 2007-02-04. In *Travels*, the celebrated 1791 account of the Old Southwest, William Bartram recorded the natural world he saw around him but rather incredibly omitted any reference to the epochal events of the American Revolution. Edward J. Cashin places Bartram in the context of his times and explains his conspicuous avoidance of people, places and events embroiled in revolutionary fervor. Cashin suggests that while Bartram documented the natural world for plant collector John Fothergill, he wrote *Travels* for an entirely different audience. Convinced that Providence directed events for the betterment of mankind and that the Constitutional Convention would produce a political model for the rest of the world, Bartram offered *Travels* as a means of shaping the new country. Cashin illuminates the convictions that motivated Bartram: that if Americans lived in communion with nature, heeded the moral law and treated the people of the interior with respect, then America would be blessed with greatness.

**Longarm #276: Longarm and the Widow's Spite** Tabor Evans, 2001-11-01. Longarm longs to send this posse a packin'. Everybody in Denver remembers the ruthless massacre at a local bank round five years back but not a living soul has seen hide nor hair of the posse since. The murderers scooted out of town with a good passel of loot and their identities unknown. But when one of them at death's door decides to come clean before the Lord and the law, deputy marshal Long uses his leads and vows to avenge the murder of the innocents. With some dirt on his targets gathered from a lonely young landlady who'll only give away one secret per night of low-down lovin', Longarm thinks he can sniff out their track. But to do this, he'll have to uncover a trail hidden under five years' worth of dust.

**The Burdens of Survival** David C. Stahl, 2003-02-28. Although still virtually unknown in the West, Oka Shōhei (1909-1988) is one of Japan's most important and influential writers and social critics. *The Burdens of Survival* is both a seminal English-language study of this preeminent literary figure and one of the first scholarly works to thoroughly examine the war literature of a major Japanese veteran author. Drawing on Robert Jay Lifton's work on traumatic experience and survivor psychology, the book tells the illuminating story of Oka's arduous journey that began with guilt-ridden survival as a prisoner of war in the Philippines and culminated some twenty-five years later in the fruitful

completion of survivor mission David C Stahl examines oka's battlefield memoirs including the established war classic *Fires on the Plain* 1952 in terms of extreme experience survivor guilt bearing witness and the inability to mourn Writing enabled oka to give cathartic expression to his haunting battlefield experience and made it possible for him to move from blame shifting to empathy and mourning The lengthy exhaustively researched historical work *The Battle for Leyte Island* 1967 1969 faithfully details the personal and collective experience of battle deprivation and loss and clarifies who and what was ultimately responsible for defeat Toward the end of this work and *Return to Mindoro Island* 1969 Ooka draws attention to the outstanding obligations owed by his countrymen to the war dead and suggests how they can be fulfilled by public confrontation learning the lessons of defeat and using them to rectify lingering social and political evils *An Apache Life-Way* Morris Edward Opler, 2018-12-05 A majority of ethnographer Morris Edward Opler's research was done on Native American groups of the American Southwest He studied specifically the Chiricahua Indians who were the subjects of one of his most famous books *An Apache Life Way* The Economic Social and Religious Institutions of the Chiricahua Indians Opler studied many Native American groups but the Apache were a main focus of his *An Apache Life Way* traces the life of an Apache year by year Rather than a history the book explains the day to day Apache experience detailing the chronological order of one's life The lifestyle described in the book is from a time before the Americans started the long era of hostile interactions with the Apache The people designated as Apache in this book are those who spoke the Apache language in the area that is now New Mexico Arizona Sonora and Chihuahua There were many smaller sub groups that populated these areas three of them different groups of the Chiricahua Apache *An Apache Life Way* is divided into several main parts Childhood Maturation Social Relations of Adults Folk Beliefs Medical Practice and Shamanism Maintenance of the Household Marital and Sexual Life The Round of Life Political Organization and Status and Death Mourning and the Underworld Each section is divided into more specific subcategories that explore each phase of life and the rituals associated with it Originally published in 1941 *An Apache Life Way* remains one of the most important and innovative studies of south western Native Americans First class in the best ethnographic tradition It fills a great gap in our anthropological knowledge and deserves to be one of the most used of American tribal records Ruth Benedict author of *Patterns of Culture* **The Reality Game, second edition** John Rowan, 2014-02-04 *The Reality Game* is for people who are or who want to be counsellors or psychotherapists It is particularly useful for those training in humanistic or integrative psychotherapy and counselling Discussing the skills and techniques used in both individual and group therapy this is an essential guide to good practices for the professional humanistic counsellor or psychotherapist and also responds to the questions most often asked by those training in these disciplines *Origins and Ends of the Mind* Christian Kerslake, Ray Brassier, 2007 *Figures of the Unconscious* 7 In *Origins and Ends of the Mind* a collection of theoretical essays by philosophers and psychoanalysts encounters are arranged between Freudian and Lacanian psychoanalysis on the one hand and attachment theory evolutionary psychology and philosophy of

mind on the other Psychoanalysts claim that states of mind are inexorably structured by children's relationships with their parents But the theory of attachment evolutionary psychology and contemporary philosophy of mind have all recently reintroduced the claim that mental development and pathology are to a large degree determined by innate factors Today Lacanian psychoanalysis most vigorously defends psychoanalytic theory and practice from the encroachment of the biomedical and cognitive sciences However classical psychoanalytic theories the Oedipus complex primary and secondary repression sexual difference and the role of symbols are being dismantled and reintegrated into a new synthesis of biological and psychological theories
