Awakening Through Dreams Nigel Hamilton,2018-05-08 Most Western approaches to dreams are limited to a psychological paradigm Building on Jung's work which was heavily influenced by the transformative model of alchemy a new multidimensional approach to the process of human transformation through dreams has been developed which recognises the interrelationship of the psychological and the spiritual and works with the mirroring body in service of both In the approach presented here dreams are seen as a mixture of worldly impressions and expressions of our individual spirit which is trying to speak to us through the metaphors and narrative of our dreams In this way the spiritual comes through the psychological dimension Though it may seem to be a contradiction our dreams hold the key to our awakening and by actively engaging with them we can unlock their potential for initiating and facilitating our own unfoldment This book is about recognising this process when it occurs in dreams and how to work with them in the service of our growth and self realisation Creative Dreaming Patricia Garfield,1995-07 With more than 250 000 copies sold this classic exploration of dreams and how to use them has been updated to reflect recent research on dreams and dreaming Visions of the Night Kelly Bulkeley,1999-09-16 This wide ranging exploration of the spiritual and scientific dimensions of dreaming offers new connections between the ancient wisdom of the world's religious traditions which have always taught that dreams reveal divine truths and the recent findings of modern psychological research Drawing upon philosophy anthropology sociology neurology literature and film criticism the book offers a better understanding of the mysterious complexity and startling creative powers of human dreaming experience For those interested in gaining new perspectives on dreaming the powers of the imagination and the newest frontiers in the dialogue between religion and science **Visions of the Night** promises to be a welcome resource **Yoga Journal** ,1980-01 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers
