**Pathways to Literacy** ,2001      *Pathways to Literacy* Trevor Cairney,1995-11-02 This text recognizes that there is no simple way to develop literacy It begins with the central premise that literacy is not simply a cognitive process but a set of social practices used in socio cultural contexts and argues that literacy learners come to school with unique social histories that need to be recognised in the programmes devised to facilitate learning Cairney claims that literacy is not a unitary social practice and suggests that there are many forms of literacy each with specific purposes and contexts in which they are used The author provides a look at the many practical classroom strategies and practices that are necessary to recognize multiple pathways to literacy      *Many Pathways to Literacy* Eve Gregory,Susi Long,Dinah Volk,2004-02-19 This unique and visionary text is a compilation of fascinating studies conducted in a variety of cross cultural settings where children learn language and literacy with siblings grandparents peers and community members Focusing on the knowledge and skills of children often invisible to educators these illuminating studies highlight how children skilfully draw from their varied cultural and linguistic worlds to make sense of new experiences The vastly experienced team of contributors provide powerful demonstrations of the generative activity of young children and their mediating partners family members peers and community members as they syncretise languages literacies and cultural practices from varied contexts Through studies grounded in home school community school nursery and church settings we see how children create for themselves radical forms of teaching and learning in ways that are not typically recognised understood or valued in schools This book will be invaluable reading for teachers teacher educators researchers and policy makers who seek to understand the many pathways to literacy and use that knowledge to affect real change in schools      *Pathways to Literacy* Michael R.
