Irish Classics Declan Kiberd, 2001 A celebration of the tenacious life of the enduring Irish classics this book by one of Irish writing s most eloquent readers offers a brilliant and accessible survey of the greatest works since 1600 in Gaelic and English which together have shaped one of the world s most original literary cultures In the course of his discussion of the great seventeenth and eighteenth century Gaelic poems of dispossession and of later work in that language that refuses to die Declan Kiberd provides vivid and idiomatic translations that bring the Irish texts alive for the English speaking reader Extending from the Irish poets who confronted modernity as a cataclysm and who responded by using traditional forms in novel and radical ways to the great modern practitioners of such paradoxically conservative and revolutionary writing Kiberd s work embraces three sorts of Irish classics those of awesome beauty and internal rigor such as works by the Gaelic bards Yeats Synge Beckett and Joyce those that generate a myth so powerful as to obscure the individual writer and unleash an almost superhuman force such as the Cuchulain story the lament for Art O Laoghaire and even Dracula and those whose power exerts a palpable influence on the course of human action such as Swift s Drapier s Letters the speeches of Edmund Burke or the autobiography of Wolfe Tone The book closes with a moving and daring coda on the Anglo Irish agreement claiming that the seeds of such a settlement were sown in the works of Irish literature A delight to read throughout Irish Classics is a fitting tribute to the works it reads so well and inspires us to read and read again *The Poetry of the Americas* Harris Feinsod, 2017-09-08 The Poetry of the Americas offers a lively and detailed history of relations among poets in the US and Latin America spanning three decades from the Good Neighbor diplomacy of World War II through the Cold War cultural policies of the late 1960s Connecting works by Martin Ad n Elizabeth Bishop Paul Blackburn Jorge Luis Borges Julia de Burgos Ernesto Cardenal Jorge Carrera Andrade Allen Ginsberg Langston Hughes Jos Lezama Lima Pablo Neruda Charles Olson Octavio Paz Heberto Padilla Wallace Stevens Derek Walcott William Carlos Williams and many others Feinsod reveals how poets of many nations imagined a poetry of the Americas that linked multiple cultures even as it reflected the inequities

of the inter American political system This account offers a rich contextual study of the state sponsored institutions and the countercultural networks that sustained this poetry from Nelson Rockefeller s Office of the Coordinator for Inter American Affairs to the mid 1960s avant garde scene in Mexico City This innovative literary historical project enables new readings of such canonical poems as Stevens s Notes Toward a Supreme Fiction and Neruda s The Heights of Macchu Picchu but it positions these alongside lesser known poetry translations anthologies literary journals and private correspondences culled from library archives across the Americas The Poetry of the Americas thus broadens the horizons of reception and mutual influence and of formal historical and political possibility through which we encounter midcentury American poetry recasting traditional categories of U S or Latin American literature within a truly hemispheric vision **Performing the Body in**

Irish Theatre B. Sweeney, 2008-02-14 This title examines the representation of the body in Irish theatre alongside the specific circumstances within which Irish theatre is performed incorporating issues of gender and embodiment and the performance of Irishness and tradition The author contextualizes the body in Irish theatre and includes in depth analysis of five key productions An Irish Literature Reader Maureen O'Rourke Murphy, James MacKillop, 2006-07-10 In a volume that has become a standard text in Irish studies and serves as a course friendly alternative to the Field Day anthology editors Maureen O'Rourke Murphy and James MacKillop survey thirteen centuries of Irish literature including Old Irish epic and lyric poetry Irish folksongs and drama For each author the editors provide a biographical sketch a brief discussion of how his or her selections relate to a larger body of work and a selected bibliography In addition this new volume includes a larger sampling of women writers *A New Ireland in Brazil*, 2008 *English Literature and the Other Languages* Ton Hoenselaars, Marius Buning, 1999 The thirty essays in this book trace how the tangentiality of English and other modes of language affects the production of English literature and investigate how questions of linguistic code can be made accessible to literary analysis **BOOKJACKET** *Twentieth-Century Ireland (New Gill History of Ireland 6)* Dermot Keogh, 2005-09-27 Professor Dermot Keogh s Twentieth Century Ireland the sixth and final book in the New Gill History of Ireland series is a wide ranging informative and hugely engaging study of the long twentieth century surveying politics administrative history social and religious history culture and censorship politics literature and art It focuses on the consolidation of the new Irish state over the course of the twentieth century Professor Keogh highlights the long tragedy of emigration its effect on the Irish psyche and on the under performance of the Irish economy He emphasises the lost opportunities for reform of the 1960s and early 70s Membership of the EU had a diminished impact due to short term and sectionally motivated political thinking and an antiquated government structure Professor Keogh looks at how the despair of the 1950s revisited the country in the 1980s as almost an entire generation felt compelled to emigrate very often as undocumented workers in the United States Professor Keogh also argues that the violence in Northern Ireland from the late 1960s was an Anglo Irish failure which was turned around only when Britain acknowledged the role of the Irish government in its resolution He extends his analysis of

the twentieth century to include a wide ranging survey of the most contentious events financial corruption child sexual abuse scandals in the Catholic Church between 1994 and 2005 Twentieth Century Ireland Table of Contents A War without Victors Cumann na nGaedheal and the Conservative Revolution De Valera and Fianna Fáil in Power 1932 1939 In the Time of War Neutral Ireland 1939 1945 Seán MacBride and the Rise of Clann na Poblachta The Inter Party Government 1948 1951 The Politics of Drift 1951 1959 Seán Lemass and the Rising Tide of the 1960s The Shifting Balance of Power Jack Lynch and Liam Cosgrave 1966 1977 Charles Haughey and the Poverty of Populism Ireland in the New Century Poetry Criticism Ellen McGeagh, Elisabeth Gellert, 2001-06 Annotation Each volume provides substantive critical essays and biographical information on four to eight major poets from all eras A cumulative title index to the entire series is published separately included in subscription Talking to the Dead Nina Witoszek, Pat Sheeran, 2022-02-22 Talking to the Dead is an essay on death and its tenacious hold on Irish culture There are few traditions in which funerary motifs have been so ubiquitous in literature popular rituals folk representations public rhetorics even constructions of place There are even fewer cultures in which funerary genres and preoccupations constitute the central thread of continuity The Irish Theatrum Mortis is not simply an obsession of writers from the bards to Beckett and Heaney Nor is it confined to contemporary Republican iconography It is to be found in the pages of the local press in acts of ritual resistance to unpopular decisions in the way in which significant public events are narrated and framed Though the funerary Ireland presented here may well yield to the new positive self image of the Celtic Tiger it is the authors contention that at the end of the twentieth century the funerary sign continues to define Irish identity For good and ill it is the centre that holds Irish Literature Maureen O'Rourke Murphy, James MacKillop, 1987 *Touchstones* Frank Shovlin, 2016 Touchstones examines the literary influences that led to John McGahern becoming Ireland's greatest fiction writer of the post war generation *History and GIS* Alexander Lünen, Charles Travis, 2012-12-05 Geographical Information Systems GIS either as standard GIS or custom made Historical GIS HGIS have become quite popular in some historical sub disciplines such as Economic and Social History or Historical Geography Mainstream history however seems to be rather unaffected by this trend More generally speaking Why is it that computer applications in general have failed to make much headway in history departments despite the first steps being undertaken a good forty years ago With the spatial turn in full swing in the humanities and many historians dealing with spatial and geographical questions one would think GIS would be welcomed with open arms Yet there seems to be no general anticipation by historians of employing GIS as a research tool As mentioned HGIS are popular chiefly among Historical Geographers and Social and Economic Historians The latter disciplines seem to be predestined to use such software through the widespread quantitative methodology these disciplines have employed traditionally Other historical sub disciplines such as Ancient History are also very open to this emerging technology since the scarcity of written sources in this field can be mitigated by inferences made from an HGIS that has archaeological data stored in it for example In most of Modern History

however the use of GIS is rarely seen The intellectual benefit that a GIS may bring about seems not be apparent to scholars from this sub discipline and others This book wants to investigate and discuss this controversy Why does the wider historian community not embrace GIS more readily While one cannot deny that the methodologies linked with a GIS follow geographical paradigms rather than historical ones the potential of GIS as a killer application for digital historical scholarship should be obvious This book brings together authors from Geography and History to discuss the value of GIS for historical research The focus however will not be on the how but on the why of GIS in history
