## **Patrick Whites Fiction:**

Patrick White's Fiction Carolyn Bliss, 1986-08-18 This study examines all eleven novels of Patrick White the great Australian writer and Nobel Prize winner It begins from the observation that major characters in his novels undergo a necessary redemptive or facilitating failure This failure paradoxically enables their success within the context of what White has called the overreaching grandeur which circumscribes human existence Evolution of this theme is traced through forty years of White s fiction from his first novel Happy Valley 1939 to his most recent work The Twyborn Affair 1979 Comprehensive in its scope this book is informed by a thorough knowledge of White s poetry plays short stories and autobiography as well as his novels It is also unique in stressing that White s world view derives from a distinctly Australian experience It thus links him to a country in which he is deeply rooted and to a heritage he continued to affirm

**Dissociation and Wholeness in Patrick White's Fiction** Laurence Steven, 1989-08-23 Patrick White is a man divided one part of him strives for permanence surety the ideal while knowing the contingent temporal realm he inhabits must inevitably undermine such striving The desire and the knowledge of its futility leads him into a misanthropic devaluation of human creative possibility and complementarily into the arbitrary use of imposed symbolic resolutions directed to an elect who can see It has been this part of White largely that criticism has been industrious in explicating if not in quite the terms I have used above But there is another part of White which

**Reading Corporeality in Patrick White's Fiction** Bridget Grogan, 2019-03-25 In Reading Corporeality in Patrick White s Fiction An Abject Dictatorship of the Flesh Bridget Grogan combines theoretical explication textual comparison and close reading to argue that corporeality is central to Patrick White s fiction shaping the characterization style narrative trajectories and implicit philosophy of his novels and short stories Critics have often identified a radical disgust at play in White s writing claiming that it arises from a defining dualism that posits the purity of the disembodied spirit in relation to the pollution of the material world Grogan argues convincingly however that White s fiction is far more complex in its approach to the body Modeling ways in which Kristevan theory may be applied to modern fiction her close attention to White s recurring interest in physicality and abjection draws attention to his complex questioning of metaphysics and subjectivity thereby providing a fresh and compelling reading of this important world author

**Laden Choirs** Peter Wolfe, 2014-07-15 In 1973 the Australian novelist Patrick White won the Nobel Prize for Literature the year that his great novel of family ties and change The Eye of the Storm was published and became a bestseller in America and Europe Yet White is still not widely known or read and few writers of today have provoked so many contradictory judgments Now Peter Wolfe has written the first book length study of the work of this brilliant and haunting novelist The study offers a subtle penetrating examination of White s style his skill in building narrative tension and also the depth and complexity reflected in his characterization which in his novels always dominates action Fittingly for a writer

whose novels bear the indelible stamp of Australia the study also examines White's psychological use of setting and the intense sense of place found in his work No other critical study of White covers such a broad range of his writing Peter Wolfe considers here the entire canon of the novels *The Tree of Man* *Voss* *The Vivisector* *The Eye of the Storm* *A Fringe of Leaves* and *The Twyborn Affair* White's most recent novel are all discussed White's themes and settings range from the power and immensity of the wilderness of the Australian outback to the dislocations wrought in traditional values by postwar industrialization and urban sprawl *Laden Choirs* makes accessible to an American audience a writer of the first rank whose work lies at the heart of modernist concerns Literary students and scholars who wish to explore the world of Patrick White will find this book an essential key

**Patrick White** Mark Williams, 1993 This critical study considers Patrick White's 12 published novels and traces the connections between his life and work The novels from *The Aunt's Story* to *Memoirs of Many in One* are considered in terms of a number of overlapping contexts White's ambivalence about sexuality nationality and modernity his evolving sense of the possibilities of the novel as a form and the continuing presence of the themes experiments and influences of the 1930s shaping his mature fiction

**Patrick White's Fiction** Carolyn Bliss, 1986
