Davis, 1998 *Paul Robeson Jr Speaks* Paul Robeson Jr., 1997-02 Robeson argues that the controversy about multiculturalism is in fact a struggle over the values of national culture More than a question of race and gender the debate is about whether melting pot culture should be replaced by a mosaic culture of the diverse values of America s population Sing and Shout Susan Goldman Rubin, 2020-04-07 This comprehensive biography explores the tumultuous and passionate life of activist singer and actor Paul Robeson When faced with the decision to remain silent or be ostracized Paul Robeson chose to sing shout and speak out *Sing and Shout The Mighty Voice of Paul Robeson* explores how Robeson s love of African American spirituals and deep empathy towards the suffering of others drove his long fervent mission as a civil rights activist and his career as an artist Although he was also an actor singing was Robeson s defining talent and where he could best express himself After exploring socialism Robeson was targeted by the U S government for speaking out about discrimination against African Americans and for his political views He was labeled a communist during the height of the Cold War and found himself stripped of his U S passport But Robeson never gave in and continued to perform and speak out The book is based on author Susan Goldman Rubin s extensive research including fieldwork in Harlem NY in Princeton and Somerville NJ and at Rutgers University in New Brunswick NJ Includes an author s note resources source notes index and a preface by author Harry Belafonte *Everything Man* Shana L. Redmond, 2020-01-10 Shana L Redmond traces Paul Robeson s continuing cultural resonances in popular culture and politics showing how he remains a vital force and presence for all those he inspired Blacks, Reds, and Russians Joy Gleason Carew, 2010 One of the most compelling yet little known stories of race relations in the twentieth century is the account of blacks who chose to leave the United States to be involved in the Soviet Experiment in the 1920s and 1930s In *Blacks Reds and Russians* Joy Gleason Carew offers insight into the political strategies that often underlie relationships between different peoples and countries Interviews with the descendents of figures such as Paul Robeson and Oliver Golden offer rare personal insights into the story of a group of emigrants who confronted by the daunting challenges of making a life for themselves in a racist United States found unprecedented opportunities in communist Russia AfroAsian Encounters Heike Raphael-Hernandez, Shannon Steen, 2006-11-01 With a Foreword by Vijay Prashad and an Afterword by Gary Okihiro How might we understand yellowface performances by African Americans in 1930s swing adaptations of Gilbert and Sullivan s *The Mikado* Paul Robeson s support of Asian and Asian American struggles or the absorption of hip hop by Asian American youth culture *AfroAsian Encounters* is the first anthology to look at the mutual influence of and relationships between members of the African and Asian diasporas While these two groups have often been thought of as occupying incommensurate if not opposing cultural and political positions scholars from history literature media and the visual arts here

trace their interconnections and interactions as well as the tensions between the two groups that sometimes arise AfroAsian Encounters probes beyond popular culture to trace the historical lineage of these coalitions from the late nineteenth century to the present A foreword by Vijay Prashad sets the volume in the context of the Bandung conference half a century ago and an afterword by Gary Okihiro charts the contours of a Black Pacific From the history of Japanese jazz composers to the current popularity of black Asian buddy films like Rush Hour AfroAsian Encounters is a groundbreaking intervention into studies of race and ethnicity and a crucial look at the shifting meaning of race in the twenty first century

New Frontiers in the Study of the Global African Diaspora Rita Kiki Edozie, Glenn A. Chambers, Tama Hamilton-Wray, 2018-10-01 This anthology presents a new study of the worldwide African diaspora by bringing together diverse multidisciplinary scholarship to address the connectedness of Black subject identities experiences issues themes and topics applying them dynamically to diverse locations of the Blackworld Latin America the Caribbean Africa and the United States The book underscores three dimensions of African diaspora study First is a global approach to the African diaspora showing how globalism underscores the distinctive role that Africa plays in contributing to world history Second is the extension of African diaspora study in a geographical scope to more robust inclusions of not only the African continent but also to uncharted paths and discoveries of lesser known diaspora experiences and identities in Latin America and the Caribbean Third is the illustration of universal unwritten cultural representations of humanities in the African diasporas that show the distinctive humanities disciplinary representations of Black diaspora imaginaries and subjectivities The contributing authors inductively apply these themes to focus the reader s attention on contemporary localized issues and historical arenas of the African diaspora They engage their findings to critically analyze the broader norms and dimensions that characterize a given set of interrelated criteria that have come to establish parameters that increasingly standardize African diaspora studies The Paralysis of Analysis in African American Studies Stephen Ferguson II, 2023-09-21 Stephen C Ferguson II provides a philosophical examination of Black popular culture for the first time From extensive discussion of the philosophy and political economy of Hip Hop music through to a developed exploration of the influence of the postmodernism poststructuralist ideology on African American studies he argues how postmodernism ideology plays a seminal role in justifying the relationship between corporate capitalism and Black popular culture Chapters cover topics such as cultural populism capitalism and Black liberation the philosophy of Hip Hop music and Harold Cruse s influence on the cultural turn

in African American studies Ferguson combines case studies of past and contemporary Black cultural and intellectual productions with a Marxist ideological critique to provide a cutting edge reflection on the economic structure in which Black popular culture emerged He highlights the contradictions that are central to the juxtaposition of Black cultural artists as political participants in socioeconomic struggle and the political participants who perform the rigorous task of social criticism Adopting capitalism as an explanatory framework Ferguson investigates the relationship between postmodernism as social theory current manifestations of Black popular culture and the theoretical work of Black thinkers and scholars to

Henry Epps,2012-09-04 great african american men in america history vol I talks about the great contributions of great african american men From politics economy to sports and entertainment **Philosophy of African American Studies**

Stephen Ferguson,2015-09-16 In this ground breaking book Stephen C Ferguson addresses a seminal question that is too often ignored What should be the philosophical basis for African American studies The volume explores philosophical issues and problems in their relationship to Black studies Ferguson shows that philosophy is not a sterile intellectual pursuit but a critical tool to gathering knowledge about the Black experience Cultural idealism in various forms has become enormously influential as a framework for Black studies Ferguson takes on the task of demonstrating how a Marxist philosophical perspective offers a productive and fruitful way of overcoming the limitations of idealism Focusing on the hugely popular Afrocentric school of thought this book s engaging discussion shows that the foundational arguments of cultural idealism are based on a series of analytical and historical misapprehensions In turn Ferguson argues for the centrality of the Black working class both men and women to Black Studies **Crisis of the Negro Intellectual Reconsidered** Jerry G.

Watts,2004-08-26 Thirty five years after its initial publication Harold Cruse s The Crisis of the Negro Intellectual remains a foundational work in Afro American Studies and American Cultural Studies Published during a highly contentious moment in Afro American political life The Crisis of the Negro Intellectual was one of the very few texts that treated Afro American intellectuals as intellectually significant The essays contained in Harold Cruse s The Crisis of the Negro Intellectual Reconsidered are collectively a testimony to the continuing significance of this polemical call to arms for black intellectuals Each scholar featured in this book has chosen to discuss specific arguments made by Cruse While some have utilized Cruse s arguments to launch broader discussions of various issues pertaining to Afro American intellectuals and others have contributed discussions on intellectual issues completely ignored by Cruse all hope to pay homage to a thinker worthy of continual reconsideration **Deep Mediations** Karen Redrobe,Jeff Scheible,2021-03-09 The preoccupation with depth and its relevance to cinema and media studies For decades the concept of depth has been central to critical thinking in numerous humanities based disciplines legitimizing certain modes of inquiry over others Deep Mediations examines why and how this is as scholars today navigate the legacy of depth models of thought and vision particularly in light of the surface turn and as

these models impinge on the realms of cinema and media studies The collection s eighteen essays seek to understand the decisive but evolving fixation on depth by considering the term s use across a range of conversations as well as its status in relation to critical methodologies and the current mediascape Engaging contemporary debates about new computing technologies the environment history identity affect audio visual culture and the limits and politics of human perception Deep Mediations is a timely interrogation of depth s ongoing importance within the humanities Contributors Laurel Ahnert Taylor Arnold U of Richmond Erika Balsom King s College London Brooke Belisle Stony Brook University Jinhee Choi King s College London Jennifer Fay Vanderbilt U Lisa Han UC Santa Barbara Jean Ma Stanford U Shaka McGlotten Purchase College SUNY Susanna Paasonen U of Turku Finland Jussi Parikka U of Southampton Alessandra Raengo Georgia State U Pooja Rangan Amherst College Katherine Rochester VIA Art Fund in Boston Karl Schoonover University of Warwick UK Jordan Schonig Michigan State U John Paul Stadler North Carolina State U Nicole Starosielski New York U Lauren Tilton U of Richmond

Black Celebrity, Racial Politics, and the Press Sarah J. Jackson, 2014-05-23 Shifting understandings and ongoing conversations about race celebrity and protest in the twenty first century call for a closer examination of the evolution of dissent by black celebrities and their reception in the public sphere This book focuses on the way the mainstream and black press have covered cases of controversial political dissent by African American celebrities from Paul Robeson to Kanye West Jackson considers the following questions 1 What unique agency is available to celebrities with racialized identities to present critiques of American culture 2 How have journalists in both the mainstream and black press limited or facilitated this agency through framing What does this say about the varying role of journalism in American racial politics 3 How have framing trends regarding these figures shifted from the mid twentieth century to the twenty first century Through a series of case studies that also includes Eartha Kitt Sister Souljah and Mahmoud Abdul Rauf Jackson illustrates the shifting public narratives and historical moments that both limit and enable African American celebrities in the wake of making public politicized statements that critique the accepted racial economic and military systems in the United States
