Living in Darkness John A. Corporation, 1912 **Degrees of Risk** Blake R. Silver, 2024-08-12 An ethnographic analysis of how insecurity is at the heart of contemporary higher education Institutions of higher education are often described as ivory towers places of privilege where students exist in a campus bubble insulated from the trials of the outside world These metaphors reveal a widespread belief that college provides young people with stability and keeps insecurity at bay But for many students that s simply not the case **Degrees of Risk** reveals how insecurity permeates every facet of college life for students at public universities Sociologist Blake Silver dissects how these institutions play a direct role in perpetuating uncertainty instability individualism and anxiety about the future Silver examined interviews with more than one hundred students who described

the risks that surrounded every decision which major to choose whether to take online classes and how to find funding He expertly identified the ways the college experience played out differently for students from different backgrounds For students from financially secure families with knowledge of how college works all the choices and flexibility of college felt like an adventure or a wealth of opportunities But for many others especially low income first generation students their personal and family circumstances meant that that flexibility felt like murkiness and precarity In addition he discovered that students managed insecurity in very different ways intensifying inequality at the intersections of socioeconomic status race gender and other sociodemographic dimensions Drawing from these firsthand accounts Degrees of Risk presents a model for a better university one that fosters success and confidence for a diverse range of students Wildflowers of the Boundary Waters Betty Vos Hemstad,2009 Arranged by season and including helpful as seen while hiking views this guidebook opens up a world of natural beauty for wildflower watchers in northern climes The Peerage and Baronetage of the British Empire ... Edmund Lodge,1859 **A Daily Dose of Mercy** Don Stephens,2018-11-15 And what does the LORD require of you To act justly and to love mercy and to walk humbly with your God Micah 6 8 NIV This book contains 365 short daily devotions on the theme of mercy Each day's reading will take about one minute to read and is accompanied by a short scripture passage and a gentle tug on your heart to be the light of mercy in someone's life each day because a merciful heart looks beyond its own difficulties and encourages others Written by Don Stephens bestselling author of Ships of Mercy and founder of the charity Mercy Ships which offers free surgical care to people in desperate need in Africa these daily devotional readings are inspired by the very best stories from the work of the people who volunteer on the ship But each day's reflection points to the need for mercy everywhere not just across the ocean but down the street next door and even in our very own homes *Russia Against Napoleon* Dominic Lieven,2009-10-01 A compulsive page turner a triumph of brilliant storytelling an instant classic that is an awesome remarkable and exuberant achievement Simon Sebag Montefiore Winner of the Wolfson History Prize and shortlisted for the Duff Cooper Prize In the summer of 1812 Napoleon the master of Europe marched into Russia with the largest army ever assembled confident that he would sweep everything before him Yet less than two years later his empire lay in ruins and Russia had triumphed This is the first history to explore in depth Russia's crucial role in the Napoleonic Wars re-creating the epic battle between two empires as never before Dominic Lieven writes with great panache and insight to describe from the Russians viewpoint how they went from retreat defeat and the burning of Moscow to becoming the new liberators of Europe the consequences of which could not have been more important Ultimately this book shows memorably and brilliantly Russia embarking on its strange central role in Europe's existence as both threat and protector a role that continues in all its complexity into our own lifetimes **The Registers of St. Paul's Church, Convent Garden, London** Rev. William Henry Hunt,1906 Greek Literature in Late Antiquity Scott Fitzgerald Johnson,2016-04-22 Late Antiquity has attracted a significant amount of attention in recent years As a historical period it has thus far been defined by the

transformation of Roman institutions the emergence of distinct religious cultures Jewish Christian Islamic and the transmission of ancient knowledge to medieval and early modern Europe Despite all this the study of late antique literary culture is still in its infancy especially for the Greek and other eastern texts examined in this volume The contributions here presented make new inroads into a rich literature notable above all for its flexibility and unparalleled creativity in combining multiple languages and literary traditions The authors and texts discussed include Philostratus Eusebius of Caesarea Nonnos of Panopolis the important St Polyuktos epigram and numerous others The volume makes use of a variety of interdisciplinary approaches in an attempt to provoke discussion on change Dynamism literary education Didacticism and reception studies Classicism The result is a study which highlights the erudition and literary sophistication characteristic of the period and brings questions of contextualization linguistic association and artistic imagination to bear on little known or undervalued texts without neglecting important evidence from material culture and social practices With contributions by both established scholars and young innovators in the field of late antique studies there is no work of comparable authority or scope currently available This volume will stimulate further interest in a range of untapped texts from Late Antiquity
