Introduction

Paul's letter to the church in Philippi was written when he was in prison, and its context of enforced separation and care for those who are at a distance has some similarities with our current situation. It is thought that his imprisonment was in Ephesus (on the coast of what is now Turkey), and the journey between there and Philippi (in modern Greece) would have taken a little over a week (see map below). Paul had founded the church in Philippi (read Acts chapter 16 if you want to know more) and had great affection for them. They had often been generous in giving money and material help to support Paul and other churches, and on this occasion they had sent one of their members, Epaphroditus, with material gifts to Paul in prison and also to stay with Paul to help him for a while. Epaphroditus had fallen ill while with Paul. Paul was now sending him back to Philippi to reunite him with his church, taking with him this letter in which Paul thanks them for their care and gives some Christian teaching and encouragement.

Fragile Families Joachim Eibach, 2023-10-24 In the era of bourgeois modernity 1750 1900 the family is as valued as it is vulnerable It constitutes a community of care conflict and emotion Time and again it is evoked as a bond of love as well as a moral institution Yet both love and morality are fragile A more detailed exploration reveals that domestic life during this period was much more colorful open and dynamic and also more prone to crisis than one might expect given the vaunted view of the family that characterized the heyday of the bourgeoisie This book rewrites the history of the modern family Self narratives primarily diaries written by members of eight families from Germany Switzerland and Austria serve as sources for this research The focus extends far beyond the bourgeoisie With a micro historical eye the author reconstructs family histories from the peasant milieu to the patrician elite from the parsonage to the educated bourgeoisie he considers the domestic life of a journeyman craftsman a couple s descent from the ranks of the petite bourgeoisie the effects of an itinerant childhood among the proletariat and the strain of being caught between a bourgeois family and artistic individuality Many of these aspects point beyond bourgeois modernity to the family in our time

The Modern Stage and Other Worlds (Routledge Revivals) Austin E. Quigley, 2015-08-11 Modern plays are strikingly diverse and as a result any attempt to locate an underlying unity between them encounters difficulties to focus on what they have in common is often to overlook what is of primary importance in particular plays to focus on their

differences is to note the novelty of the plays without increasing their accessibility In this study first published in 1985 Austin E Quigley takes as his paradigm case the relationship between the world of the stage and the world of the audience and explores various modes of communication between domains He asks how changes in the structure of the drama relate to changes in the structure of the theatre and changes in the role of the audience Detailed interpretations of plays by Pinero Ibsen Strindberg Brecht Ionesco Beckett and Pinter question principles about the modern theatre and establish links between drama structure and theatre structure theme and performance space
