

The Dallas II

Pauline Periwinkle

and Progressive Reform in Dallas

Jacquelyn Masur McElhaney

Pauline Periwinkle

**Elizabeth Hayes Turner, Stephanie
Cole, Rebecca Sharpless**

Pauline Periwinkle:

Pauline Periwinkle Jacquelyn Masur McElhaney,1998 As the first woman editor for Dallas Morning News Pauline Periwinkle was a catalyst for numerous local reforms and was widely read by women across Texas Viewing women s clubs as an ideal vehicle for familiarizing women with the needs of their communities she was a driving force behind the establishment of the Women s Congress the Dallas Federation of Women s Clubs the Equal Suffrage Club of Dallas the Dallas Women s Forum and the Texas Women s Press Association **Dallas** Patricia Evridge Hill,2010-01-01 From the ruthless deals of the Ewing clan on TV s Dallas to the impeccable customer service of Neiman Marcus doing business has long been the hallmark of Dallas Beginning in the 1920s and 1930s Dallas business leaders amassed unprecedented political power and civic influence which remained largely unchallenged until the 1970s In this innovative history Patricia Evridge Hill explores the building of Dallas in the years before business interests rose to such prominence 1880 to 1940 and discovers that many groups contributed to the development of the modern city In particular she looks at the activities of organized labor women s groups racial minorities Populist and socialist radicals and progressive reformers all of whom competed and compromised with local business leaders in the decades before the Great Depression This research challenges the popular view that business interests have always run Dallas and offers a historically accurate picture of the city s development The legacy of pluralism that Hill uncovers shows that Dallas can accommodate dissent and conflict as it moves toward a more inclusive public life Dallas will be fascinating and important reading for all Texans as well as for all students of urban development

The First Texas News Barons Patrick L. Cox,2009-04-20 Newspaper publishers played a crucial role in transforming Texas into a modern state By promoting expanded industrialization and urbanization as well as a more modern image of Texas as a southwestern rather than southern state news barons in the early decades of the twentieth century laid the groundwork for the enormous economic growth and social changes that followed World War II Yet their contribution to the modernization of Texas is largely unrecognized This book investigates how newspaper owners such as A H Belo and George B Dealey of the Dallas Morning News Edwin Kiest of the Dallas Times Herald William P Hobby and Oveta Culp Hobby of the Houston Post Jesse H Jones and Marcellus Foster of the Houston Chronicle and Amon G Carter Sr of the Fort Worth Star Telegram paved the way for the modern state of Texas Patrick Cox explores how these news barons identified the needs of the state and set out to attract the private investors and public funding that would boost the state s civic and military infrastructure oil and gas industries real estate market and agricultural production He shows how newspaper owners used events such as the Texas Centennial to promote tourism and create a uniquely Texan identity for the state To balance the record Cox also demonstrates that the news barons downplayed the interests of significant groups of Texans including minorities the poor and underemployed union members and a majority of women **The Dallas Public Library** Michael V. Hazel,2001 From its founding one hundred years ago by a group of dedicated women working to better life and opportunity

in their fledgling metropolis the Dallas Public Library has provided essential services to the people of Dallas In The Dallas Public Library Michael V Hazel presents the centennial history of this landmark institution from its genesis as a single library with a staff of five to a central library and twenty two branch libraries with a staff of more than five hundred This is the story of committed leaders like May Dickson Exall who persuaded Andrew Carnegie to give 50 000 to build Dallas s first free public library and director Cleora Clanton who stretched a shoestring budget to provide service to all citizens of Dallas at a time when minorities were often shunned and intellectual freedom challenged It is also the story of beloved director Lillian Bradshaw who built a major central library facility and a network of branches that reflect the interests of the neighborhoods they serve More than just a repository of books the Dallas Public Library has offered many people a place for lifelong learning practical skills development pursuit of personal interests and recreation Through the years the library has grown and changed with the city of Dallas and is ready once again as technology drives the information market to adapt its services to meet the needs of Dallas citizens This is the centennial history of a landmark institution from its genesis as a single library with a staff of five to a central library and twenty two branch libraries with a staff of more than five hundred Richly illustrated with two hundred black and white photographs and ten color plates **A Month of Sundays** Kent Biffle,1993 In memory of Mary Lou Douse Thrasher given by Mr and Mrs James Reeves Penelope in California Dorothea Castelhun,1926 *Creating the New Woman* Judith N. McArthur,1998 The coming woman in politics Domestic revolutionaries Every mother s child Cities of women I wish my mother had a vote These piping times of victory Conclusion gender and public cultures **Women and the Creation of Urban Life** Elizabeth York Enstam,1998 Those individuals remembered as the founders of cities were men but as Elizabeth York Enstam shows it was women who played a major role in creating the definitive forms of urban life we know today **Texas Women** Elizabeth Hayes Turner,Stephanie Cole,Rebecca Sharpless,2015-01-15 Texas Women Their Histories Their Lives engages current scholarship on women in Texas the South and the United States It provides insights into Texas s singular geographic position bordering on the West and sharing a unique history with Mexico while analyzing the ways in which Texas stories mirror a larger American narrative The biographies and essays illustrate an uncommon diversity among Texas women reflecting experiences ranging from those of dispossessed enslaved women to wealthy patrons of the arts That history also captures the ways in which women s lives reflect both personal autonomy and opportunities to engage in the public sphere From the vast spaces of northern New Spain and the rural counties of antebellum Texas to the growing urban centers in the post Civil War era women balanced traditional gender and racial prescriptions with reform activism educational enterprise and economic development Contributors to Texas Women address major questions in women s history demonstrating how national and regional themes in the scholarship on women are answered or reconceived in Texas Texas women negotiated significant boundaries raised by gender race and class The writers address the fluid nature of the border with Mexico the growing importance of federal

policies and the eventual reforms engendered by the civil rights movement From Apaches to astronauts from pioneers to professionals from rodeo riders to entrepreneurs and from Civil War survivors to civil rights activists the subjects of Texas Women offer important contributions to Texas history women s history and the history of the nation *Call Her a Citizen* Kelley M. King,2010-06-03 In an era when the dominant ideology divided the world into separate public and private spheres and relegated women to the private Anna J Hardwicke Pennybacker ardently promoted progressive causes including public education women s suffrage social reform and the League of Nations A Texas educator clubwoman writer lecturer and social and political activist whose influence in the early twentieth century extended nationwide Pennybacker wrote A New History of Texas which was the state adopted textbook for Texas history from 1898 1913 and remained in classroom use until the 1940s She was also active in the burgeoning women s club movement and served as president of both the Texas Federation of Women s Clubs and the General Federation of Women s Clubs 1912 14 The latter position was considered by some to be the most powerful position for a woman in America at that time Kelley King has mined the fifty two linear feet of Pennybacker archives at the University of Texas Center for American History to reconstruct the hidden history of a feminist s life and work There she uncovered an impressive record of advocacy interlaced with a moderate style and some old fashioned biases King s work offers insight into the personal and political choices Pennybacker made and the effects these choices had in her life and on the American culture at large **Rhetoric at the Margins** David Gold,2008-03-06 Rhetoric at the Margins Revising the History of Writing Instruction in American Colleges 1873 1947 examines the rhetorical education of African American female and working class college students in the late nineteenth and early twentieth centuries The rich case studies in this work encourage a reconceptualization of both the history of rhetoric and composition and the ways we make use of it Author David Gold uses archival materials to study three types of institutions historically underrepresented in disciplinary histories a black liberal arts college in rural East Texas Wiley College a public women s college Texas Woman s University and an independent teacher training school East Texas Normal College The case studies complement and challenge previous disciplinary histories and suggest that the epistemological schema that have long applied to pedagogical practices may actually limit our understanding of those practices Gold argues that each of these schools championed intellectual and pedagogical traditions that differed from the Eastern liberal arts model a model that often serves as the standard bearer for rhetorical education He demonstrates that by emphasizing community uplift and civic participation and attending to local needs these schools created contexts in which otherwise moribund curricular features of the era such as strict classroom discipline and an emphasis on prescription took on new possibilities Rhetoric at the Margins describes the recent revisionist turn in rhetoric and composition historiography argues for the importance of diverse institutional microhistories and argues that the nineteenth and early twentieth centuries offer rich lessons for contemporary classroom practice The study brings alive the voices of black female rural Southern and first generation college students and their

instructors effectively linking these histories to the history of rhetoric and writing Appendices include excerpts of important and rarely seen primary source material allowing readers to experience in fuller detail the voices captured in this work

The Dallas Myth Harvey J. Graff, 2008 This work that proposes a novel interpretation of a city that has proudly declared its freedom from the past looks at elements that have shaped Dallas and served to limit democratic participation and exacerbate inequality

Beyond Texas Through Time Walter Louis Buenger, Arnaldo De León, 2011 In 1991 Walter L. Buenger and the late Robert A. Calvert compiled a pioneering work in Texas historiography *Texas Through Time* a seminal survey and critique of the field of Texas history from its inception through the end of the 1980s Now Buenger and Arnaldo De León have assembled an important new collection that assesses the current state of Texas historiography building on the many changes in understanding and interpretation that have developed in the nearly twenty years since the publication of the original volume This new work *Beyond Texas Through Time* departs from the earlier volume's emphasis on the dichotomy between traditionalism and revisionism as they applied to various eras Instead the studies in this book consider the topical and thematic understandings of Texas historiography embraced by a new generation of Texas historians as they reflect analytically on the work of the past two decades The resulting approaches thus offer the potential of informing the study of themes and topics other than those specifically introduced in this volume extending its usefulness well beyond a review of the literature In addition the volume editors introduction proposes the application of cultural constructionism as an important third perspective on the thematic and topical analyses provided by the other contributors *Beyond Texas Through Time* offers both a vantage point and a benchmark serving as an important reference for scholars and advanced students of history and historiography even beyond the borders of Texas

Kindergarten Primary Magazine, 1897 **A Companion to the American South** John B. Boles, 2008-04-15 A Companion to the American South surveys and evaluates the most important and innovative writing on the entire sweep of the history of the southern United States Contains 29 original essays by leading experts in American Southern history Covers the entire sweep of Southern history including slavery politics the Civil War race relations religion and women's history Surveys and evaluates the best scholarship on every important era and topic Summarizes current debates and anticipates future concerns

The Foundations of Texan Philanthropy Mary L. Kelley, Mary L. Scheer, 2004 The Lone Star State has produced not only revolutionary heroes and cowboy legends but also larger than life promoters of philanthropic activity *The Foundations of Texan Philanthropy* the first systematic study of the origins of foundation philanthropy in early twentieth century Texas chronicles the fortunes motivations and benefactions of affluent Texans who pioneered organized giving for the public good In the three decades following the creation of the George W. Brackenridge Foundation in 1920 donors established approximately 180 private philanthropic institutions These charitable minded organizations funded medical research established educational scholarships and supported community projects In addition to the Brackenridge Foundation this book features George B. Dealey and the Dallas Foundation Jesse Jones and the

Houston Endowment Miss Ima and the Hogg Foundation for Mental Health the Amon G Carter Foundation and the Conference of Southwest Foundations which united the many foundations in the region The Foundations of Texan Philanthropy balances personal and family stories with the missions and financial operations of the foundations they established The result is a detailed look at some of the leaders of Texas history and the ways in which their largesse has continued to influence the history of the Lone Star State *Belo* Judith Garrett Segura, 2010-09-01 Founded in Galveston in 1842 with the launch of the Daily News the Belo Corporation entered the twenty first century as a powerhouse conglomerate owning four daily newspapers including the Dallas Morning News twenty six television and cable stations and over thirty interactive Web sites The first comprehensive work to bring to life this remarkable success story Belo blends biography with a history of corporate strategies Drawing on company archives and private papers of key figures including A H Belo and G B Dealey former company archivist Judith Garrett Segura brings to life important chapters in the cultural life of Texas from Galveston s days as the largest and most vibrant town in the Republic of Texas through the wars that followed statehood periods of economic hardship and the effects of sweeping social change Turning points in the company s history such as the sale of its Galveston paper when company revenues were dramatically affected by candid reporting of Ku Klux Klan activities in the 1920s highlight crucial elements of the press s role in the life of a community Segura also charts technological advances from the telegraph and the typographers union to the dawn of the Information Age Finally she includes the most complete portrait of the Dallas Times Herald Company to date documenting the rise and fall of Belo s chief rival This is a story of frontier survival and futuristic thinking marketing genius and historic reporting nurtured by a family of mavericks

Women, Culture, and Community Elizabeth Hayes Turner, 1997-12-11 Why in the late nineteenth and early twentieth centuries did middle and upper class southern women black and white advance from the private worlds of home and family into public life eventually transforming the cultural and political landscape of their community Using Galveston as a case study Elizabeth Hayes Turner asks who where the women who became activists and eventually led to progressive reforms and the women suffrage movement Turner discovers that a majority of them came from particular congregations but class status had as much to do with reform as did religious motivation The Hurricane of 1900 disfranchisement of black voters and the creation of city commission government gave white women the leverage they needed to fight for a women s agenda for the city Meanwhile African American women who were excluded from open civic association with whites created their own organizations implemented their own goals and turned their energies to resisting and alleviating the numbing effects of racism Separately white and black women created their own activist communities Together however they changed the face of this New South city Based on an exhaustive database of membership in community organizations compiled by the author from local archives Women Culture and Community will appeal to students of race relations in the post Reconstruction South women s history and religious history Fort Worth Characters 2 Richard F. Selcer, 2025-03-17 Fort Worth Characters 2 is a

sequel to Fort Worth Characters UNT Press 2009 by Richard F Selcer the preeminent historian of Fort Worth The first book was a baker s dozen of some curious quirky and forgotten people from Fort Worth s past This book continues the theme of human interest stories of twenty five more characters pulled from Fort Worth history There are Blacks and whites men and women criminals and crime fighters showgirls and preachers musicians and football stars Some like Frank James were already famous when they came to Fort Worth Others like Stutterin Sam Dowell were discovered here before going on to fame and fortune on the national stage How about a character who might have been the inspiration for detective Nancy Drew Or a female reporter who was the first American to score an interview with the president of Mexico How about a husband wife pair who might have been the first African American power couple Or an abortion doctor convicted at trial in Fort Worth in 1913 These and more are covered in the pages of Fort Worth Characters 2

Texas Through Women's Eyes Judith N. McArthur, Harold L. Smith, 2010-09-01 This is social history at its very best The wide selection of firsthand accounts found in this text draw the reader in and most are absolutely fascinating This volume will make a significant contribution to the field of Texas women s history and I predict it will be the one book to which scholars and the reading public turn for information on twentieth century Texas women Elizabeth Hayes Turner Professor of History University of North Texas Texas Women broke barriers throughout the twentieth century winning the right to vote expanding their access to higher education entering new professions participating fully in civic and political life and planning their families Yet these major achievements have hardly been recognized in histories of twentieth century Texas By contrast Texas Through Women s Eyes offers a fascinating overview of women s experiences and achievements in the twentieth century with an inclusive focus on rural women working class women and women of color Judith N McArthur and Harold L Smith trace the history of Texas women through four eras They discuss how women entered the public sphere to work for social reforms and the right to vote during the Progressive era 1900 1920 how they continued working for reform and social justice and for greater opportunities in education and the workforce during the Great Depression and World War II 1920 1945 how African American and Mexican American women fought for labor and civil rights while Anglo women laid the foundation for two party politics during the postwar years 1945 1965 and how second wave feminists 1965 2000 promoted diverse and sometimes competing goals including passage of the Equal Rights Amendment reproductive freedom gender equity in sports and the rise of the New Right and the Republican party The authors take particular account of the interactions between genders and the hierarchies of race and ethnicity as they synthesize information from published histories with their own original research into women s lives They also include a wealth of first person accounts women s letters memoirs and oral histories This lively combination will appeal to a wide audience

This book delves into Pauline Periwinkle. Pauline Periwinkle is a crucial topic that needs to be grasped by everyone, ranging from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Pauline Periwinkle, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:

- Chapter 1: Introduction to Pauline Periwinkle
- Chapter 2: Essential Elements of Pauline Periwinkle
- Chapter 3: Pauline Periwinkle in Everyday Life
- Chapter 4: Pauline Periwinkle in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, the author will provide an overview of Pauline Periwinkle. This chapter will explore what Pauline Periwinkle is, why Pauline Periwinkle is vital, and how to effectively learn about Pauline Periwinkle.
3. In chapter 2, this book will delve into the foundational concepts of Pauline Periwinkle. The second chapter will elucidate the essential principles that must be understood to grasp Pauline Periwinkle in its entirety.
4. In chapter 3, the author will examine the practical applications of Pauline Periwinkle in daily life. This chapter will showcase real-world examples of how Pauline Periwinkle can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of Pauline Periwinkle in specific contexts. The fourth chapter will explore how Pauline Periwinkle is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, the author will draw a conclusion about Pauline Periwinkle. This chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Pauline Periwinkle.
