Pavilions By The Sea:

Pavilions by the Sea Tom Laughton, 1978 Pavilions by the Sea Tom Laughton, 1988-07-01 **Old Sylvan Beach and the Pavilions** Ann Uloth Malone, Dan Becker, 2014 Sylvan Beach is synonymous with bathing beauties moonlit pavilions the jitterbug the Charleston and a train called the Moonlight Express as well as picnics carnivals music romance love and legend The unlikely truth is that familiarity and age can make our most beautiful treasures banal if we do not pause to remember and observe and venerate the events and moments when we first saw or most appreciated a place like Sylvan Beach For this reason we ask you to come back with us to Sylvan Beach where for over 100 years Houston and much of Texas has come to play dance pray fall in love relax or simply swim in the bay Today the park and its pavilion are enjoying renewed popularity

Myrtle Beach Pavilion Lesta Sue Hardee, Janice McDonald, 2010-06-07 For almost a century the heart of Myrtle Beach was defined by a place simply called the Pavilion From the original structure built in 1908 the Pavilion was the center of the resort towns growing tourism industry It was a destination point for anyone coming to the Grand Strand Here you could stroll the Boardwalk play arcade games make faces in fun mirrors ride rides dance the Carolina Shag or sit on a bench and watch everyone else do all of the above The Pavilion underwent several incarnations The first ones were wooden and vulnerable but the final was concrete and seemingly indestructible standing for nearly 60 years Hardly an architectural marvel what the Pavilion lacked in grandeur it made up for in pure old fashioned fun The beloved structure and its rides fell prey to economics and a wrecking ball in 2006 **Designing the Seaside** Fred Gray, 2006 In *Designing the Seaside* Fred Gray provides a history of seaside architecture from the 18th century to the present day investigating leisure entertainment taste fashion and gender and shows how the seaside even became a hotbed for moral and sexual issues from the early use of bathing machines to twentieth century beauty pageants and naturist groups He relates the evolution of resort architecture to sweeping changes in how seaside nature was experienced and used by holidaymakers The book also traces the history of the coastal resort with examples ranging from Regency Sidmouth to Victorian Scarborough and early 20th century Morecambe as well as assessing seaside developments in the USA and Continental Europe from Coney Island and Santa Barbara to Nice and Trouville Featuring many colourful informative and often entertaining photographs drawings guidebook illustrations postcards and publicity posters from resorts around the world *Designing the Seaside* is a thoroughly readable as well as a visually fascinating account of changing attitudes to holidaymaking and its setting **BOOK JACKET** **Coney Island** Zoe Ryan, Jonathan Cohen-Litant, 2007 For almost 100 years Coney Island was the most popular seaside destination in the United States Each year millions escaped the heat of New York City to savor the thrills of the Cyclone roller coaster and Wonder Wheel at the Astroland amusement park They came to sample an original Nathan's Famous hot dog witness the first demolition derby or to take a chance at a game of three card Monte on the legendary boardwalk The advent of air conditioning concerns about Coney's tawdry entertainment and faster transportation to other beaches hastened the demise

of what had become a uniquely American icon of entertainment and a defining terminus of New York at the water's edge. In an effort to revitalize the area, the Van Alen Institute in concert with the Coney Island Development Corporation held the Parachute Pavilion Competition, a contest to design a year-round pavilion in the shadow of the Parachute Jump, a landmark built for the 1939 World's Fair. Coney Island: The Parachute Pavilion Competition presents all 864 submissions from the feasible to the fantastic received from around the world. The winning design by London-based Carmody Groarke Hardie is a mesmerizing attraction in its own right, composed of two provocative trapezoids illuminated by thousands of colored light bulbs. The design respects the historic icon under which it is located but also promises to become an icon in its own right and bring the fun-loving spirit of Coney Island into the twenty-first century. Featuring essays, photographic documentation, and jury comments, Coney Island: The Parachute Pavilion Competition is a critical resource for students, designers, city officials, and anyone interested in Coney Island and the reinvention of the historic recreation sites of our cities. **Java in the 14th**

Century Theodore G. Th. Pigeaud, 2013-12-20 Essentially the following commentary on the contents of the *Nagara Kertagama* has been made up from notes by former editors of the text together with remarks, criticisms, and digressions by the present author. As Kern Krom and their contemporaries were especially interested in dynastic history and archeology, their notes on those subjects are legion, and as a result of their studies on many points, a *communis opinio* has been reached. The argumentations which led up to this end are not reproduced in the present edition. The interested reader is referred to Krom's great books *Oud Javaansche Kunst* and *Hindoe Javaansche Geschiedenis*. It is to be expected that before long the results of Krom's life work will be made accessible for English readers by De Casparis. On the other hand, cultural history, religion, economics, and sociology have been rather neglected by the first editors of the *Nagara Kertagama*. The present author has done his best to remedy that omission. The reader will find that the greater part of the following commentaries is concerned with those subjects. The contemporaneous minor texts and the charters that are published, translated, and annotated in the present book in the same manner as the *Nagara Kertagama* have been chosen almost exclusively for the valuable information on social, economic, and religious conditions in the 14th-century Majapahit realm that is afforded by them. , 1980 **A Guidebook to South Carolina Historical Markers**, 2021-02-19 The South Carolina Historical Marker Program, established in 1936, has approved the installation of more than 1,700 interpretive plaques, each highlighting how places both grand and unassuming have played important roles in the history of the Palmetto State. These roadside markers identify and interpret places valuable for understanding South Carolina's past, including sites of consequential events and buildings, structures, or other resources significant for their design or their association with institutions or individuals prominent in local, state, or national history. This volume includes a concise history of the South Carolina Historical Marker Program and an overview of the marker application process. For those interested in specific historic periods or themes, the volume features condensed lists of markers associated with broader topics such as the American Revolution, African

American history women s history the Civil War and Reconstruction While the program is administered by the South Carolina Department of Archives and History most markers are proposed by local organizations that serve as a marker s official sponsor paying its cost and assuming responsibility for its upkeep In that sense this inventory is a record not just of places and subjects that the state has deemed worthy of acknowledgment but of those that South Carolinians themselves have worked to enshrine Metro Manila Street Map Asiatype, Incorporated,2003 Annual Report New York (N.Y.).
