## **Protestantism In Contemporary China:**

**Protestantism in Contemporary China** Allan Hunter, Kim-kwong Chan, 1993      **The Politics of Protestantism in Contemporary China** Jason Kindopp, 2004      Christianity, Femininity and Social Change in Contemporary China Li Ma, 2019-12-11 Women make up the vast majority of Protestant Christians in China a largely faceless majority as their stories too often go untold in scholarly research as well as popular media This book writes Protestant Chinese women into the history of twenty first century China It features the oral histories of over a dozen women highlighting themes of spiritual transformation politicized culture social mobility urbanization and family life Each subject narrates not only her own story but that of her mother as well revealing a deeply personal dimension to the dramatic social change that has occurred in a matter of decades By uncovering the stories of Christian women in China Li Ma offers a unique window onto the interactions between femininity and Christianity and onto the socioeconomic upheavals that mark recent Chinese history      *Christianity in Contemporary China* Francis Khek Gee Lim, 2013-05-07 Christianity is one of the fastest growing religions in China Despite its long history in China and its significant indigenization or intertwinement with Chinese society and culture Christianity continues to generate suspicion among political elites and intense debates among broader communities within China This unique book applies socio cultural methods in the study of contemporary Christianity Through a wide range of empirical analyses of the complex and highly diverse experience of Christianity in contemporary China it examines the fraught processes by which various forms and practices of Christianity interact with the Chinese social political and cultural spheres Contributions by top scholars in the field are structured in the following sections Enchantment Nation and History Civil Society and Negotiating Boundaries This book offers a major contribution to the field and provides a timely wide ranging assessment of Christianity in Contemporary China      *Lightning from the East* Emily Dunn, 2015-09-01 The Church of Almighty God also known as Eastern Lightning teaches that Jesus Christ has returned to earth as a Chinese woman to judge humankind The Chinese government has banned it and similar groups and targeted them in its campaign against cults such as Falun Gong Based on the Church s own texts and exogenous reports Emily Dunn offers the first comprehensive account of what the Church of Almighty God teaches how Chinese Christians and the government have responded to new religious movements related to Protestantism and how it all fits with global Christianity and the history of Chinese religion

Christianity in Contemporary China Francis Khek Gee Lim, 2013-05-07 Christianity is one of the fastest growing religions in China Despite its long history in China and its significant indigenization or intertwinement with Chinese society and culture Christianity continues to generate suspicion among political elites and intense debates among broader communities within China This unique book applies socio cultural methods in the study of contemporary Christianity Through a wide range of empirical analyses of the complex and highly diverse experience of Christianity in contemporary China it examines the fraught processes by which various forms and practices of Christianity interact with the Chinese social political and

cultural spheres Contributions by top scholars in the field are structured in the following sections Enchantment Nation and History Civil Society and Negotiating Boundaries This book offers a major contribution to the field and provides a timely wide ranging assessment of Christianity in Contemporary China     *God and Caesar in China* Jason Kindopp,Carol Lee Hamrin,2004-04-21 In the late 1970s when Mao s Cultural Revolution ushered in China s reform era religion played a small role in the changes the country was undergoing There were few symbols of religious observance and the practice of religion seemed a forgotten art Yet by the new millennium China s government reported that more than 200 million religious believers worshiped in 85 000 authorized venues and estimates by outside observers continue to rise The numbers tell the story Buddhists as in the past are most numerous with more than 100 million adherents Muslims number 18 million with the majority concentrated in the northwest region of Xinjiang By 2000 China s Catholic population had swelled from 3 million in 1949 to more than 12 million surpassing the number of Catholics in Ireland Protestantism in China has grown at an even faster pace during the same period multiplying from 1 million to at least 30 million followers China now has the world s second largest evangelical Christian population behind only the United States In addition a host of religious and quasi spiritual groups and sects has also sprouted up in virtually every corner of Chinese society Religion s dramatic revival in post Mao China has generated tensions between the ruling Communist Party state and China s increasingly diverse population of religious adherents Such tensions are rooted in centuries old governing practices and reflect the pressures of rapid modernization The state s response has been a mixture of accommodation and repression with the aim of preserving monopoly control over religious organization Its inability to do so effectively has led to cycles of persecution of religious groups that resist the party s efforts American concern over official acts of religious persecution has become a leading issue in U S policy toward China The passage of the 1998 International Religious Freedom Act which institutionalized concern over religious freedom abroad in U S foreign policy cemented this issue as an item on the agenda of U S China relations *God and Caesar in China* examines China s religion policy the history and growth of Catholic and Protestant churches in China and the implications of church state friction for relations between the United States and China concluding with recommendations for U S policy Contributors include Jason Kindopp George Washington University Daniel H Bays Calvin College Mickey Spiegel Human Rights Watch Chan Kim kwong Hong Kong Christian Council Jean Paul Wiest Chinese University of Hong Kong Richard Madsen University of California San Diego Xu Yihua Fudan University Liu Peng Chinese Academy of Social Sciences and Carol Lee Hamrin George Mason University     *Protestantism in Xiamen* Chris White,2018-08-02 This interdisciplinary volume represents the first comprehensive English language analysis of the development of Protestant Christianity in Xiamen from the nineteenth century to the present This important regional study is particularly revealing due to the unbroken history of Sino Christian interactions in Xiamen and the extensive ties that its churches have maintained with global missions and overseas Chinese Christians Its authors draw upon a wide range of foreign missionary and Chinese official archives local

Xiamen church publications and fieldwork data to historicize the Protestant experience in the region Further the local Christians stories demonstrate a form of sociocultural religious and political imagination that puts into question the Euro American model of Christendom and the Chinese Communist controlled Three Self Patriotic Movement It addresses the localization of Christianity the reinvention of local Chinese Protestant identity and heritage and the Protestants engagement with the society at large The empirical findings and analytical insights of this collection will appeal to scholars of religion sociology and Chinese history     *The Blackwell Companion to Protestantism* Alister E. McGrath, Darren C. Marks, 2008-04-15 This Companion brings together new contributions from internationally renowned scholars in order to examine the past present and future of Protestantism Co edited by leading Protestant theologians Alister E McGrath and Darren C Marks with contributions from internationally renowned scholars Opens with an investigation into the formation of Protestant identity across Europe North America Asia Australasia and Africa Includes coverage of leading Protestant thinkers such as Luther Calvin Schleiermacher and Barth Considers the interaction of Protestantism with different areas of modern life including the arts politics the law and science Debates the future of Protestantism in both Western and non Western settings     Protestants Alec Ryrie, 2018-04-03 On the 500th anniversary of Luther s theses a landmark history of the revolutionary faith that shaped the modern world Ryrie writes that his aim is to persuade you that we cannot understand the modern age without understanding the dynamic history of Protestant Christianity To which I reply Mission accomplished Jon Meacham author of *American Lion* and Thomas Jefferson Five hundred years ago a stubborn German monk challenged the Pope with a radical vision of what Christianity could be The revolution he set in motion toppled governments upended social norms and transformed millions of people s understanding of their relationship with God In this dazzling history Alec Ryrie makes the case that we owe many of the rights and freedoms we have cause to take for granted from free speech to limited government to our Protestant roots Fired up by their faith Protestants have embarked on courageous journeys into the unknown like many rebels and refugees who made their way to our shores Protestants created America and defined its special brand of entrepreneurial diligence Some turned to their bibles to justify bold acts of political opposition others to spurn orthodoxies and insight on their God given rights Above all Protestants have fought for their beliefs establishing a tradition of principled opposition and civil disobedience that is as alive today as it was 500 years ago In this engrossing and magisterial work Alec Ryrie makes the case that whether or not you are yourself a Protestant you live in a world shaped by Protestants
