Reflection Through Interaction Judith Watson Moray House Institute of Education, 2019-06-19 First Published in 1996 Teaching approaches for pupils with learning difficulties have often emphasized the presentation and repetition of easily manageable tasks rather than exploration learning through mistakes and reflection However there is encouraging evidence that such pupils may be helped to develop effective learning approaches with marked improvements in their academic performance and self concept The importance of the teacher s role in facilitating pupils reflective activity cannot be overstated This book locates reflective experiences within classroom interaction and discusses a variety of ways in which teachers can foster reflection These include their classroom talk challenging activities and the creation of an ethos where expectations are high and pupils thinking and self awareness are shown to be valued Most but not all of the classroom research reported here was conducted in special schools for pupils with moderate learning difficulties but the findings have implications for teachers of a wide range of pupils in both special and ordinary schools The hope is that they will be stimulated to incorporate some of the ideas in this book into their own practice

Interaction in Action Dave Hewett, Melanie Nind, 2013-10-28 First Published in 1998 The authors aim in editing Interaction in Action is to follow up on the thinking and practical guidance contained in their previous work on Intensive Interaction They hope to illustrate that Intensive Interaction is not just something that goes on in hospital schools Here we see the approach used not only by teachers but also by speech therapists occupational therapists social workers psychologists and parents We see the approach used in people s homes as well as in education and day centres The contributors have been asked to share their insights the way they think about Intensive Interaction as well as the way that they do it This means that the chapters contain both reflective analysis and vivid description The contributions illustrate how Intensive Interaction has grown and developed as an educational approach and as a way of being with people and they illustrate the impact on all those involved

Communication in Emergency Medicine Maria E. Moreira, Andrew J. French, 2019 Communication in Emergency Medicine highlights key challenges to effective communication in Emergency Medicine that may be experienced by healthcare providers students nurses and even hospital administrators The text addresses these pitfalls by demonstrating how a mix of foundational communication techniques and leadership skills can be used to successfully overcome barriers in information exchange highlighted by real life clinical scenarios with an emphasis on avoidable pitfalls This text is an ideal resource for Emergency Medicine providers with lessons which can also be applied in many other settings as well

Shifting Protracted Conflict Systems Through Local Interactions Tamra Pearson d'Estrée, 2023-12-29 This volume explores the evolution of theoretical and practical approaches to intervening in protracted conflicts following the work of

Herb Kelman Interactive problem solving as developed by Kelman and others sought to increase understanding about the microprocesses of international relations Kelman early on emphasised the centrality of an interactive approach for constructing new identities new narratives and new ways forward Transforming conflict systems requires strategic attention to the interactions between agents of change that provide stability or induce shift This volume on interactive conflict approaches includes both critical reflections and new ideas from scholar practitioners who have developed revised and expanded these approaches Contributors take up important issues from the shape and likelihood of solutions in intractable conflicts to how individuals can exist in realities with seemingly irresolvable inner and outer conflicts The volume represents the best of current thinking about how the mechanisms theoretical framework and application of interactive problem solving should be moved into the twenty first century context of increasing complexity increasing uncertainty and increasing polarisation This book will be of interest to students of peace studies conflict resolution and international relations

The Complexity of Identity and Interaction in Language Education Nathanael Rudolph, Ali Fuad Selvi, Bedrettin Yazan, 2020-08-07 This book addresses two critical calls pertaining to language education Firstly for attention to be paid to the transdisciplinary nature and complexity of learner identity and interaction in the classroom and secondly for the need to attend to conceptualizations of and approaches to manifestations of inequity in the sociohistorical contexts in which they occur Collectively the chapters envision classrooms and educational institutions as sites both shaping and shaped by larger transcommunal negotiations of being and belonging in which individuals affirm and or problematize essentialized and idealized nativeness and community membership The volume comprised of chapters contributed by a diverse array of researcher practitioners living working and or studying around the globe is intended to inform empower and inspire stakeholders in language education to explore potentially reimagine and ultimately critically and practically transform the communities in which they live work and or study
