Reflections On The Death Of A Porcupine And Other Essays:

Reflections on the Death of a Porcupine and Other Essays David Herbert Lawrence, 1925 **Reflections on the Death of a Porcupine and Other Essays** D. H. Lawrence, 1988-01-29 This volume contains what Lawrence himself called philosophicalish essays written in the decade 1915-25. The topics range from politics to nature from religion to education the tone from lighthearted humor to mordant wit to spiritual meditation. For all these contrasts however the essays share many of the underlying themes of the mature Lawrence. Be thyself could be the volume's motto. As far as possible this edition restores what Lawrence wrote before typists, editors and compositors made the extensive alterations that have been followed in all previous editions of the texts. On occasion entire passages removed by mistake or for reasons of censorship have been recovered. The introduction describes the genesis, textual history and reception of the essays; notes offer help with allusions and other difficult points. Several incomplete and unpublished essays are reproduced in an appendix. **Reflections on the Death of a Porcupine** David Herbert Lawrence, 1975 *Reflection on the Death of a Porcupine* D. H. Lawrence, 2019-02-20 This collection of essays by the author of *Lady Chatterley's Lover* presents his musings on literature, politics and philosophy in a newly restored text. Though D. H. Lawrence was one of the great writers of the twentieth century his works were severely corrupted by the stringent house styling of printers and the intrusive editing of timid publishers. A team of scholars at Cambridge University Press has worked for more than thirty years to restore the definitive texts of D. H. Lawrence in The Cambridge Editions. Between 1915-1925 D. H. Lawrence wrote a series of philosophicalish essays covering topics ranging from politics to nature and from religion to education. Varying in tone from lighthearted humor to spiritual meditation they all share the underlying themes of Lawrence's mature work. Be thyself. As far as possible the editors of the Cambridge Editions series have restored these essays to their original form as Lawrence wrote them. A discussion of the history of each essay is provided and several incomplete and unpublished essays are reproduced in an appendix. *Reflections on the Death of a Porcupine and Other Essays* David Herbert Lawrence (Schriftsteller), 1934 **Reflections on the Death of a Porcupine and Other Essays** D. H. Lawrence, 1988 [A Critical Edition of D.H. Lawrence's 'Reflections on the Death of a Porcupine' and Other Essays of 1915 to 1925](#) ,1983 **The Last Poems of D.H. Lawrence** Bethan Jones, 2016-03-03 In the first book to take D. H. Lawrence's Last Poems as its starting point Bethan Jones adopts a broadly intertextual approach to explore key aspects of Lawrence's late style. The evolution and meaning of the poems are considered in relation to Lawrence's prose works of this period including *Sketches of Etruscan Places*, *Lady Chatterley's Lover* and *Apocalypse*. More broadly Jones shows that Lawrence's late works are products of a complex process of textual assimilation as she uncovers the importance of Lawrence's reading in mythology, cosmology, primitivism, mysticism, astronomy and astrology. The result is a book that highlights the richness and diversity of his poetic output, also prioritizing the masterpieces of Lawrence's mature style which are as accomplished as anything produced by his Modernist contemporaries. *Selected Critical Writings* David Herbert

Lawrence, 1998 A critic must be able to feel the impact of a work of art in all its complexity and force To do so he must be a man of force and complexity himself A critic must be emotionally alive in every fibre intellectually capable and skilful in essential logic and then morally very honest These comments by D H Lawrence are as close a description as any of himself as a critic They come from his essay on fellow novelist John Galsworthy and there are many other pieces on novels and novelists in this selection But Lawrence's range of genres extends to poetry and plays and paintings and his critical writing encompasses an enormous variety of subjects from Aeschylus and the Apocalypse to symbolism and syphilis for his interests are philosophical psychological religious moral sociological historical and cultural as well as literary and artistic This selection is a treasure trove of thought adventures by one of literature's liveliest critical spirits D. H. Lawrence, Technology, and Modernity Indrek Männiste, 2019-02-07 While the dehumanizing effects of technology modernity and industrialization have been widely recognized in D H Lawrence's works no book length study has been dedicated to this topic This collection of newly commissioned essays by a cast of international scholars fills a genuine void and investigates Lawrence's peculiar relationship with modern technology and modernity in its many and varied aspects Addressing themes such as pastoral vs industrial mining war robots ecocriticism technologies of the self film poetic devices of technology entertainment and many others these essays help to reevaluate Lawrence's complicated standing within the modernist literary tradition and reveal the true theoretical wealth of a writer whose whole life and work according to T S Eliot was an assertion of what the modern world has lost
