World History: 50 Key Milestones You Really Need to Know Ian Crofton, 2013-11-05 People often complain that in history lessons at school they were taught just a few topics the Romans the Tudors the Nazis and how they have no idea at all about what happened in between To remedy this *World History 50 Things You Really Need to Know* offers brief and stimulating outlines of key developments in the history of the world from the beginning of agriculture 10 000 years ago to the attack on the Twin Towers on 9 11 Each essay is accompanied by a detailed timeline of dates and events and the flavor of the period concerned is brought to life by selected contemporary quotations from figures as diverse as Aristotle Ashoka Saladin Christopher Columbus Martin Luther Suleiman the Magnificent Galileo Voltaire Thomas Jefferson Mary Wollstonecraft Napoleon Lincoln Lenin and Winston Churchill In addition box features throw light on a range of related topics from the Nazca Lines to Renaissance man from Confucianism and the state to Alexander the Great's horse from Islamic science and the Barbary corsairs to the Enigma code and the atomic bomb *The First English Explorer* Kit Mayers, 2016-11-07 The first real explorer for the English was Anthony Jenkinson He sailed to Russia and set out into the unknown to discover an overland route right across Asia His detailed reports and his map were a revelation for the Tudors In 1557 Anthony Jenkinson was sent by the merchants of London to try to find an overland route right across Asia to Cathay and the riches of the Orient setting off a year before Queen Elizabeth I came to the throne His expedition to the east took place some twenty nine years earlier than the first English expedition to the west As well as surviving storms Jenkinson was faced with thieving illness and several attacks by bandits before eventually by sheer persistence reaching Bokhara which is now in Uzbekistan He had completed

two thirds of the journey and had reached the Silk Road that led to Cambaluc Beijing before finding that he could go no further because the route ahead was closed by continuous wars In later expeditions he travelled to Persia where he nearly had his head cut off and he also went to Moscow where he managed some extremely tense negotiations with Tsar Ivan the Terrible on behalf of the Muscovy Company His reports back to the Company in London give us a great insight into what Russia was like at the time and Tartary and Persia This book is a lively and carefully researched study of Anthony Jenkinson Sir Ranulph Fiennes Bt OBE This important book fills an undoubted gap in the history of English travellers in the sixteenth century Professor David Loades FSA Emeritus Professor of History at the University of Wales The First English Explorer will appeal to fans of history particularly those with a strong interest in explorers and eastern travel **Colvett Family**
