The Oxford Handbook of the Protestant Reformations Ulinka Rublack, 2017

This Handbook takes a broad overview of the Protestant Reformations seeing them as movements which stretched far beyond their European beginnings Written by a team of international scholars of history and theology the contributions offer up to date perspectives on Reformation ideas and the lasting historical impact of Protestantism **Sacred Communities** Dean Phillip Bell,2021-10-01 We all live in a community and it was no different for the Jews and Christians of medieval Germany or was it This book draws together disparate threads of Christian and Jewish communal development in an effort to give a deeper understanding to the complex tapestry of Jewish and Christian interaction In the broad examination presented herein it is possible to compare the general transformations that affected Jews and Christians both as residents of a shared German society and as residents of their own separate communities Jews and Christians interacted in a variety of ways in numerous settings and at a multitude of levels that defy simple categorization To label late medieval Germany a period of crisis is too simplistic the Reformation should not categorically be viewed as the central development in the shift between medieval and early modern times This book seeks to recontextualize the world of Jewish and Christian relations by bringing together divergent sources not often taken together but equally important to inform one another and offer a fuller picture of Jewish and Christian notions of each other and themselves than has been possible up to this point *Events That Formed the Modern World* Frank W. Thackeray,John E. Findling,2012-05-31 This comprehensive five volume set contains readable essays that describe and interpret the most important global events since the European Renaissance some accompanied by related document excerpts and primary source materials What were the effects of the Age of Exploration on today s ethnic groups and social structure How did the development of moveable type pave the way for Facebook and Twitter Why is the Reformation so critical for understanding today s religious controversies This set will help readers answer these questions by exploring the most significant historical events of the modern world This five volume set covers times from the Renaissance to the present Each volume focuses on a specific historic period and examines 12 events within those time frames that changed the world Each entry provides an introduction that lays out factual material in a chronological manner an in depth essay interpreting the event s significance and an annotated bibliography of the most important current works on the topic Select entries are followed by primary sources pertaining to the event under consideration such as diary entries Targeted to both general readers as well as entry level university students this book also directly supports high school and undergraduate curricula allowing students to identify and contextualize events in order to think critically about their causes aftermath and legacy **The Wiley Blackwell Companion to World Christianity** Lamin Sanneh,Michael McClymond,2016-05-23 The Wiley Blackwell Companion to World Christianity presents a collection of essays that explore a range of topics relating to the rise spread and influence of Christianity throughout the world Features contributions from renowned scholars of history and religion from around the world Addresses the origins and global expansion of Christianity over the course of two millennia Covers a wide range of themes relating to Christianity including women worship sacraments music visual arts architecture

and many more Explores the development of Christian traditions over the past two centuries across several continents and the rise in secularization *Outlines of General History* Vincent Adams Renouf,1909 **Heresy, Magic and Witchcraft in Early Modern Europe** Gary K Waite,2019-10-10 In the fifteenth century many authorities did not believe Inquisitors stories of a supposed Satanic witch sect However the religious conflict of the sixteenth century Reformation especially popular movements of reform and revolt helped to create an atmosphere in which diabolical conspiracies which swept up religious dissidents Jews and magicians into their nets were believed to pose a very real threat Fear of the Devil and his followers inspired horrific incidents of judicially approved terror in early modern Europe leading after 1560 to the infamous witch hunts Bringing together the fields of Reformation and witchcraft studies this fascinating book reveals how the early modern period s religious conflicts led to widespread confusion and uncertainty Gary K Waite examines in depth how church leaders dispelled rising religious doubt by persecuting heretics and how alleged infernal plots and witches who confessed to making a pact with the Devil helped the authorities to reaffirm orthodoxy Waite argues that it was only when the authorities came to terms with pluralism that there was a corresponding decline in witch panics The Making of the Modern Mind John Herman Randall,1926 The European Reformation Euan Cameron,2012-03-01 Since its first appearance in 1991 The European Reformation has offered a clear integrated and coherent analysis and explanation of how Christianity in Western and Central Europe from Iceland to Hungary from the Baltic to the Pyrenees splintered into separate Protestant and Catholic identities and movements Catholic Christianity at the end of the Middle Ages was not at all a uniformly decadent or corrupt institution it showed clear signs of cultural vigour and inventiveness However it was vulnerable to a particular kind of criticism if ever its claims to mediate the grace of God to believers were challenged Martin Luther proposed a radically new insight into how God forgives human sin In this new theological vision rituals did not purify people priests did not need to be set apart from the ordinary community the church needed no longer to be an international body For a critical Reformation moment this idea caught fire in the spiritual political and community life of much of Europe Lay people seized hold of the instruments of spiritual authority and transformed religion into something simpler more local more rooted in their own community So were born the many cultures liturgies musical traditions and prayer lives of the countries of Protestant Europe This new edition embraces and responds to developments in scholarship over the past twenty years Substantially re written and updated with both a thorough revision of the text and fully updated references and bibliography it nevertheless preserves the distinctive features of the original including its clearly thought out integration of theological ideas and political cultures helping to bridge the gap between theological and social history and the use of helpful charts and tables that made the original so easy to use Faith and Leadership Michael P. Riccards,2012-04-19 This volume is the first major study of the papacy as a managerial structure that has evolved over two thousand years Special emphasis is placed on the environments in which the Church functioned and in which it had to reach uneasy compromises The volume is both scholarly

and very readable **Oedipus and the Devil** Lyndal Roper, 2013-03-01 This bold and imaginative book marks out a different route towards understanding the body and its relationship to culture and subjectivity Amongst other subjects Lyndal Roper deals with the nature of masculinity and femininity *The History and Character of Calvinism* John Thomas McNeill, 1923 This is a masterful historical portrait of the whole movement of Calvinism for general readers and scholars alike **Past Sense — Studies in Medieval and Early Modern European History** Constantin Fasolt, 2014-04-03 The twenty studies collected in this volume focus on the transition from the Middle Ages to the modern world The method leads from technical investigations on William Durant the Younger ca 1266 1330 and Hermann Conring 1606 1681 through reflection on the nature of historical knowledge to a break with historicism an affirmation of anachronism and a broad perspective on the history of Europe The introduction explains when and why these studies were written and places them in the context of contemporary historical thinking by drawing on Wittgenstein's Philosophical Investigations This book will appeal to historians with an interest in historical theory historians of late medieval and early modern Europe and students looking for the meaning of history Politics and Society in Reformation Europe G. Elton, E. Kouri, T. Scott, 1987-09-15

Reformations Old and New Beat Kümin, 2016-12-05 This collection of essays examines the practical impact of religious change in Central and North Western Europe from the 15th to the 17th century It focuses on the effects of reform on clergy church resources ecclesiastical patronage education and poor relief The title reflects the elementary conclusion that there was no one monolithic experience of Reformation that initiatives were taken for very different reasons and that they displayed innovative as well as conservative features While offering a great breadth of original research and subject matter all authors devote particular attention to three main themes the blend between continuity and change the share of religious factors in socio economic developments and the identification of winners and losers Taken together the essays illustrate the scarcity of unambiguous trends the tenacity of socio economic structures the modification of religious dogma by the real world and the conspicuous benefits of religious change for the social elites The Collected Writings of James Leo Garrett Jr., 1950-2015: Volume Four James Leo Garrett Jr., 2020-05-06 James Leo Garrett Jr has been called the last of the gentlemen theologians and the dean of Southern Baptist theologians In The Collected Writings of James Leo Garrett Jr 1950 2015 the reader will find a truly dazzling collection of works that clearly evince the meticulous scholarship the even handed treatment the biblical fidelity the wide historical breadth and the honest sincerity that have made the work and person of James Leo Garrett Jr so esteemed and revered among so many for so long Volume 4 is the first of two volumes that will contain his theological essays Spanning sixty five years and touching on topics from Baptist history theology ecclesiology church history and biography religious liberty Roman Catholicism and the Christian life The Collected Writings of James Leo Garrett Jr 1950 2015 will inform and inspire readers regardless of their religious or denominational affiliations
