Reformed Confessionalism in Nineteenth Century America Sam Hamstra,Arie J. Griffioen,1995 A scholarly yet accessible resource for religious historians mainline and evangelical ecumenists liturgists pastors and educated laypersons

Christocentric Reformed Theology in Nineteenth-Century America Emanuel V. Gerhart,2021-07-30 Knowledge of the ideas of the theologian Emanuel V Gerhart is essential for understanding nineteenth century American theology Gerhart was one of the first to introduce a complete systematic Christocentric theological system to Americans His Institutes of the Christian Religion developed the ideas of European theologians and promoted the effort to systematize Mercersburg theology Gerhart embraced German idealism rather than Scottish philosophy in his scholarship As a mediating theologian he attempted to reconcile historical Christianity with modern culture His lectures essays and texts addressed the religious challenges and intellectual issues of his day from a Christocentric perspective Together they were a major contribution to the Mercersburg Movement in particular and American theology in general from the antebellum period to the progressive era His publications were devoted to a range of disciplines that included education philosophy and theology This volume portrays Gerhart s core theological ideas as found in his main texts and offers introductory commentaries and gives the historical background for his intellectual contributions

John Williamson Nevin Linden J. DeBie,2023-09-21 John Williamson Nevin s life has never been given the full attention that it deserves That may be due in part to the controversial nature of his thinking Yet in many respects his enormous contribution to American religious history is acknowledged by those who have read him He stood out as the great advocate of evangelical catholicism and his call for a thorough examination of the place of the church in nineteenth century theology was revolutionary It was Nevin who first saw the threat to the church in the erosion of faith in the church as a divine institution sacramentally entrusted by God with the reclamation of the whole world an erosion that occurred well before the Civil War in the hypersubjectivity of Protestant America

The Reformed Pastor John Williamson Nevin,2006-02-01 During the relatively short history of American Protestantism countless pastors theologians and pastor theologians have addressed a variety of pragmatic issues facing Christian congregations No one has done so with greater theological precision and passion than the Reformed theologian John Williamson Nevin 1803 1886 Nevin made his mark in American Protestantism with the publication of *The Anxious Bench* and *The Mystical Presence* In this volume Sam Hamstra brings to light Nevin s previously unpublished *Lectures on Pastoral Theology* a work that provides students with a more comprehensive portrait of one of the nineteenth century s leading Reformed theologians in America Hamstra s introduction provides an important companion to Nevin s *Lectures* one that includes application for twenty first century pastors as well as a surprise for those familiar with Nevin s critique of *New Measures Church, Sacrament, and American Democracy* Adam S. Borneman,2011-03-07 John Williamson Nevin architect of the nineteenth century movement the Mercersburg Theology has increasingly gained respect as one of the most important theologians of American history and

the broader Reformed tradition Accompanied by the great historian Philip Schaff Nevin faced a headwind of American individualism subjectivism and sectarianism but nevertheless forged ahead in articulating a churchly sacramental theology rooted in the Incarnation of Jesus Christ Drawing from the well of German Idealism and Romanticism Nevin proposed a theological hermeneutic that was greatly at odds with the prevailing methods of his day Nevertheless Nevin persisted in his efforts confident that the concepts of organic unity catholicity and incarnation offered a vital corrective to the tendencies of the American church and society Hence Nevin s theological polemics while often focused on matters of ecclesiology and sacraments also have much to offer in the way of a much broader theology of history mankind and culture In this latest contribution to studies in the Mercersburg Theology Borneman extracts from the Nevin corpus those writings which speak to the predominant social and political trends of the antebellum era trends which have endured to the present day Nevin s efforts toward a liturgically oriented unified prophetic church stood over and against many of these trends Bringing to the fore the implications of Nevin s efforts Borneman joins a chorus of recent scholars and theologians who insist that Nevin has just as much to say to the church of the present as he did to the church of the nineteenth century

Richards, 2013-10-23 This memorial volume both displays and evaluates the canonical approach of Brevard S Childs whose attention to history through time animated his interest in the Bible's use in the church through the ages up to and including the present Just as Childs wrote on a wide range of topics canonical and theological both Testaments Isaiah and Exodus the Pauline letters the history of biblical interpretation biblical theology and historical theological and methodological questions the contributors to this volume seasoned colleagues as well as younger scholars who studied with Childs offer an international collection of historical theological and New Testament essays as well as contributions focused on the Old Testament The contributors are Stephen B Chapman Brevard S Childs Don Collett Daniel R Driver Mark W Elliott Leonard G Finn Mark Gignilliat Bernd Janowski Jörg Jeremias Leander E Keck Neil B MacDonald David L Petersen Murray A Rae C Kavin Rowe and Christopher R Seitz **America's God** Mark A. Noll, 2002-10-03 Religious life in early America is often equated with fire and brimstone Puritanism yet by the nineteenth century Americans had moved away from the severe European traditions of which Puritanism was the most influential In its place arose a singularly American set of beliefs marked by heightened spiritual inwardness a new confidence in individual reason and an attentiveness to the economic and market realities of Western life In America's God Mark Noll has given us the definitive history of Christian theology in America from the time of Jonathan Edwards to the presidency of Abraham Lincoln **The Sign of the Gospel** W. Travis

McMaken, 2013-08-01 The theology of the sacraments is one of the most contested parts in Barth's theology none more so than the doctrine of baptism Barth's proposals on baptism have generated intense conversation and disagreement not only on its application to Protestant and ecumenical theology but even on its own consistency with Barth's larger dogmatic project McMaken takes up this controversial question sets it in its proper context within the history of doctrine and Barth's systematic work and argues for a constructive reclamation of infant baptism that accords with Barth's overarching theological concerns and insights notably from Barth's mature theological commitments Pivotal to this volume claims that a reorientation of the doctrine of baptism opens up a new perspective on the practice of infant baptism on the basis of Barth's theology this new perspective as well holds the potential for wide ecumenical application as a form of the proclamation of the gospel and a vital dimension of the church's missional vocation A commanding volume for scholars and students in systematic theology ecumenical studies and sacramental theology
