Reformed Imperative:

The Reformed Imperative John H. Leith, 1988-01-01 In the face of dramatic membership decline John Leith calls on the church to say what no one else can say Leith writes that too often sermons are moral exhortations which can be delivered more effectively at Rotary or Kiwanis clubs or political and economic judgements on society presented with greater wisdom and passion at political conventions or they offer therapies better provided by competent psychiatrists He urges the church to use its only unique skill the ability to interpret and apply the work of God through sermons teaching and pastoral care

The Oxford Handbook of Presbyterianism Gary Scott Smith, Paul Charles Kemeny, 2019 The Oxford Handbook of Presbyterianism provides a state of the art reference tool written by leading scholars in the fields of religious studies and history

Protestant Theology at the Crossroads Gerhard Sauter, 2007-04-26 In an atmosphere of growing skepticism and discouragement what hope has theology for the future and what sources might deliver that hope In this astute analysis of Protestant theology today Gerhard Sauter sets himself to help theology answer critical questions and accomplish crucial tasks in order to move forward with hope Protestant Theology at the Crossroads examines contextual theology in which particular cultural heritages race and gender economic conditions and the structure of social life inform the teachings of the faith rather than vice versa How for example do we approach the crisis in American self understanding caused by terrorism Do changes in European politics alter our theological perceptions Sauter argues that dogmatics properly understood as the process of theological reasoning that supports the life of the church can and should be used as the tool to save theology Dogmatics he says can break through pious isolationism and converge with genuine public theology leading to the church's understanding of its own essence

Calvinism and the Making of the European Mind, 2014-09-18 Calvinism must be assigned a significant place among the forces that have shaped modern European culture Even now despite its history of religious fragmentation and secularization Europe continues to bear the marks of a pervasive Calvinist ethos The

character of that ethos is however difficult to pin down In this volume many of the traditional scholarly conundrums about the relationship between Calvinism and the cultural history of Europe are revisited and re investigated to see what new light can be shed on them For example how has the ethos of Calvinism or more broadly the Reformed tradition affected economic thinking and practice the development of the sciences views on religious toleration or the constitution of European polities In general what kind of transformations did Calvinism s distinct spirituality bring about Such questions demand painstaking and detailed scholarly work a fine sample of which is published in this volume *The Breadth and Depth of the Atonement*

Christian D. Kettler, 2017-05-11 Atonement For some this word is the heart of the Christian faith For others it is irrelevant for Christianity and how they live their Christian lives Often we do not see the breadth and depth of the atonement in the gospel Christian D Kettler in his fourth book on the vicarious humanity of Christ suggests that we consider that the atonement is not only a vicarious death in our place and on our behalf whether in the form of a penal substitute or a moral example but also his vicarious humanity having atoning significance for all of our lives indeed all of reality the church the world and the self These essays are collected from several years of Kettler s thought on the doctrine of the vicarious humanity of Christ and its implications for all of life and reality seeking to demonstrate that the doctrine of the atonement is not to be restricted to one small part of the doctrinal agenda but has profound implications that theology sometimes does not explore These issues include the nature of culture aesthetics creation out of nothing spiritual formation emotional weakness the priesthood of Christ and creation genetic engineering and trusting in the ideal self **The Drama of Doctrine** Kevin J.

Vanhoozer, 2005-08-02 Observing a strange disappearance of doctrine within the church Kevin Vanhoozer argues that there is no more urgent task for Christians today than to engage in living truthfully with others before God He details how doctrine serves the church the theater of the gospel by directing individuals and congregations to participate in the drama of what God is doing to renew all things in Jesus Christ Taking his cue from George Lindbeck and others who locate the criteria of Christian identity in Spirit led church practices Vanhoozer relocates the norm for Christian doctrine in the canonical practices which he argues both provoke and preserve the integrity of the church s witness as prophetic and apostolic
