Refugees, 2004 **Research Handbook on EU Media Law and Policy** Parcu, Pier L., Brogi, Elda, 2021-09-21 This cutting edge Research Handbook presents a comprehensive overview of the European Union's influence on the regulation of the media sector in the digital age. It explores and compares several areas of European legislation that have an impact on the media sector defined in a broad sense for its capacity to influence the public opinion at large. **Routledge Handbook of Constitutional Law** Mark Tushnet, Thomas Fleiner, Cheryl Saunders, 2013-06-26 The Routledge Handbook of Constitutional Law is an advanced level reference work which surveys the current state of constitutional law. Featuring new specially commissioned papers by a range of leading scholars from around the world, it offers a comprehensive overview of the field as well as identifying promising avenues for future research. The book presents the key issues in constitutional law thematically, allowing for a truly comparative approach to the subject. It also pays particular attention to constitutional design, identifying and evaluating various solutions to the challenges involved in constitutional architecture. The book is split into four parts for ease of reference. Part One: General issues sets issues of constitutional law firmly in context, including topics such as the making of constitutions, the impact of religion and culture on constitutions, and the relationship between international law and domestic constitutions. Part Two: Structures presents different approaches in regard to institutions or state organization and structural concepts such as emergency powers and electoral systems. Part Three: Rights covers the key rights often enshrined in constitutions. Part Four: New Challenges explores issues of importance such as migration and refugees, sovereignty under pressure from globalization, Supranational Organizations and their role in creating post-conflict constitutions, and new technological challenges. Providing up-to-date and authoritative articles covering all the key aspects of constitutional law, this reference work is essential reading for advanced students, scholars, and practitioners in the field. *Research Handbook on International Refugee Law* Satvinder Singh Juss, 2019 In an age of ethnic nationalism and anti-immigrant rhetoric, the study of refugees can help develop a new outlook on social justice, just as the post-war international order ends. The global financial crisis, the rise of populist leaders like Trump, Putin, and Erdogan, not to mention the arrival of anti-EU parties, raises the need to interrogate the refugee, migrant, citizen, stateless, legal and illegal, as concepts. This insightful Research Handbook is a timely contribution to that debate. *A Handbook of Integration with Refugees* Esa Aldegheri, Dan Fisher, Alison Phipps, 2025-07-24 This Handbook brings together the viewpoints of academics, practitioners, artists, and people seeking refuge in Scotland to explore the global learnings that can be gained from this context. The book engages with the challenge of supporting integration as multi-directional processes within a broader setting in which forced migration is often criminalised. Situating its analysis of integration in Scotland, the book combines chapters based in theory which explore issues ranging from the concept of integration to law, borders, and integration policy, with creative and practical responses to these issues. The book offers hopeful alternatives to current realities of forced migration and a compelling challenge to dominant

narratives related to refuge and integration It will be of interest to practitioners policymakers and scholars working with refugees and asylum seekers around the world This book is open access under a CC BY ND licence
