Week 2 - Language Regimes

Language Regimes Types

- **Power-concentrating:** exclusive use of one group's mother tongue → perpetuates a sense of inequality; most coercive, could attract foreign capital bc of efficiency, neg effect on generating social capital. Ex. France, Poland, Italy, Spain
- **Power-sharing:** recognition of multiple mother tongues → establishes equality btwn diff languages, by law; a politically dominant language is = political non-dominant language, fair but inefficient (delay mutual understanding) + costly (translation btwn pairs of languages). Ex. EU, Belgium, Switzerland, Luxembourg
- **Power-neutralizing:** use of lingua franca → language spoken, but is the mother tongue of few; linguistic power is removed from all concerned actors + given to neutral 3rd party → assures social capital (trust among the population + inviting for investments (high growth levels). Ex. Swahili in Tanzania
- **Neutralized-sharing:** recognition of politically dominant mother tongue, domestically regional mother tongue, possibly an even more local language, and lingua franca. Ex. Language Politically dominant group in Philippines = Tagalog but English is other official language. Both Tagalog + English dominate edu system, also known as 3+1 language regime bc it recognizing 3 mother tongues + 1 lingua franca

Liu Language Regime's argument:

- One expects linguistic heterogeneity to be bad for political institutions, but it doesn't have to be
 - Ex. After Indonesia's decolonization, it ended up stabilizing and has a successful econ + language regime because Indonesia selected an existing trade language that had local relevance, continuity, and purpose
- Mutual intelligibility (speakers of one lang can communicate/comprehend speakers of another closely related lang) is not necessary or sufficient to distinguish btwn a language and a dialect. There are lang varieties that are mutually intelligible + considered diff langs, + there are lang varieties that can't be mutually understood and considered dialects
- Language is inherently political bc it can be used to as an instrument to build community, a source of group cohesion, and a marker of group identity
- Language power can be softened to build a language community through instituting + managing local multilingualism bc it produces a sense of equality + fairness

Regimes Of Language

Sender Dovchin, Rhonda Oliver, Li Wei

Regimes Of Language:

Regimes of Language Paul V. Kroskrity, 2000 In this text ten linguistic anthropologists integrate two often segregated domains politics and language It addresses the role of language ideologies in state formation nationalism and the maintenance of ethnic groups as well as the creation of national ethnic and professional identities The Evaluation of Language Regimes Michele Gazzola, 2014-08-15 Building on existing analytical frameworks this book provides a new methodology allowing different language policies in international multilingual organisations or language regimes to be compared and evaluated on the basis of criteria such as efficiency and fairness It explains step by step how to organise the evaluation of language regimes and how to design and interpret indicators for such evaluation The second part of this book applies the theoretical framework to the evaluation of the language policy of the Patent Cooperation Treaty PCT division of the World Intellectual Property Organisation WIPO and the European Patent Office EPO Results show that an increase in linguistic diversity of the language regimes of patent organisations can both improve the efficiency of the patent system and lead to a more balanced distribution of costs among countries This book is a resource for scholars in language policy and planning and for policy makers in the international and European patent system **Language Regimes in**

Transformation Florian Coulmas, 2008-08-22 Globalization has many faces One of them is the transformation of language regimes This book provides an in depth account of how two second tier languages Japanese and German are affected by this process In the international arena they no longer compete with English but their status in their home countries and as foreign languages in third countries is in flux Original empirical and theoretical contributions are presented in this up to date study of language regime change The desirability of a single all purpose language for all communication needs is seldom questioned It is simply taken for granted in many advanced countries such as Japan and the German speaking countries However it is not clear whether German and Japanese can sustain their full functional potential if their own speakers use these languages in certain domains with decreasing frequency The advantages of borderless communication in a single language on one hand and maintaining highly cultivated all purpose languages on the other are obvious The question of whether and how these two principles can be reconciled in the age of globalization is not In this book leading scholars present their answers Ulrich Ammon Tessa Carroll Nanette Gottlieb Patrick Heinrich Takao Katsuragi John Maher Kiyoshi Hara Elmar Holenstein Konrad Ehlich Fumio Inoue and Florian Coulmas

State Traditions and Language Regimes Linda Cardinal, Selma K. Sonntag, 2015-05-01 Language policies are political They have political consequences as well as political origins In State Traditions and Language Regimes scholars from Asia Europe and North America shift focus from the consequences of language policies to how and why states make language policy choices This shift theorized through the concept of language regime inserts an urgently needed political science perspective into the current dialogue between sociolinguists who research the societal effects of language policies and political theorists of language rights who analyze the

normative implications of policies New analytical tools drawn from comparative politics are showcased to analyze paths taken by different states in establishing language regimes at times disrupted and redirected at critical junctures Contributions to the volume include analyses of Canada's increasingly court driven language policies the United States bifurcated language regime in the aftermath of 9 11 Ireland's conflicted protection of the Irish language France's linguistic Jacobin tradition disrupted by Europeanization the role of political parties and coalitions in language regime stability and change in Taiwan and Southeast Asia Poland's war torn history informing policy toward regional languages and the role of English in international peace building While other books look at the political and societal effects of language policy none seeks to employ a historical institutionalism approach which sets language policy choice in the context of power relations embedded in state traditions State Traditions and Language Regimes offers a comparative politics perspective one that enriches interdisciplinary debate on language policy

Language Planning for Development in Africa

Kembo-Sure, Serah Mwangi, Nathan Oyori Ogechi, 2006 *Changing Language Regimes in Globalizing Environments: Japan and Europe* Florian Coulmas, Patrick Heinrich, 2005 *Language-related Conflicts in Multinational and Multiethnic Settings*

Barbora Moormann-Kimáková, 2015-11-18 In this book Barbora Moormann Kim kov analyses the possibility of finding an optimal language regime in multinational and multiethnic countries either by defining the contents of an optimal language regime or with the help of a criterion enabling to evaluate whether a language regime is optimal or not The process of the selection or change of a language regime often becomes a matter of a language related conflict These conflicts are mostly accompanied by other political or social conflicts as for example in Ukraine or former Yugoslavia which render solutions and their evaluation difficult The author claims that language regimes can be evaluated based on the increase or lack of their legitimacy in the eyes of the relevant actors This is demonstrated in four language regime studies on the European Union Soviet Union Bosnia and Herzegovina and South Africa

Tension and Contention in Language Education for Latinxs

in the United States Glenn A. Martínez, Robert W. Train, 2019-10-08 Applying a critical lens to language education this book explores the tensions that Latinx students face in relation to their identities social and institutional settings and other external factors Across diverse contexts these students confront complex debates and contestable affirmations that intersect with their lived experiences and social histories Martinez and Train highlight the pedagogic and ethical urgency of teacher responsibility learner agency and social justice in critically addressing the consequences constraints and affordances of the language education that Latinx students experience in historically situated and institutionally defined spaces of practice ideology and policy Reframing language studies to take into account the roles of power inequality and social settings this book provokes dialogue between areas of language education that rarely interface Through privileging the learner experience the book provides a window to the contested spaces across language education and generates new opportunities for engagement and action Offering nuanced and insightful analyses this book is ideal for scholars language researchers

language teacher educators and graduate students in all areas of language education

Standardizing Diversity Amy H. Liu, 2015-01-14 Languages have deep political significance beyond communication a common language can strengthen cultural bonds and social trust or it may exacerbate cultural differences and power imbalances Language regimes that emerge from political bargains can centralize power by favoring the language of one ethnolinguistic group share power by recognizing multiple mother tongues or neutralize power through the use of a lingua franca Cultural egoism communicative efficiency or collective equality determines the choice As Amy H Liu demonstrates the conditions surrounding the choice of a language regime also have a number of implications for a nation s economy Standardizing Diversity examines the relationship between the distribution of linguistic power and economic growth Using a newly assembled dataset of all language in education policies in Asia from 1945 to 2005 and drawing on fieldwork data from Malaysia and Singapore Liu shows language regimes that recognize a lingua franca exclusively or at least above all others tend to develop social trust attract foreign investment and stimulate economic growth Particularly at high levels of heterogeneity the recognition of a lingua franca fosters equality and facilitates efficiency Her findings challenge the prevailing belief that linguistic diversity inhibits economic growth suggesting instead that governments in even the most ethnically heterogeneous countries have institutional tools to standardize their diversity and to thrive economically

Advances in Interdisciplinary Language Policy François Grin, László Marác, Nike K. Pokorn, 2022-01-15 This book stems from the joint effort of 25 research teams across Europe representing a dozen disciplines from the social sciences and humanities resulting in a radically novel perspective to the challenges of multilingualism in Europe The various concepts and tools brought to bear on multilingualism are analytically combined in an integrative framework starting from a core insight in its approach to multilingualism Europe is pursuing two equally worthy but non converging goals namely the mobility of citizens across national boundaries and hence across languages and cultures and the preservation of Europe s diversity which presupposes that each locale nurtures its linguistic and cultural uniqueness and has the means to include newcomers in its specific linguistic and cultural environment In this book scholars from applied linguistics economics the education sciences finance geography history law political science philosophy psychology sociology and translation studies apply their specific approaches to this common challenge Without compromising the state of the art analysis proposed in each chapter particular attention is devoted to ensuring the cross disciplinary accessibility of concepts and methods making this book the most deeply interdisciplinary volume on language policy and planning published to date

The Routledge International Handbook of Language Education Policy in Asia Andy Kirkpatrick, Anthony J. Liddicoat, 2019-04-17 This must have handbook offers a comprehensive survey of the field It reviews the language education policies of Asia encompassing 30 countries sub divided by regions namely East Southeast South and Central Asia and considers the extent to which these are being implemented and with what effect The most recent iteration of language education policies of each of the countries is described and the

impact and potential consequence of any change is critically considered Each country chapter provides a historical overview of the languages in use and language education policies examines the ideologies underpinning the language choices and includes an account of the debates and controversies surrounding language and language education policies before concluding with some predictions for the future *International Journal of the Sociology of Language* ,2004

A Research Agenda for Entrepreneurial Cognition and Intention Malin Brännback,Alan L. Carsrud,2018-01-26 A Research Agenda for Entrepreneurial Cognition and Intention suggests new directions and approaches to study the internal thought processes of entrepreneurs by examining areas that have been under researched ignored or overlooked

Bridging Linguistics and Economics Cécile B. Vigouroux,Salikoko S. Mufwene,2020-03-19 By bridging the gap between linguistics and economics this book sheds light on a range of mutually valuable topics

The Evolution of Biological Disarmament Nicholas Roger Alan Sims,2001 The evolution of the disarmament regime of the 1972 Biological and Toxin Weapons Convention BTWC is described from 1980 when the first BTWC Review Conference was held until 1998 The author analyses the results of our first four review Conferences the meetings of the Ad Hoc Group of Governmental Experts to Identify and Examine Potential Verification Measures from a Scientific and Technical Standpoint the 1994 Special Conference the current negotiations of the Ad Hoc Group to produce an additional protocol the BTWC which may include verification measures handling of the 1997 Cuban allegation of US biological warfare and the implementation of Article X of the BTWC on international transfers and cooperation for peaceful purposes The strength of the BTWC regime is assessed in the light of its evolution through the review process and its changing contents including Russia s admission that it had inherited an offensive biological weapon programme The book applies an original sector by sector approach to its analysis of the BTWC studied in a long term perspective

English Language Constitutional Amendments United States. Congress. House. Committee on the Judiciary. Subcommittee on Civil and Constitutional Rights,1989

Reframing the Transitional Justice Paradigm Jill Stockwell,2014-01-29 This volume explores the evolving and complex memorial consequences of state sponsored violence in post dictatorial Argentina Specifically it looks at the power and significance of personal emotions and affects in shaping memorial culture This volume contends that we need to look beyond political and ideological contestations to a deeper level of how memorial cultures are formed and sustained It argues that we cannot account for the politics of memory in modern day Argentina without acknowledging and exploring the role played by individual emotions and affects in generating and shaping collective emotions and affects Drawing from direct testimony from Argentinian women who have experienced political and physical violence the research in this volume aims at understanding how their memories may be a different source of insight into the deep animosities within and between Argentine memorial cultures In direct contrast to the nominally objective and universalist sensibility that traditionally has driven transitional justice endeavours this volume examines how affective memories of trauma are a potentially disruptive power within the reconciliation paradigm and thus

affect should be taken into account when considering transitional justice Accordingly *Cultures of Remembrance for Women in Post Dictatorial Argentina* is an excellent resource for those interested in human rights transitional justice clinical psychology and social work and Latin American conflicts *Multilingualism in Post-Soviet Countries* Aneta Pavlenko,2008 In the past two decades post Soviet countries have emerged as a contested linguistic space where disagreements over language and education policies have led to demonstrations military conflicts and even secession This collection offers an up to date comparative analysis of language and education policies and practices in post Soviet countries *The Power of Voice in Transforming Multilingual Societies* Julia Gspandl,Christina Korb,Angelika Heiling,Elizabeth J. Erling,2023-07-07 This volume aims to capture evidence of marginalized voices in various contexts globally and show how speakers seek to reclaim their voices and challenge power relations The chapters reveal how speakers actively confront inequities in society such as the unequal distribution of resources Through bottom up initiatives and conscious involvement in language use documentation and the development of language domains speakers can address issues of language based marginalization re establish linguistic human rights and reclaim their linguistic and cultural identity Chapters in the volume explore commitments to democratic participation to voice to the heterogeneity of linguistic resources and to the political value of sociolinguistic understanding Drawing upon the framework of linguistic citizenship they link questions of language to sociopolitical discourses of justice rights and equity as well as to issues of power and access within a political and democratic framework

Translingual Practices Sender Dovchin,Rhonda Oliver,Li Wei,2024-05-09 Bringing together work from a team of international scholars this groundbreaking book explores how language users employ translingualism playfully while at the same time negotiating precarious situations such as the breaking of social norms and subverting sociolinguistic boundaries It includes a range of ethnographic studies from around the globe to provide us with insights into the everyday lives of language users and learners and their lived experiences and how these interact in translingual practices A number of mixed methodological frameworks are included to study language users behaviours experiences and actions cover the complexity of language evolutionary processes and ultimately show that precarity is as fundamental to translingualism as playfulness It points to a future research direction in which research should be pragmatically applied into real pedagogical actions by revealing the sociolinguistic realities of translingual users fundamentally addressing broader issues of racism social injustice language activism and other human rights issues

Yeah, reviewing a book **Regimes Of Language** could increase your near associates listings. This is just one of the solutions for you to be successful. As understood, capability does not recommend that you have astounding points.

Regimes Of Language Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Regimes Of Language PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Regimes Of Language PDF books and manuals is convenient and cost-effective, it is vital to respect copyright

laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Regimes Of Language free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
