Regional Problem Stuart Holland, 1976-01-01 **Regional Problems and Policies in Italy and France** Kevin Allen, M. C. MacLennan, 2024-11-01 First published in 1970 *Regional Problems and Policies in Italy and France* examines the problem of regional imbalance in two important countries of Western Europe and emphasizes that policies aimed at promoting regional development must form an integral part of national economic policies The book is divided into three parts Part I *Regional Problems and Policies in Italy* part II *Regional Problems and Policies in France* and part III *Regional Policy Three Issues* Part I and II analyze how regional policy in France and Italy has moved away from the public assistance type of intervention into new broader approaches which require reorganization of traditional procedures change in economic structures introduction of new products and methods of production movement of workers between areas and occupations and shifts in geographical distribution of population and employment Part III explores regional planning and growth centres or growth areas in the light of French and Italian experiences It further analyses the regional effects of the EEC and gives a brief account of how British regional problems and policies would be affected by the membership of Community This volume is an essential reading for students of Western European governmental policy and the European Economic Community

Traffic Problems in Their Relation to the Regional Plan of New York and Its Environs, 1924 **Handbook of Local and Regional Development** Andy Pike, Andres Rodriguez-Pose, John Tomaney, 2010-11-17 The *Handbook of Local and Regional Development* provides a comprehensive statement and reference point for local and regional development The scope of this Handbook's coverage and contributions engages with and reflects upon the politics and policy of how we think about and practise local and regional development encouraging dialogue across the disciplinary barriers between notions of local and regional development in the Global North and development studies in the Global South This Handbook is organized into seven inter related sections with an introductory chapter setting out the rationale aims and structure of the Handbook Section one situates local and regional development in its global context Section two establishes the key issues in understanding the principles and values that help us define what is meant by local and regional development Section three critically reviews the current diversity and variety of conceptual and theoretical approaches to local and regional development Section four address questions of government and governance Section five connects critically with the array of contemporary approaches to local and regional development policy Section six is an explicitly global review of perspectives on local and regional development from Africa Asia Pacific Europe Latin America and North America Section seven provides reflection and discussion of the futures for local and regional development in an international and multidisciplinary context With over forty contributions from leading international scholars in the field this Handbook provides critical reviews and appraisals of current state of the art conceptual and theoretical approaches and future developments in local and regional development *Planning Problems of Town, City, and Region* National Conference on City Planning, 1926 **Planning**
