Regional Problems Policies In Italy:

Regional Problems and Policies in Italy and France Kevin Allen, M. C. MacLennan, 2024-11-01 First published in 1970 Regional Problems and Policies in Italy and France examines the problem of regional imbalance in two important countries of Western Europe and emphasizes that policies aimed at promoting regional development must form an integral part of national economic policies The book is divided into three parts Part I Regional Problems and Policies in Italy part II Regional Problems and Policies in France and part III Regional Policy Three Issues Part I and II analyze how regional policy in France and Italy has moved away from the public assistance type of intervention into new broader approaches which require reorganization of traditional procedures change in economic structures introduction of new products and methods of production movement of workers between areas and occupations and shifts in geographical distribution of population and employment Part III explores regional planning and growth centres or growth areas in the light of French and Italian experiences It further analyses the regional effects of the EEC and gives a brief account of how British regional problems and policies would be affected by the membership of Community This volume is an essential reading for students of Western European governmental policy and the European Economic Community *Regional Problems and Policies in Italy and France* Kevin Allen, Malcolm Cameron MacLennan, 1970

OECD Studies on Tourism Italy: Review of Issues and Policies OECD, 2011-06-22 This report sets out the main analysis and recommendations of the OECD tourism policy review of Italy *Economic Growth and Cohesion Policy Implementation in Italy and Spain* Mattia Casula, 2020-05-20 This book concerns EU Cohesion Policy and the economic convergence of underdeveloped regions in Italy and Spain from the first programming period to the present it investigates the political and institutional factors that determine the success or failure of implementing EU Cohesion Policy at national and sub national level as well as their impact on economic growth On the wave of the American tradition of development studies this book suggests that public policy analysis can be fruitful for understanding economic growth and cohesion if it were to reconstruct domestic public interventions for development and the institutional characteristics of the subjects responsible for pursuing development goals To do so this book derives its theoretical foundations from the traditional debate on the role of state actors in promoting economic development and on the institutional characteristics that the public authorities involved in the process of economic development should display More precisely by adopting an Hirschmanian approach to development it elaborates an original framework to compare different Cohesion Policy implementations and to understand its economic results in different countries using Italy and Spain as pilot studies
