Regional Development In A Modern European Economy The Case Of Tuscany:

Regional Development in a Modern European Economy Robert Leonardi, Raffaella Nanetti, 1994 Since Tuscany was targeted as an Objective Two area to reverse industrial decline its development has made it a European Union success story This volume brings together for the first time in English a team of experts to examine the Tuscan Model of development and its link with European integration All aspects of the economy are examined from the textile industry to tourism It is shown that Tuscany has benefited from European integration and regional decentralisation with an expanding export market to other EU countries Crucially the principles and practice approach demonstrates how the model can be applied to other such regions and the book has applicability beyond the immediate scope of study Given the absolute necessity of a coherent industrial policy at European level this volume is an invaluable reference for students scholars and practitioners alike

Regional Development in a Modern European Economy Robert Leonardi, Raffaella Nanetti, 1998 This second edition provides a timely and much needed update of regional development in Tuscany Tuscany since being designated an Objective Two area to reverse industrial decline has been an amazing success story This book updates the analysis of the Tuscan Model of development and its link with European integration The book has applicability beyond the immediate area of study as the policies outlined may be applied to other similar regions It will be an invaluable reference for students scholars and practitioners interested in the development and implementation of a coherent industrial policy at European level

Globalization and the European Political Economy Steve Weber, Steven Weber, 2001 Exploring the impact of globalization on governance structures in the modern European political economy this volume evaluates a set of propositions about the effects of globalization in the context of several empirical settings including corporate governance and regional economic development

Business and Management Practices in Greece R. Prouska, M. Kapsali, 2011-05-11 A comprehensive picture of the Greek business system and management practices placed in a comparative context The editors bring together knowledge from contemporary research in a comprehensive analytical and comparative way that enables readers to see the Greek system in a holistic way

The Regions and the New Europe Martin Rhodes, 1995 The contributors argue that some regions such as Emilia Romagna Baden Wurttemberg and Rhone Alpes have been highly successful in launching regional development strategies Others such as the English and certain southern European regions lack the economic resources and institutional structures to follow these examples The book analyses the reasons for success and failure and considers the strategic development options open to the less developed European regions

Regional Innovation Systems Hans-Joachim Braczyk, Philip Cooke, Martin Heidenreich, 2004-11-01 Since the first edition of this book in 1995 there has been a worldwide innovation led economic boom and a subsequent slump meaning enormous change has also occurred at the level of regional economies The new edition registers this change and provides an interesting test of the robustness of the original arguments in the book

Not

least more industrial policy making is influenced by the RIS analysis and many national and regional governments have adopted RIS approaches along with related instruments like promotion of industry clusters academic entrepreneurship regional venture capital and science led development strategies Democracy in Southern Europe Isabelle Calleja Ragonesi,2019-02-28 How have Malta and Cyprus both EU members transitioned from colonial island states to independent democracies With the assistance of primary documentation this book traces the difficult path of these two states to becoming independent liberal democracies by using the pathway of democratization through decolonization Using socio economic and political data analysed through the microscope of political science and international relations theories Isabelle Calleja Ragonesi charts the progress of the two islands in the context of a number of four distinct phases Firstly decolonization independence and achieving the status of procedural democracies secondly post colonial independence consolidating democracy and regime breakdown thirdly sovereign nation state status and second attempts at consolidating democracy and finally attempting to reach substantive democracy status and EU membership The study of these two states is contextualized within the context of democratization in Southern Europe and the cases of Malta and Cyprus provide new insights on the region for scholars of political science and international institutions The Lega Nord and the Politics of Secession in Italy

A. Bull,M. Gilbert,2001-11-07 Since the late 1980s the Lega Nord has broken the mould of Italian politics Federalist secessionist populist it has succeeded in mobilizing the entrepreneurial class of Northern Italy in a campaign against the Italian state In 1996 it launched the idea of Panadia a separate Northern Italian nation This proved to be a step too far but the Lega remains a political force to be reckoned with and has propelled the Northern question on to the national stage

Clusters, Networks and Innovation Stefano Breschi,Franco Malerba,2005-12-22 Examining the role of the much vaunted concepts of regional clusters in the prosperity and economic expansion of countries this work looks at the different experiences of industrial districts and high tech regions such as Silicon Valley Boston s biotech region and Hsinchu Taipei

Food and Urbanism Susan Parham,2015-02-26 Cities are home to over fifty percent of the world s population a figure which is expected to increase enormously by 2050 Despite the growing demand on urban resources and infrastructure food is still often overlooked as a key factor in planning and designing cities Without incorporating food into the design process how it is grown transported and bought cooked eaten and disposed of it is impossible to create truly resilient and convivial urbanism Moving from the table and home garden to the town city and suburbs Food and Urbanism explores the connections between food and place in past and present design practices The book also looks to future methods for extending the gastronomic possibilities of urban space Supported by examples from places across the world including the UK Norway Germany France Spain Portugal Greece Romania Australia and the USA the book offers insights into how the interplay of physical design and socio spatial practices centred around food can help to maintain socially rich productive and sustainable urban space Susan Parham brings together the latest research from a number of disciplines urban planning food studies

sociology geography and design with her own fieldwork on a range of foodscapes to highlight the fundamental role food has to play in shaping the urban future

Unraveled Elizabeth L. Krause, 2009-09-17 Deftly bridging literary conventions this compelling work exposes the cultural origins of a quiet revolution that occurred over the course of the twentieth century Elizabeth Krause combines novelistic and ethnographic techniques to illuminate population dynamics that have raised alarm across Europe and the United States and manifested for example in Italy's extremely low birthrate But what actually motivates people to have fewer children Krause turns to the evocative story of one woman Emilia Raugei who was born in a Tuscan hill town in 1920 and worked as a straw weaver in a rapidly globalizing economy to better understand this question Based on extensive fieldwork including indepth conversations with Emilia herself Krause draws on her rich and unconventional memories to create an engaging portrait of life in a rural village during Mussolini's rise to power it is a tale of migration love and loss political turmoil and the struggle to make a living during hard times Giving voice to a largely silent history that is at once local and global *Unraveled: A Weaver's Tale of Life Gone Modern* will challenge us to find innovative approaches to understanding the transformative shift to a modern way of life Publisher's website

Politics in Europe M. Donald Hancock, Michelle Hale Williams, Marjorie Castle, Christopher J. Carman, David P. Conradt, Alan Convery, Robert Leonardi, Raffaella Y. Nanetti, Jan Teorell, Sofia Tipaldou, 2024-02-13 *Politics in Europe* introduces students to the power of the EU and seven political systems the UK France Germany Italy Sweden Russia and Poland while addressing key social and political issues including globalization terrorism immigration gender and religion Packed with robust country descriptions from regional specialists the Eighth Edition encourages critical thinking and meaningful cross national comparisons

The Connected City Zachary P. Neal, 2012-08-06 *The Connected City* explores how thinking about networks helps make sense of modern cities what they are how they work and where they are headed Cities and urban life can be examined as networks and these urban networks can be examined at many different levels The book focuses on three levels of urban networks micro meso and macro These levels build upon one another and require distinctive analytical approaches that make it possible to consider different types of questions At one extreme micro urban networks focus on the networks that exist within cities like the social relationships among neighbors that generate a sense of community and belonging At the opposite extreme macro urban networks focus on networks between cities like the web of nonstop airline flights that make face to face business meetings possible This book contains three major sections organized by the level of analysis and scale of network Throughout these sections when a new methodological concept is introduced a separate method note provides a brief and accessible introduction to the practical issues of using networks in research What makes this book unique is that it synthesizes the insights and tools of the multiple scales of urban networks and integrates the theory and method of network analysis

The Coherence of EU Regional Policy John Bachtler, Ivan Turok, 2013-12-16 This book brings together a rich selection of up to date practical experience of EU regional policy from across Europe It provides different perspectives on the

design and operation of regional development strategies under the Structural Funds from people closely involved in studying managing or advising on the process at EU national and regional levels It therefore offers a more comprehensive and detailed understanding of the structural policies than has been available hitherto This will prove particularly useful to researchers practitioners and students interested in European regional policies and processes *The Italian Urban System*

Piero Bonavero, Giuseppe Dematteis, Fabio Sforzi, 2019-06-04 First published in 1999 this volume situates the Italian urban system within a European context examining the best approach to integration Connections between urban development territorial cohesion and the European urban system have been clearly identified by Europe 2000 1991 and identified as primary instruments for achieving social and economic cohesion and competitiveness as per the Treaty of Maastricht and the White Paper Growth Competitiveness Employment 1993 This book aids this endeavour through featuring contributions on cities as nodes of transport networks economic change the demographic transition the local milieu regional cohesion and global networks and how the system can integrate into European urban networks **Government and Politics of Italy**

Robert Leonardi, 2017-09-12 The political history of Italy has been an undeniably turbulent one The country's political system has been repeatedly threatened by the historical existence of extremist parties on the left and right an economy which struggles to adapt the cleavage between a developed north and an underdeveloped south the challenge posed by terrorist groups and organized crime high public debt and governments that last on average only ten months Paradoxically however Italy continues to muddle through from one political crisis to another with one of the world's highest standards of living and quality of life What is the secret of Italian politics **The Institutions of Local Development** Fabio Sforzi, Ash

Amin, 2018-05-08 This title was first published in 2003 Development is a complex and heterogeneous phenomenon driven by the expansion of one or more sectors and their influence on the others It is the outcome of local interdependencies among firms households and institutions which give rise to specific territorial patterns of local systems Policies of development cannot therefore restrict themselves to undifferentiated intervention from the centre to the periphery but must be able to stimulate and sustain endogenous bottom up growth by means of specific programmes Thus individuals and organizations public or private interact take decisions and devise strategies in a context that is simultaneously co operative and competitive The first in a series this volume brings together a team of leading international social scientists from the IGU study group on local development Illustrated by a wide range of global case studies it analyses what knowledge is required for industrial production and how best to organize this knowledge embedded as it is in physical human and social capital It focuses on the formation of social capital and the various forms into which this may evolve in particular the sets of institutions which regulate relationships within and among firms *OECD Territorial Reviews: Siena, Italy 2002* OECD, 2002-07-05 OECD's

territorial review of the Italian province of Siena **A Handbook of Industrial Districts** Giacomo Becattini, Marco Bellandi, Lisa De Propris, 2014-05-14 A Handbook of Industrial Districts is a very well organized and structured collection of

scientific works on the theory of industrial districts Roberta Capello Regional Studies In this comprehensive original reference work the editors have brought together an unrivalled group of distinguished scholars and practitioners to comment on the historical and contemporary role of industrial districts

Tight Knit Elizabeth L. Krause, 2018-08-17 The coveted Made in Italy label calls to mind visions of nimble fingered Italian tailors lovingly sewing elegant high end clothing The phrase evokes a sense of authenticity heritage and rustic charm Yet as Elizabeth L Krause uncovers in Tight Knit Chinese migrants are the ones sewing Made in Italy labels into low cost items for a thriving fast fashion industry all the while adding new patterns to the social fabric of Italy's iconic industry Krause offers a revelatory look into how families involved in the fashion industry are coping with globalization based on longterm research in Prato the historic hub of textile production in the heart of metropolitan Tuscany She brings to the fore the tensions over value money beauty family care and belonging that are reaching a boiling point as the country struggles to deal with the same migration pressures that are triggering backlash all over Europe and North America Tight Knit tells a fascinating story about the heterogeneity of contemporary capitalism that will interest social scientists immigration experts and anyone curious about how globalization is changing the most basic of human conditions making a living and making a life
