Regionalism And Rivalry Japan And The U S In Pacific Asia:

Regionalism and Rivalry Jeffrey A. Frankel, Miles Kahler, 2007-12-01 As Japan's newfound economic power leads to increased political power there is concern that Japan may be turning East Asia into a regional economic bloc to rival the U S and Europe In *Regionalism and Rivalry* leading economists and political scientists address this concern by looking at three central questions Is Japan forming a trading bloc in Pacific Asia Does Japan use foreign direct investment in Southeast Asia to achieve national goals Does Japan possess the leadership qualities necessary for a nation assuming greater political responsibility in international affairs The authors contend that although intraregional trade in East Asia is growing rapidly a trade bloc is not necessarily forming They show that the trade increase can be explained entirely by factors independent of discriminatory trading arrangements such as the rapid growth of East Asian economies Other chapters look in detail at cases of Japanese direct investment in Southeast Asia and find little evidence of attempts by Japan to use the power of its multinational corporations for political purposes A third group of papers attempt to gauge Japan's leadership characteristics They focus on Japan's technology ideology its contributions to international public goods international monetary cooperation and economic liberalization in East Asia *Regionalism and Rivalry* Jeffrey A. Frankel, 1995

Hegemony and the US-Japan Alliance Misato Matsuoka, 2018-06-14 It is widely recognised that the increasing importance of the US Japan alliance is strongly linked to emerging threats in the Asia Pacific with China's rise and the ambitions of North Korea having brought the two allies closer together This book however seeks to question whether these factors are indeed the sole determinants of this enduring alliance A pioneering study conducted through the lens of neo Gramscianism this book unravels the intricate political dynamism involved in the US Japan alliance It provides an innovative attempt to link the concept of alliances to hegemony and thus examines Japan's relationship to US dominance in the region Building on existing scholarship it also seeks to examine how Japan's continuing dependence on the US and the burden it places on citizens living near US military bases may affect the durability of the alliance in the post Cold War era As such this book presents an alternative theoretical tool in the field of international relations to analyse the political nature of the alliance as well as US hegemony in the region This book will be useful to students and scholars of Japanese Politics and foreign policymaking as well as International Relations and Security Studies more generally

Japanese Foreign Policy in Asia and the Pacific A. Miyashita, Y. Sato, 2001-11-16 Japanese Foreign Policy in Asia and the Pacific aims to provide a broadened framework for examining Japan's foreign policy making by looking at conversion and diversion of interests among Japanese and American policy actors These include governmental and non governmental as well as domestic and transnational actors Utilizing this theoretical framework the contributors examine the role of U S pressure and its interaction with Japan's domestic and Japan based transnational actors interests through geographically or thematically focused case studies from Asia and the Pacific regions

Asian Economic and Political Issues Frank H. Columbus, 1998 It is predicted by some observers that the 21st

century will be remembered as the Asian Century Many of the countries in the region seem to be able to take the economic and trade baton when one of the others experiences problems the region in general continues to grow economically politically and militarily The articles presented in this book examine the current political and economic situations in nations across Asia particularly focusing on economic developments Contents Preface Why Does China Succeed in Attracting and Utilising Foreign Direct Investment Democracy Movement at the Crossroads Protracted Democratisation and De mobilisation in Hong Kong China s Opening to the Outside World with Facing Economic Globalisation China s Telecommunications Reforms From Monopoly towards Competition World Bank Lending Issues Raised by China s Qinghai Resettlement Project Explaining the Soft Open Regionalism in East Asia Governance Security and the Environmental Policy in South Asia A Paradox of Change and Continuity Carbon Emissions Control Trade Liberalisation and Electricity Market Imperfection Coordinated Approaches to Taiwan s Trade and Tax Policy ASEAN Haz

Systemic Changes in the German and Japanese Economies Werner Pascha,2004-08-05 Should Japan and Germany strive to restructure their institutional fabric and arrangements to make them more similar to Anglo American standards Where will systemic change lead This book offers fresh insights by collecting Japanese and German contributions to this scholarly discussion both from theoretical and empirical viewpoints A major conclusion of several papers is that the forces of differentiation are frequently underestimated Important thematic issues include contingency path dependence and complementarity Examinations of economic globalisation and rapidity of technological change pose questions about the nature of socio economic system analysis in the future

New Free Trade Agreements in the Asia-Pacific C. Dent,2006-07-11 This book studies the main causes consequences and nature of the Asia Pacific s new free trade agreement FTA trend and its implications for the global economy It explores the FTA policies of the region s trade powers and offers conceptual and theoretical perspectives on the relationship between economic bilateralism and regionalism

Historical Dictionary of International Organizations in Asia and the Pacific Derek McDougall,2014-10-01 Historical Dictionary of International Organizations in Asia and the Pacific Second Edition covers global international and regional organizations in Asia and the Pacific and encompasses both governmental and non governmental organizations This second edition covers the history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 200 cross referenced entries on important personalities thematic topics and major international issues affecting the region This book is a valuable tool for anyone seeking details about international organizations in Asia and the Pacific and the international context within which those organizations function

Japan's International Relations Glenn D. Hook,Julie Gilson,Christopher W. Hughes,Hugo Dobson,2011-09-01 The latest edition of this comprehensive and user friendly textbook provides a single volume resource for all those studying Japan s international relations It offers a clear and concise introduction to the most important aspects of Japan s role in the globalized economy of the twenty first century The book has been fully updated and revised to include

comprehensive discussions of contemporary key issues for Japan's IR including the rise of China reaction to the global economic and financial crisis since 2008 Japan's proactive role after 9/11 and the war on terror responses to events on the Korean Peninsula relations with the USA and the Obama administration relations with Russia Central Asia and the Middle East changing responses to an expanding and deepening European Union Extensively illustrated the text includes statistics maps photographs summaries and suggestions for further reading making it essential reading for those studying Japanese politics and the international relations of the Asia Pacific A note on the cover The cover illustration entitled Double Standard is a Japanese manga penned by satirical artist Ichihanahana in November 2010 regarding rising Japanese nationalism Japan China tensions over the disputed territory of the Senkaku islands and the US presence in Okinawa This manga demonstrates many of the key themes in Japan's ties with China and the US but also a number of other central features of Japan's international relations as explored throughout this text **Trade Politics** Brian Hocking, Steven McGuire, 2013-03-04

Leading experts provide a clear overview of the evolving environment of trade politics and the current issues surrounding its development *On the Record Re Japan*, 1996

South Asian Economic Development Moazzem Hossain, Iyanatul Islam, Reza Kibria, 1999 The notion that South Asian economies have tended to be less successful than those of East Asia is critically examined and the reasons why discussed Countries covered include Pakistan India Bangladesh and Sri Lanka Key issues examined agriculture and rural development labour market and human resource development trade and industry policies foreign investment and technological capabilities foreign aid and economic development financial development and economic performance poverty inequality and economic development regional economic co operation green development

Global Economy, Global Technology, Global Corporations National Research Council, Policy and Global Affairs, Office of International Affairs, Committee on Japan, 1998-05-17 *Asia in Japan's Embrace* Walter Hatch, Kozo Yamamura, 1996-06-28 Comprehensive and controversial this book critically examines Japan's economic presence in Asia

The Web of Power Kōzō Katō, 2002-01-01 The Web of Power illustrates the central importance of international development policy to national economic and strategic security Kozo Kato's meticulous analysis of Japanese and German international cooperation policy overturns the myth of Japan and Germany's convergent development strategies revealing that each state's policy for fostering interdependence has been shaped by markedly different domestic political agendas Japanese development policy moved to embrace international cooperation as a means of pursuing national interests while Germany fearing the economic risks and political costs of a global scope approach restricted its development strategy to Europe This work will be of great interest to political scientists economists and scholars of international relations who wish to better understand using Japanese multinationalism and German regionalism as case studies the fluctuating dynamics of modern economic forces **Light the Lamp** Christopher Charles Findlay, Mari Pangestu, David Parsons, 2010 This is a

collection of papers dedicated to the memory of well known WTO staffer Bijit Bora who died suddenly in 2006 The papers

include applied analysis of questions of policy in international trade in fields related to Bora's interests including foreign direct investment trade in services competition policy and trade and development It contains previously unpublished papers by Bora himself on the impact of the WTO Economic Development and Cooperation in the Pacific Basin Hiro Lee, David W. Roland-Holst, 1998-09-28 First published in 1998 this volume brings together contributions from leading economic analysts around the Pacific Basin reporting on their research into three of the most important issues facing the region trade investment flows and the environmental effects of economic growth Each of these issues has important domestic and multilateral ramifications and the Pacific Basin's status as the world's most dynamic economic region makes this analysis relevant to policy makers and researchers in all countries The collection is unusual in offering appraisals from economists representing the principal economies of the region Among other contributions in the book are insights into the forces animating regional trade and investment detailed assessment of leading East Asian economies such as those of China Indonesia Japan Korea and Singapore and innovative research on economy environment linkages **On the Record** Pamela Fields, 1997 *Structure and Policy in Japan and the United States* Peter F. Cowhey, Mathew McCubbins, 1995-09-29 This volume compares the strengths and weaknesses of governments in Japan and in the US Regional Change in Industrializing Asia Leo van Grunsven, 2019-01-04 First published in 1998 this book responds to the dynamics of Industrializing Asia and the behavioural changes of actors which in response to changing internal and external forces have given rise to and are constantly giving rise to alterations in patterns of growth From a geographical perspective these are expressed in regional change understood as a reconstruction of spatial organization The imperatives of dynamic comparative advantage changing global or regional competitiveness and regional competition faced by different actors entities or territorial units can be identified as important forces underlying and shaping regional change This volume provides further illumination contextualization and interpretation of the spatiality of the economic reality in Industrializing Asia as well as the role played by and the implications for different actors The objectives of this book are 1 to outline the processes of regional change linked to responses in the form of restructuring and integrative and regionalization tendencies as well as the realignment of the global regional local divide in production systems complexes and the operation of firms associated with reorganization of production in the process of maintaining and reconfiguring comparative advantage 2 to highlight the wide scope of the process by considering differential units of analysis linked to the agents and manifestations of regional change and the role of scale in terms of the spatial units involved 3 to highlight the implications as to the current and future position or role of differential actors agents particularly nation state in shaping the new economic reality in the region and as a corollary its positioning in the global economic order
