Art & Science in the Choral Rehearsal Sharon J. Paul,2020-03-02 In recent decades cognitive neuroscience research has increased our understanding of how the brain learns retains and recalls information At the same time social psychologists have developed insights into group dynamics exploring what motivates individuals in a group to give their full effort or conversely what might instead inspire them to become free loaders *Art and Science in the Choral Rehearsal* explores the idea that choral conductors who better understand how the brain learns and how individuals within groups function can lead more efficient productive and enjoyable rehearsals Armed with this knowledge conductors can create rehearsal techniques which take advantage of certain fundamental brain and social psychology principles Through such approaches singers will become increasingly engaged physically and mentally in the rehearsal process *Art and Science in the Choral Rehearsal* draws from a range of scientific studies to suggest and encourage effective evidence based techniques and can help serve to reset and inspire new approaches toward teaching Each chapter outlines exercises and creative ideas for conductors and music teachers including the importance of embedding problem solving into rehearsal the use of multiple

entry points for newly acquired information techniques to encourage an emotional connection to the music and ways to incorporate writing exercises into rehearsal Additional topics include brain compatible teaching strategies to complement thorough score study the science behind motivation the role imagination plays in teaching the psychology of rehearsal and conducting tips and advice All of these brain friendly strategies serve to encourage singers active participation in rehearsals with the goal of motivating beautiful inspired and memorable performances *The Choral Rehearsal* James Mark Jordan,Eugene Corporon,2008

Mappings Denis Cosgrove, 1999-04-01 *Mappings* explores what mapping has meant in the past and how its meanings have altered How have maps and mapping served to order and represent physical, social, and imaginative worlds How has the practice of mapping shaped modern seeing and knowing In what ways do contemporary changes in our experience of the world alter the meanings and practice of mapping and vice versa In their diverse expressions, maps and the representational processes of mapping have constructed the spaces of modernity since the early Renaissance The map's spatial fixity, its capacity to frame, control, and communicate knowledge through combining image and text, and cartography's increasing claims to scientific authority make mapping at once an instrument and a metaphor for rational understanding of the world Among the topics the authors investigate are projective and imaginative mappings, mappings of terraqueous spaces, mapping and localism at the chorographic scale, and mapping as personal exploration With essays by Jerry Brotton, Paul Carter, Michael Charlesworth, James Corner, Wytan Curnow, Christian Jacob, Luciana de Lima, Martins, David Matless, Armand Mattelart, Lucia Nuti, and Alessandro Scafi *How to Rehearse a Scene*

Timothy Johnson, 2025-07-30 *How to Rehearse a Scene: Progressive Exercises to Enhance Scene Work* provides detailed exercises and assignments that will imaginatively and artistically enhance an actor's scene process work from start to finish This book offers original and traditional scene exercises for use in rehearsal and in the classroom From an actor's first read-through of the play, working alone to rehearsals with a scene partner, the structure of each exercise and assignment becomes the teacher in the room, detailing what the actor can do to make specific and personal discoveries that will continually empower them to grow throughout their scene process work The book is divided into progressive sections with thorough

exercise instructions The book also includes scene partner etiquette a suggested rehearsal schedule tips for teaching the material and reflections highlighting the author s personal and professional experiences that relate to the exercises and the work of being an artist This book is written for students in acting courses professional actors and teachers of acting It will also be of interest and assistance to directors
