Reinventing Anthropology:

Reinventing Anthropology Dell H. Hymes, 1999 Radical anthropology for the new generation **Reinventing Anthropology** Dell Hymes, 1974 **Reinventing Anthropology** Dell Hymes, 1969 **Reinventing Anthropology** Dell H. Hymes, 1972 Collection of articles exploring the institutional and theoretical frameworks of the anthropological discipline article by K Hale separately annotated Europe and the People Without History Eric R. Wolf, 1982 Analyzes the history of European peasants workers and artisans as they were affected by major economic developments and trends from the beginning of colonial expansion through the industrial revolution **The Promise of Contemporary Primatology** Erin P. Riley, 2019-08-19 This book argues for a contemporary primatology that recognizes humans as integral components in the ecologies of primates This contemporary primatology uses a broadened theoretical lens and methodological toolkit to study primate behavior and ecology in increasingly anthropogenic contexts and seeks points of intersection and spaces for collaborative exchange across the natural sciences social sciences and humanities The book begins by exploring the American tradition of anthropology providing historical and disciplinary context for the emergence of field primatology and how it became a part of this tradition It then examines how primatology transformed into a field dominated by evolutionary approaches and highlights how the increasingly anthropogenic environments in which primates live present opportunities to understand primate adaptability at work In doing so it explores how an extended evolutionary approach can help explain behavioral variation in these contemporary environments Focus is then given to the ethnoprimateological approach a contemporary approach that provides a pluralistic framework drawing from the natural and social sciences and humanities needed to study human primate coexistence in the Anthropocene Finally the book considers how such a crossing of disciplines can inform primate conservation in the future An important interdisciplinary reassessment this book will be of significant interest to primatologists biological anthropologists and scholars of anthropology more generally as well as evolutionary and conservation biologists **Fictions of Feminist Ethnography** Kamala Visweswaran, 1994 The Legacy of Dell Hymes Paul V. Kroskrity, Anthony K. Webster, 2015-09-25 The accomplishments and enduring influence of renowned anthropologist Dell Hymes are showcased in these essays by leading practitioners in the field Hymes 1927 2009 is arguably best known for his pioneering work in ethnopoetics a studied approach to Native verbal art that elucidates cultural significance and aesthetic form As these essays amply demonstrate nearly six decades later ethnopoetics and Hymes's focus on narrative inequality and voice provide a still valuable critical lens for current research in anthropology and folklore Through ethnopoetics so much can be understood in diverse cultural settings and situations gleaning the voices of individual Koryak storytellers and aesthetic sensibilities from century old wax cylinder recordings understanding the similarities and differences between Apache life stories told 58 years apart how Navajo punning and an expressive device illuminate the work of a Navajo poet decolonizing Western Mono and Yokuts stories by bringing to the surface the performances behind the texts

written down by scholars long ago and keenly appreciating the potency of language revitalization projects among First Nations communities in the Yukon and northwestern California Fascinating and topical these essays not only honor a legacy but also point the way forward Exotics at Home Micaela di Leonardo, 2000-03-16 What is the exotic after all In this study Micaela di Leonardo reveals the face of power within the mask of cultural difference Focusing on the intimate and shifting relations between popular portrayals of exotic Others and the practice of anthropology that profession assumed to be America's Guardian of the Offbeat she casts new light on gender race and the public sphere in America's past and present Chicago's 1893 Columbian World Exposition and today's college town ethnic boutiques frame di Leonardo's century long analysis Science Without God? Peter Harrison, Jon H. Roberts, 2019-01-03 Can scientific explanation ever make reference to God or the supernatural The present consensus is no indeed a naturalistic stance is usually taken to be a distinguishing feature of modern science Some would go further still maintaining that the success of scientific explanation actually provides compelling evidence that there are no supernatural entities and that true science from the very beginning was opposed to religious thinking Science without God Rethinking the History of Scientific Naturalism shows that the history of Western science presents us with a more nuanced picture Beginning with the naturalists of ancient Greece and proceeding through the middle ages the scientific revolution and into the nineteenth century the contributors examine past ideas about nature and the supernatural Ranging over different scientific disciplines and historical periods they show how past thinkers often relied upon theological ideas and presuppositions in their systematic investigations of the world In addition to providing material that contributes to a history of nature and naturalism this collection challenges a number of widely held misconceptions about the history of scientific naturalism **Against the Anthropological Grain** Wilcomb E. Washburn, 1998 In *Against the Anthropological Grain* Washburn critically examines key anthropological beliefs especially in the importance of cultural relativism and Western colonialism's harmful effects on Third World cultures He turns the tables on theorists from the discipline He questions whether anthropology has a credible past whether anthropologists should even involve themselves in inter tribal conflicts whether museums should return sacred objects from their collections and whether museums provide adequate physical care of their collections **Anthropology's World** Ulf Hannerz, 2010-07-06 In this masterly state of the art work Ulf Hannerz maps the contemporary social world of anthropologists and its relation to the wider world in which they carry out their work Raising fundamental questions such as What is anthropology really about How does the public understand or misunderstand anthropology and What and where do anthropologists study now and for whom do they write Hannerz invites anthropologists to think again about where their discipline is going Full of insights and practical advice from Hannerz's long experience at the top of the discipline this book is essential for all anthropologists who want their craft to survive and develop in a volatile world and contribute to new understandings of its ever changing diversity and interconnections **Writing Material Culture History** Anne Gerritsen, Giorgio Riello, 2021-02-25 Writing Material

Culture History 2e examines the methodologies used in the historical study of material culture Looking at archaeology anthropology art history and literary studies the book provides students with a fundamental understanding of the relationship between artefacts and historical narratives The book addresses the role of museums the impact of the digital age and the representations of objects in public history bringing together students and specialists from around the world This new edition includes A new substantive introduction from the editors providing a useful roadmap for students and specialists A more balanced and easy to use structure including methodological chapters and object in focus chapters consisting of case studies for classroom discussion New chapters showing greater engagement with 20th century material culture non European artefacts and the definitions and limits of material culture as a discipline Offers global coverage and discussion of both the early modern and modern periods Writing Material Culture History 2e is an essential tool for students seeking to understand the potential of objects to re cast established historical narratives in new and exciting ways **Innovations in Educational**

Ethnography George Spindler,Lorie Hammond,2012-10-12 This volume focuses on and exemplifies how ethnography a research tool devoted to looking at human interaction as a cultural process rather than individual psychology can shed light on educational processes framed by the complex internationalized societies in which we live today Part I offers theoretical chapters about ethnography and examples of innovative ethnography from particular perspectives In Part II the emphasis is on the application of ethnographic approaches to educational settings Each contribution not only takes the reader on a thoughtful and enlightening journey but raises issues that are important to both educators and ethnographers including the relationship of researcher to subject the meaning of participant in participant observation and ways to give voice to disenfranchised players and on the complex ways in which all parties experience identities such as race in the modern world Innovations in Educational Ethnography Theory Methods and Results is a product of both continuity and change It presents current writings from mentors in the field of ethnography and education as well of the work of their students and of educators engaged in cultural studies of their work In many ways it provides fresh new vistas on the old questions that have always guided ethnographic research and can be used as a survey both of what ethnography has been and what it is becoming This book is the work of many hands and provides excellent examples of trends in both basic and applied ethnography of education These two kinds of work augment and reinforce each other and also represent important current research directions in depth reflection on the process of ethnography itself and an application of its insights to teaching and learning in schools universities and communities No one philosophy guides the contributions to this volume nor were they chosen as exemplary of a particular approach yet foundational understandings and principles of ethnography shine through the work in both predictable and unexpected ways *Ethnography and Language Policy* Teresa L. McCarty,2014-04-04 Seeking to expand policy discourses in ways that lead to social justice for all this volume uses a critical sociocultural and ethnographic approach to address a variety of pressing language planning and policy issues contextualized in case studies

Up, Down, and Sideways Rachael Stryker, Roberto J. Gon, 2014-08-01 Using a vertical slice approach anthropologists critically analyze the relationship between undemocratic uses and abuses of power and the survival of the human species The contributors scrutinize modern institutions in a variety of regions from Russia and Mexico to South Korea and the U S Up Down and Sideways is an ethnographic examination of such phenomena as debt culture global financial crises food insecurity indigenous land and resource appropriation the mismanagement of health care and corporate surrogacy within family life With a preface by Laura Nader this is essential reading for anyone seeking solid theories and concrete methods to inform activist scholarship

Language and Superdiversity Karel Arnaut, Jan Blommaert, Ben Rampton, Massimiliano Spotti, 2015-12-22 A first synthesis of work done in sociolinguistic superdiversity this volume offers a substantial introduction to the field and the issues and state of the art research papers organized around three themes Sketching the paradigm Sociolinguistic complexity Policing complexity The focus is to show how complexity rather than plurality can serve as a lens through which an equally vast range of topics sites and issues can be tied together Superdiversity captures the acceleration and intensification of processes of social mixing and fragmentation since the early 1990s as an outcome of two different but related processes new post Cold War migration flows and the advent and spread of the Internet and mobile technologies The confluence of these forces have created entirely new sociolinguistic environments leading to research in the past decade that has brought a mixture of new empirical terrain extreme diversity in language and literacy resources complex repertoires and practices of participants in interaction and conceptual challenges Language and Superdiversity is a landmark volume bringing together the work of the scholars and researchers who spearhead the development of the sociolinguistics of superdiversity

Postcolonial Theory and the Arab-Israel Conflict Philip Carl Salzman, Donna Robinson Divine, 2021-04-26 Postcolonial theory is one of the main frameworks for thinking about the world and acting to change the world Arising in academia and reshaping humanities and social sciences disciplines postcolonial theory argues that our ideas about foreigners the other particularly our negative ideas about them are determined not by a true will to understand but rather by our desire to conquer dominate and exploit them According to postcolonial theory the cause of poverty tyranny and misery in the world and of failed societies around the world is Euro American imperialism and colonialism Previously published as a special issue of Israel Affairs this work examines and challenges postcolonial theory In scholarly research based papers the specialist authors examine various facets of postcolonial theory and application First the theoretical assumption and formulations of postcolonial theory are scrutinized and found dubious Second the deleterious impact on academic disciplines of postcolonial theory is demonstrated Third the distorted postcolonial view of history its obsession with current events to the exclusion of the historical basis of events is exposed and corrected Fourth an examination of Middle Eastern culture challenges the assumption that these societies have been shaped entirely and victimized by Western intrusion Finally exploring the Arab Israel conflict the one sided case of postcolonial Arabism is explored and found to be faulty

Radical History Review:

Volume 65 Rhr Collective,1996-04-26 Radical History Review presents innovative scholarship and commentary that looks critically at the past and its history from a non sectarian left perspective **Theories Bridging Ethnography and Evaluation** Melissa Rae Goodnight,Rodney Hopson,2024-11-29 Theories Bridging Ethnography and Evaluation the first of two volumes examines connections between ethnography and evaluation in educational spaces wrestling with pressing justice issues while elucidating three themes transformative intersectional and comparative for guiding contemporary inquiry committed to realizing equity
