and powerful application Marcus Honeysett Offers insights that will help in the wonderful privilege and complex demands of leadership James Lawrence In this fast changing world the church needs leaders with their heads screwed on and hearts on fire who draw inspiration from deep wells of prayer and from reflecting on Scripture In this brilliant book Derek Tidball has given us a feast I commend this fantastic book to you with enthusiasm Mark Russell Another Christ Andrew Mayes,2014-10-16 Growth in Christlikeness is a goal for all Christians and especially for those in leadership But the images of Christ that have become the institutional norm refer to a model of pastoral ministry that seems to allow no scope for innovation or eccentricity In this riveting book Andrew Mayes explores how the first century setting of Jesus reveals his identity as builder hermit rebel mystic reveller jester iconoclast revealer and enigma liberator traveller and mentor brother and trail blazer The aim of Another Christ is to encourage us to see how these images can inform the practice and spirituality of leadership today and to this end each chapter ends with a set of penetrating questions and ideas for further reading **A Hope-Filled Journey Under His Sky** Bruce George Alder,2016-10-27 This book is a very personal reflection on the life of Belinda BJ Alder a young missionary whose life was cut short through cancer Her father Bruce a Christian pastor and educator explores the influences that shaped BJ into an effective missionary who impacted many people around the world BJ s own reflections of her journey of life and faith through the battle with cancer are shared through excerpts from her own daily journal While the emotions expressed are raw there is a celebration of life and grace in the midst of tragedy In this authentic and intellectually honest reflection the focus is on serving in the midst of suffering How does one make sense of unanticipated and devastating circumstances that came the way of BJ and her family How does one lean into suffering and allow that response to make a significant impact How does a pastoral family deal with the faith questions that inevitably come as a result of this journey of suffering These are some of the questions explored through the retelling of specific events in the life of BJ Alder and her family *Corruption in South Africa's liberal democratic context* F. P. Kruger,Ben J. de Klerk,Gert Breed,H.J.C. Pieterse,J.M. Vorster,Rudy A. Denton,Friedrich Wilhelm De Wet,2016-12-31 This collected work written primarily by practical theologians reflects on the phenomenon of corruption in the liberal democracy of post apartheid South Africa Liberal democracy has considerable salience in the contemporary world Not only is it the form that many of the world s most powerful and influential nations approve of but it is a political system that has been tried and used by many developing countries South Africa is described as predominantly Christian and in such a context corruption should not be expected However it is strongly prevalent and undermines the values of both democracy and Christianity Not only does corruption promote a general lack of trust in institutions and leadership but it stimulates a perpetual culture of corruption that invades all spheres of life The book suggests strategies for redressing the current culture of corruption Although the chapters represent different perspectives the shared objective is to emphasise that corruption is unethical as well as to describe and explain why it is taking place and how the situation should appear The explanation focuses on the

negative consequence of corruption it does not respect human dignity or the otherness of others it exacerbates poverty it weakens religious values and norms and it is not conducive to social cohesion in the country The authors also share the theological premise that God is present in this world In the kingdom of God believers are encouraged to participate in the clean up process which includes combating the phenomenon of corruption

A Study of Current Leadership Styles in the North African Church Farida Saïdi, 2013-10-14 Indigenous church leadership is a new phenomenon in North Africa Until recently non Muslim background believers were the only leaders of churches in this region With the current growth of national churches there are increasingly more leaders from a Muslim background leading to a diverse range of leadership styles This publication a first of its kind to specifically explore church leadership in North Africa investigates common values beliefs and cultures among church leaders Using four identified leadership styles the author further expands by looking at the impact they have on congregations society and the future development of church leaders in the region
