Case Studies in Couples Therapy David K. Carson, Montserrat Casado-Kehoe, 2013-06-19 This up to date highly readable theory based and application oriented book fills a crucial void in literature on couple therapy Few books in the couple therapy market bridge the gap between theory and practice texts tend to lean in one direction or the other either emphasizing theory and research with little practical application or taking a cookbook approach that describes specific techniques and interventions that are divorced from any conceptual or theoretical base However couples therapy requires a high degree of abstract conceptual thinking as well as ingenuity inventiveness and skill on the part of the therapist Case Studies in Couples Therapy blends the best of all worlds clinical applications with challenging and diverse couples that have been derived from the most influential theories and models in couples and family therapy all written by highly experienced and respected voices in the field In Case Studies in Couples Therapy readers will grasp the essentials of major theories and approaches in a few pages and then see how concepts and principles are applied in the work of well known clinicians The case studies incorporate a wide variety of couples from diverse backgrounds in a number of different life situations It is simultaneously narrow including specific processes and interventions applied with real clients and broad clearly outlining a broad array of theories and concepts in scope and the interventions in it are directly linked to theoretical perspectives in a clear and systematic way Students and clinicians alike will find the theoretical overview sections of each chapter clear and easy to follow and each chapter s thorough descriptions of effective practical interventions will give readers a strong sense of the connections between theory and practice

Theories and Applications of Counseling and Psychotherapy Earl J. Ginter, Gargi Roysircar, Lawrence H. Gerstein, 2018-03-22 This book provides students with the foundational knowledge they need to understand and implement the various therapeutic approaches used in individual counseling *Behavioral, Humanistic-Existential, and Psychodynamic Approaches to Couples Counseling* Michael D. Reiter, Ronald J.

Chenail, 2017-01-27 Couples counseling is distinct from individual and family therapy and while ideas from these other

formats may be overlapping applying theoretical concepts to couples has distinctive challenges Behavioral Humanistic Existential and Psychodynamic Approaches to Couples Counseling is unique in that it addresses how to conceptualize various theories around a single case By discussing only one case the reader is more readily able to compare and contrast the theoretical ideas of each theory as well as the pragmatics of techniques Five theories are discussed around four consistent parts history theory of problem formation theory of problem resolution and case transcript **The Practice of**

Person-Centred Couple and Family Therapy Charles O'Leary, 2011-11-29 In The Practice of Person Centred Couple and Family Therapy Charles O Leary offers a rich description of relationship therapy that draws on the resources of both person centred psychotherapy and systemic and family therapy to present a skilful respectful and empathic approach to working with couples and families Grounded in detailed descriptions of client goals and predicaments the book takes an inside look at the therapist's options and decision making with both clarity and compassion Written in a refreshing lively and personal style the book Provides an abundance of ideas and techniques relevant to each step of the therapeutic process Addresses the complexity of family and couple therapy including chapters on working with same sex couples and working with children and adolescents Offers humanistic depth and breadth to a challenging area of practice with a strong value base and a philosophy that always privileges the client's viewpoint Clear concise and highly readable this is a vital thought provoking text for students trainees and practitioners of counselling and psychotherapy working with couples and families **Therapeutic**

Psychology Lawrence M. Brammer, Everett L. Shostrom, 1977 Psychotherapy Relationships that Work John C. Norcross, Michael J.
