advertisers in endowing corporations with souls Justice Lewis Powell Jr s eponymous memo of 1971 and the arc of the conservative movement from Ronald Reagan to Donald Trump Tracing this rhetorical history of the extension and attribution of personhood to the corporate form illustrates how the corporation has for many increasingly become a normative model or ideal to which human persons should aspire In closing the book offers preliminary ideas about how we might fashion a more democratic and humane understanding of what it means to be a person      *Faithful Finances* 101 Gary Moore,2005-05 Strips the veneer from the financial advice of some popular evangelical media celebrities and advocates a reintegrating of faith and finances Moore draws on fifty years of studying the Bible politics and economics and presents insights for those who want to be faithful in their finances      *Defending the Free Market* Robert Sirico,2012-05-22 The Left has seized on our economic troubles as an excuse to blame the rich guy and paint a picture of capitalism and the free market as selfish greedy and cruel Democrats in Congress and Occupy protesters across the country assert that the free market is not only unforgiving it s morally corrupt According to President Obama and his allies only by allowing the government to heavily control and regulate business and by redistributing the wealth can we ensure fairness and compassion Exactly the opposite is true says Father Robert A Sirico in his thought provoking new book *Defending the Free Market The Moral Case for a Free Economy* Father Sirico argues that a free economy actually promotes charity selflessness and kindness And in *Defending the Free Market* he shows why free market capitalism is not only the best way to ensure individual success and national prosperity but is also the surest route to a moral and socially just society In *Defending the Free Market* Father Sirico shows Why we can t have freedom without a free economy Why the best way to help the poor is to start a business Why charity works but welfare doesn t How Father Sirico himself converted from being a leftist colleague of Jane Fonda and Tom Hayden to recognizing the merits of a free economy In this heated presidential election year the Left will argue that capitalism may produce winners but it is cruel and unfair Yet as Sirico proves in *Defending the Free Market* capitalism does not simply provide opportunity for material success but it ensures a more ethical and moral society as well      **The University Bookman, a Quarterly Review** ,1975      [Complex Societal Dynamics](#) Katalin Martinás,Dario Matika,Armano Sbrljinić,2010 Security Challenges and Opportunities This book contains 20 papers drawn from presentations and discussions at the NATO Advanced Research Workshop on Complex Societal Dynamics Security Challenges and Opportunities held in Zagreb Croatia in December 2009 The theory of complex systems views      *Excuse Me, Professor* Lawrence W. Reed,2015-07-28 There s little truly progressive about Progressivism True progress happens when humans are free yet the Progressive agenda substantially diminishes freedom while promising the unachievable *Excuse Me Professor* provides a handy reference for anyone actively engaged in advancing liberty with essential essays debunking more than 50 Progressive clichés Does the free market truly ignore the poor Are humans really destroying the Earth Is the government truly the first best source to relieve distress Compiled and edited by Lawrence W Reed in collaboration with the Foundation for Economic Education and Young America s Foundation

this anthology is an indispensable addition to every freedom lover's arsenal of intellectual ammunition      **Essays on Foundations of American Constitutional Government** Robert D. Gorgoglione, 2011-02-25      **E Pluribus ONE** Sophia A. Nelson, 2017-01-17 Our Founders understood that America was the greatest experiment on earth And they sealed it with these words E pluribus Unum Out of Many We Are One America is the story of us And us isn't doing so great right now Says award winning journalist and author Sophia A Nelson Coming on the heels of the raucous and divisive 2016 general election campaign Nelson attempts to give the nation an inspirational charge and lift by helping us to reclaim our founders vision for a united and strong America Nelson reminds us that we the people are charged by our founders to cherish life liberty freedom and equality as well as to safeguard the nation from intrusive governance The founders also charged our leaders to be moral virtuous patriotic servants of the people In this groundbreaking book Nelson challenges us to live out the call of our founding We are ONE America We are ONE People We are ONE nation indivisible with liberty and justice for all Pulling from our founding fathers core principles of liberty citizenship morals virtues civic engagement equality self governance and when required civil disobedience Nelson calls us to a higher standard She calls us to purpose And she calls us to rediscover the things that unite us not divide us One is a book that all Americans regardless of political party race religion or gender can embrace and share with their children and grandchildren for generations It is a reminder simply of what makes America great and what makes us the envy of the world Alexis de Tocqueville said it best America is great because America is good If America ever ceases to be good it will cease to be great Nelson takes us on a historical yet very inspirational journey of not just our founding values but the men and women who walked them out and brought America to be the great light it is in the world over the past 240 years      SOW YOUR FALLOW GROUND Charles Simms, 2012-01-20 Sow Your Fallow Ground begins the discussion of how you choose what action to take for social justice You must be the judge of why to take action but the reasons to do so are fully explained in the Bible The reason we have the power to choose is our ability to imagine the future effects of immediate choices still we often neglect that God given ability Sow Your Fallow Ground is about communication in light of the science of human action the communication that separates humankind from lesser life forms These concepts merge easily with the authentic Bible in spite of the belief by many that the Bible and natural science are mutually exclusive The science of praxeology which is the common name for human action teaches us how we make hundreds of choices every day How we make those choices is a value free science still without some kind of rudder compass or guiding star we drift into every kind of faulty behavior from unhealthy addictions to economic booms busts and wars There is a very important connection between the infallible Bible human action science neither humanism nor psychology and economics as a single subject Like the biblical Trinity or a three legged stool they are different aspects of the same thing the choices we make
