**TRUE KNOWLEDGE OF THE CHRIST** Rudolf Steiner, 2015-06-15 All existence is spirit Just as ice is water so matter is also spirit Mineral vegetable animal or human all are a condensed form of spirit Rudolf Steiner In the two lecture courses featured in this volume Rudolf Steiner presents a radical new paradigm Tackling the central dilemma of modern civilization the polarisation of science and spirituality he seeks to broaden natural science through a comprehensive spiritual science Rather than harking back to old spiritual forms or religions Steiner's approach is based on a conscious and systematic intensification of thinking and perception Rudolf Steiner approaches this spiritual scientific task from two perspectives In Kassel Germany he deepens insight into theosophy and Rosicrucianism showing their relationship to science and religion Although presented as an introduction Steiner was never interested in simply providing information not even in the form of new revelations and his insights are from fresh angles and with new illustrative examples These lectures deepen and develop key elements found in his fundamental works Occult Science An Outline and Theosophy Also featured are the fascinating question and answer sessions from the Kassel lectures In Basel Switzerland Rudolf Steiner discusses that most esoteric of the accounts of the life of Christ the Gospel of John Whilst the focus is on the gospel basic tenets of spiritual science human existence and world evolution are considered as is the concept of karma and the true nature of Christianity In both sets of lectures Steiner dwells on the Prologue to the Gospel of John given in his own translation which offers a meditative approach to gaining insight into both the gospel and Christianity as a whole Rather than distancing us from life each of the lectures in this volume brings us closer to reality As Rudolf Steiner states Rosicrucian theosophy does not make us into eccentrics outsiders but into friends of existence for it doesn't look down on everyday life alienating us from our mission on earth it brings us closer

**The Rosicrucian Philosophy in Questions and Answers** Max Heindel, 1922      Rosicrucianism Renewed Rudolf Steiner, 2006-03 After Rudolf Steiner had left us in the body the gifts of the spirit that were offered by him in such overflowing measure could not continue It must now happen that a community of human beings takes over the results of his spiritual research takes them in such a way that they remain alive in the community People must come together in anthroposophic work united in such a way that Anthroposophy comes into its own Carl Unger Oct 29 1928 This volume provides perhaps the most comprehensive and profound exegesis of Rudolf Steiner's Anthroposophy especially his book titled Anthroposophical Leading Thoughts That book provides Steiner's final and most complete explanation of his Spiritual Science through brief aphoristic thoughts or meditations on the profound esoteric meaning of the modern spiritual path he called Anthroposophy In The Language of the Consciousness Soul Carl Unger unfolds and expands Rudolf Steiner's leading thoughts in 78 brief meditative chapters to help the reader comprehend the deeper meaning behind the Leading Thoughts Unger helps us see how Steiner created a mandala like image of Anthroposophy revealing an ever expanding cosmology and epistemology that goes far beyond mere philosophy or a belief system to a practical path of spiritual investigation and knowledge for modern humankind Rudolf Steiner had this to say about Carl Unger Dr Carl Unger for many years past has always been the most industrious and devoted collaborator in the anthroposophic movement At an early date Dr Unger saw that Anthroposophy before all needs a strong foundation of the theory of knowledge With a deep understanding he took up what I myself many years ago was able to give in my books Goethe's Theory of Knowledge Truth and Knowledge and Intuitive Thinking as a Spiritual Path A Philosophy of Freedom he developed independently what I had intimated Supported by mental discernment his goal was to see through the nature of the human process of knowledge in a clear analysis and from that to form its true picture Dr Unger is not dialectical but an observer of empirical facts This is why through the years he has been able to give results of the highest value showing how the process of knowledge in ordinary consciousness produces always and everywhere out of itself the impulses to anthroposophic investigation Moreover Dr Unger's method of thinking trained through technical problems is free from subjective vagueness and thus his scientific collaboration in Anthroposophy is the most important that we can have The Language of the Consciousness Soul is an indispensable guidebook for group study and for individuals who wish to penetrate the depths of Anthroposophy and apply its principles both inwardly and to daily life This volume is an edited translation by Effie Grace Wilson of Aus der Sprache der Bewusstseinsseele Unter Zugrundelegung der Leitsätze Rudolf Steiners      **Rosicrucianism and Modern Initiation** Rudolf Steiner, 1982 These lectures given just after the Christmas Foundation Meeting describe the changes in the inner life and consciousness of Western people since the 9th century Formerly there was an awareness of the spiritual within all realms of nature but this disappeared and was replaced by the modern consciousness of the sense world alone      **Theosophy of the Rosicrucian** Rudolf Steiner, 1981  
Khunrath in Context Vladimir Karpenko, Ivo Purš, Martin Žemla, 2024-12-23 The German physician alchemist kabbalist

and theosopher Heinrich Khunrath ca 1560 1605 is one of the most remarkable figures in the intellectual history of the Renaissance His work combining text and images in a new way is a fusion of the contemporary currents of thought in which alchemy went hand in hand with philosophy and Lutheran heterodox theology As a follower of Paracelsus Khunrath was in search of both the secrets of nature and the knowledge of God the theosophy

**Counterfeit Christianity** Roger E. Olson, 2015-08-04 Historic heresies didn't die or fade away Each generation boasts its own Even while these counterfeit teachings remain outside the accepted bounds of Christianity modern day versions plague churches So how does a church leader or pastor understand and deal with these age old controversies when they pop up in the congregation In this book Roger Olson describes the curses but also gifts that heresies bring the Church While heresies can occasionally correct a version of orthodoxy they are not simple confusions or misunderstandings about impenetrable mysteries of divine revelation Instead they undermine the faith and are dangerous distortions The author describes major heresies and how the church dealt with them the players and what pastors can do to address these faith issues in order to educate congregations about Jesus God and salvation Also included are questions for individual or group study Also available a Leader guide with DVD in which Adam Hamilton hosts on screen conversations with Roger Olson 9781501806360

**Rosicrucian Wisdom** Rudolf Steiner, 2013-05-01 The work of Rudolf Steiner is unique in the way it combines esoteric teaching with practical suggestions for the development of social life Indeed Steiner is best known today for the application of his ideas in areas such as education medicine and agriculture But none of this could have developed without the coherent and profound body of spiritual knowledge which stands at the very core of Steiner's work In Rosicrucian Wisdom one of his most complete introductions to modern spirituality Steiner speaks out of the stream of Rosicrucian teaching But rather than borrowing old ideas from historical tradition Steiner presents a wholly new contribution arising from the results of his own experiential research He talks of the Rosicrucian path as being appropriate for the modern spiritual seeker but warns that Rosicrucian teaching should not be taken as abstract theory Rather than remaining in the head or even the heart spiritual ideas should reach into daily action transforming all aspects of life Steiner goes on to describe many facets of spiritual truth including the law of destiny the fact of life after death ways of developing spiritual vision humanity's past and future evolution and much more
