

The Rousing of the Scottish Working Class

James D. Young

Rousing Of The Scottish Working Class

Charles W J Withers

Rousing Of The Scottish Working Class:

The Rousing of the Scottish Working Class James D. Young, 1979-01-01 Scottish Society, 1707-1830 Christopher A. Whatley, 2000 This book challenges conventional wisdom and provides new insights into Scottish social and economic history Christopher A Whatley argues that the Union of 1707 was vital for Scottish success but in ways which have hitherto been overlooked He proposes that the central place of Jacobitism in the historiography of the period should be revised Comprehensive in its coverage the book is based not only on an exhaustive reading of secondary material but also incorporates a wealth of new evidence from previously little used or unused primary sources *The Oxford Companion to Scottish History* Michael Lynch, 2007 Searchable online reference covers more than 20 centuries of history and interpret history broadly covering areas such as archaeology climate culture languages immigration migration and emigration Multi authored entries analyze key themes such as national identity women and society living standards and religious belief across the centuries in an authoritative yet approachable way The A Z entries are complemented by maps genealogies a glossary a chronology and an extensive guide to further reading From title screen **The Irish in the West of Scotland, 1797-1848** Martin Mitchell, 2001-01-01 The prevailing historical view of the Catholic Irish in the first half of nineteenth century Scotland is that they were despised by native workers because of their religion and because most were employed as strike breakers or low wage labour As a result of this hostility the Catholic immigrants were viewed as a separate isolated community concerned mainly with Irish and Catholic issues and unable or unwilling to participate in trade unions strikes and radical reform movements The Protestant Irish immigrants on the other hand were believed to have integrated with little difficulty mainly because of religious families and cultural ties with the Scots This study presents a radically different view It demonstrates that whereas some Irish workers were used as a blackleg or cheap labour others participated in trade unions and strikes alongside native workers most notably in spinning weaving and mining industries The various agitations for political change in the region are analysed revealing that the Irish Catholic and Protestant were significantly involved in all of them It is also shown that Scottish reformers welcomed and indeed actively sought Catholic Irish participation The campaigns for Catholic emancipation and the repeal of the Act of Union of 1800 are reviewed as are the attitudes of the Scottish Catholic clergy to the political activities of their overwhelmingly Irish congregations People and Power in Scotland Roger A. Mason, Norman Macdougall, 2001-01-01 Few Scottish historians are better known than T C Smout and fewer still more deserving of the high esteem in which they are held He has made an outstanding contribution to Scottish historical studies both as an academic discipline and as a subject of wide popular appeal His retirement in 1991 after twelve years as Professor of Scottish History at the University of St Andrews diminished neither his interest nor his output It did however provide a fitting opportunity to honour his accomplishments This collection of ten essays by his friends and colleagues at St Andrews is a measure of his enormous success in promoting Scottish history there and of their respect for

his achievements Ranging widely over the Scottish past from the fifteenth to the nineteenth centuries from high politics to popular protest from shipwrecks to railway mania from local social studies to the problem of national identity the essays pay tribute to the depth of Smout's historical understanding by reflecting the breadth of research that he has done so much to encourage Gaelic Scotland Charles W J Withers,2015-12-14 This book originally published in 1988 examines the Highlands and Islands of Scotland over several centuries and charts their cultural transformation from a separate region into one where the processes of anglicisation have largely succeeded It analyses the many aspects of change including the policies of successive governments the decline of the Gaelic language the depressing of much of the population into peasantry and the clearances *No Language! No Nation! the life and times of the Honourable Ruaraidh Erskine of Marr* Gerard Cairns,2021-06-30 The Honourable Ruaraidh Erskine of Marr led a life very much on the move He has left us no personal papers although his stamp is across the personal papers of many others and he has been written about by several eminent scholars Erskine had his supporters most notably the historian and Gaelic language activist Seumas Mac A Ghobhainn who hailed him as a forgotten Gaelic patriot He has had his critics too the BBC's Andrew Marr wrote that in colloquial terms he was a bit of a nutter However Hugh MacDiarmid said regarding Erskine Justice will be done to him yet with a biography This is it and it is long overdue **The Victorian Studies Reader** Kelly Boyd,Rohan McWilliam,2024-11-01 Selected as an Outstanding Academic Title in the 2008 CHOICE awards The Victorian Studies Reader gathers together in one volume some of the key pieces on Victorian history society and culture The book draws on new trends in looking at the Victorian Age and includes sections on periodization politics consumerism intellectual life sexuality empire The Victorian Studies Reader is a rich resource essential for all those studying this important period of history **Who Made the Scottish Enlightenment?** Colin Russell,2014-10-29 The Scottish Enlightenment is often portrayed as elitist and Edinburgh based with no universally agreed beginning or end Additionally the Philosophers and scholars the great Scottish Enlightenment figures sometimes obscure significant contributions from other disciplines so that the achievements of a wider conception of the Scottish Enlightenment are not universally known Sir Walter Scott also recognised that his nation the peculiar features of whose manners and character are daily melting and dissolving into that of her sister and ally had an identity crisis Both issues are addressed in this enquiry which seeks to highlight the scale and breadth of the Scottish Enlightenment whilst posing the question as to how Scottish identity can be preserved *Cultures of Radicalism in Britain and Ireland* John Kirk,2015-10-06 This collection of essays addresses the role of literature in radical politics Topics covered include the legacy of Robert Burns broadside literature in Munster and radical literature in Wales **The Radical War of 1820** David M. Smale,2025-06-12 This book is a detailed account of the Radical War in 1820s Scotland highlighting the conditions that led to the revolt the reaction of the government and the impact on Scottish society David Smale takes readers through the post 1815 mass unemployment disaffection and formation of radical groups calling for parliamentary reform as a

prelude to the Radical War Using a wealth of archival material this book readjusts existing narratives surrounding the conflict shifting the focus away from the accounts of paid spies and centering the little used records of the pioneering new police force Smale examines how police activities impacted the revolt from the contrasting aims of pro reformer and pro government publications released during the time to the activities of five spy groups who entered the radical milieu and provided authorities with intelligence on their activities Concluding with the key events of the revolt including the Battle of Bonnymuir and exploring the its after effects such as the Lord Advocate s conflict with police this volume provides comprehensive analysis of the Radical War and places it within a pan British context Glasgow Thomas Martin

Devine,1995 **Voice of the People** Corey Gibson,2015-06-16 Examining Hamish Henderson s search for the radical voice of the people in modern ScotlandHow might the alienation of the artist in modern Scotland be overcome How do you incite a popular folk revival Can a poet truly speak with the voice of the people And what happens to the writer who rejects print culture in favour of becoming Anon The life and times of polymath scholar author and folk hero Hamish Henderson 1919 2002 poses and helps us to answer these questions This book examines his life long commitment to finding a form of artistic expression suitable for post war Europe Though Henderson is a major figure in Scottish cultural history his reputation is largely maintained through anecdotes and radical folk songs This study explores his ideas in their intellectual cultural and political contexts It describes how all of his works in war poetry song collection folklore scholarship folksong revivalism literary translation and vicious public debates reflect this desire to see the artist fully reintegrated in society Key Features Reclaims Hamish Henderson from the marginalia of Scottish literary historyProvides a hitherto unexplored perspective on twentieth century Scottish cultural historySituates Scottish literary and cultural debates in the broader context of intellectual and cultural developments in twentieth century Europe and the USDirectly tackles the question of national identity in twentieth century Scotland **Discovering the Scottish Revolution 1692-1746** Neil Davidson,2003-05-20 Winner of the the Deutscher Memorial Prize 2003 This book is a reassessment of Scottish politics and society in the late seventeenth and early eighteenth century Neil Davidson argues that Scotland experienced a revolution during this period that has rarely been recognised in the existing historiography Davidson explores the political and economic changes of these years revealing how social and economic power was transferred from one class to another He describes how Scotland was transformed from a backward and feudal economy to a new centre of emergent capitalism He traces the economic and social crisis that led to Scotland s incorporation into the Union in 1707 but argues that the Union did not lead to the transformation of Scottish society The decisive period was instead the aftermath of the last Jacobite revolt in 1746 whose failure was integral to the survival and consolidation of British and ultimately global capitalism **People and Society in Scotland, 1830-1914** W. Hamish Fraser,R. J. Morris,2021-11-01 This is the second volume of a three volume study of Scottish social change and development from the eighteenth century to the present day originally published by John Donald in association with the

Economic and Social History Society of Scotland The series covers the history of industrialisation and urbanisation in Scottish society and records many experiences which Scotland shared in common with other societies looking at the impact of those changes throughout the spectrum of society from croft bothy and hunting lodge to mines foundries and urban poor houses The series is intended to illustrate the identity and distinctiveness of Scotland through its separate institutions and through areas such as language law and religion and recognises Scotland as a multi cultured society the highland and lowland cultures being only two among several

Scotland in the Nineteenth Century John F. McCaffrey, 1998-08-24

Why despite the unifying pressures of social and economic change within Britain did Scotland remain a distinctive society in the nineteenth century In this fresh new study John McCaffrey assesses the importance of political and administrative responses as well as social and economic forces in shaping modern Scotland Themes include the distinctiveness of that society's artisans merchants lairds professional classes and new migrants in producing a distinctive national political tradition Particular attention is paid to its efforts to retain a recognisable identity within the evolving United Kingdom

British Workers and the Independent Labour Party, 1888-1906 David Howell, 1984

The Scottish Enlightenment Abroad Janet Starkey, 2018-03-20 In *The Scottish Enlightenment Abroad* Janet Starkey examines the lives and works of Scots working in the mid eighteenth century with the Levant Company in Aleppo then within the Ottoman Empire and those working with the East India Company in India especially in the fields of natural history medicine ethnography and the collection of Arabic and Persian manuscripts The focus is on brothers from Edinburgh Alexander Russell MD FRS Patrick Russell MD FRS Claud Russell and William Russell FRS By examining a wide range of modern interpretations Starkey argues that the Scottish Enlightenment was not just a philosophical discourse but a multi faceted cultural revolution that owed its vibrancy to ties of kinship and to strong commercial and intellectual links with Europe and further abroad

The Oxford Handbook of Modern Scottish History T. M. Devine, Jenny Wormald, 2012-01-26 Over the last three decades major advances in research and scholarship have transformed understanding of the Scottish past In this landmark study some of the most eminent writers on the subject together with emerging new talents have combined to produce a large scale volume which reconsiders in fresh and illuminating ways the classic themes of the nation's history since the sixteenth century as well as a number of new topics which are only now receiving detailed attention Such major themes as the Reformation the Union of 1707 the Scottish Enlightenment clearances industrialisation empire emigration and the Great War are approached from novel and fascinating perspectives but so too are such issues as the Scottish environment myth family criminality the literary tradition and Scotland's contemporary history All chapters contain expert syntheses of current knowledge but their authors also stand back and reflect critically on the questions which still remain unanswered the issues which generate dispute and controversy and sketch out where appropriate the agenda for future research The Handbook also places the Scottish experience firmly into an international historical perspective with a considerable focus on the age old emigration of the

Scottish people the impact of successive waves of immigrants to Scotland and the nation's key role within the British Empire. The overall result is a vibrant and stimulating review of modern Scottish history essential reading for students and scholars alike.

The Global Challenge of Peace Matt Perry, 2021. During 1919 the Great Powers redrew the map of the world. Yet 1919 was a complex threshold between war and peace contested on a global scale. This process began prior to war's end with mutinies, labour and consumer unrest, colonial revolt but reached a high point in 1919.
