The Royal Flying Corps, the Western Front and the Control of the Air, 1914-1918 James Pugh, 2017-05-12 By the middle of 1918 the British Army had successfully mastered the concept of all arms warfare on the Western Front This doctrine integrating infantry artillery armoured vehicles and crucially air power was to prove highly effective and formed the basis of major military operations for the next hundred years Yet whilst much has been written on the utilisation of ground forces the air element still tends to be studied in isolation from the army as a whole In order to move beyond the usual aircraft and aces approach this book explores the conceptual origins of the control of the air and the role of the Royal Flying Corps RFC within the British army In so doing it addresses four key themes First it explores and defines the most fundamental air power concept the control of the air by examining its conceptual origins before and during the First World War Second it moves beyond the popular history of air power during the First World War to reveal the complexity of the topic Third it reintegrates the study of air power during the First World War specifically that of the RFC into the strategic operational organisational and intellectual contexts of the era as well as embedding the study within the respective scholarly literatures of these contexts Fourth the book reinvigorates an entrenched historiography by challenging the usually critical interpretation of the RFC s approach to the control of the air providing new perspectives on air power during the First World War This includes an exploration of the creation of the RAF and its impact on the development of air power concepts **Britain and a Widening**

War, 1915-1916 Peter Liddle, 2016-11-30 In a series of concise thought provoking chapters the authors summarize and make accessible the latest scholarship on the middle years of the Great War 1915 and 1916 and cover fundamental issues that are rarely explored outside the specialist journals Their work is an important contribution to advancing understanding of Britains role in the war and it will be essential reading for anyone who is keen to keep up with the fresh research and original interpretation that is transforming our insight into the impact of the global conflict The principal battles and campaigns are reconsidered from a new perspective but so are more general topics such as military leadership the discord between Britains politicians and generals conscientious objection and the part played by the Indian Army The longer term effects of the war are also considered facial reconstruction developments in communication female support for men on active service grief and bereavement the challenge to religious belief battlefield art and the surviving vestiges of the war Peter Liddle and his fellow contributors have compiled a volume that will come to be seen as a landmark in the field Contributors Andrew BamjiClive BarrettNick BosanquetJames CookeEmily GlassGraeme GoodayAdrian GregoryAndrea HetheringtonRobert JohnsonSpencer JonesPeter LiddleJuliet MacdonaldJessica MeyerDavid MillichopeNS NashWilliam PhilpottJames PughDuncan RedfordNicholas SaundersGary SheffieldJack SheldonJohn SpencerKapil Subramanian *Portraits of Battle* Peter Farrugia, Evan J. Loos 1915 Nick Lloyd, 2008-10-01 In little over three weeks of intensive fighting which not only witnessed the first British use of poison gas but also the debut of New Army divisions filled with citizen volunteers British forces at Loos managed to drive up to two miles into the German positions However they were unable to capitalise on their initial gains After suffering nearly 60 000 casualties three times the number suffered by their opponents and being driven from the German lines in disorder bitter recrimination followed Nick Lloyd presents a reassessment of the Battle of Loos arguing that it was vital to the development of new strategies and tactics He places it within its political and strategic context as well as discusses command and control and the tactical realities of war on the Western Front during 1915
