Schultz, Henry Woodhouse, 2009-04 Acknowledgments In the making of this book I have had the advice and assistance of many people and I cannot regard the work as complete until I have expressed to them in some fashion my deep sense of gratitude High on the list must be the name of Miss Emma B Richardson of the staff of The Charleston Museum for her excellent work in preparing the manuscript editing reading proof and in general making the book ready for the press Her patience has been unfailing her quick grasp of every problem me and

accurate It is I fear impossible for me to make adequate acknowledgment of all those who have assisted me in searching out extant examples of early Charleston furniture of space preclude a complete h g I am particularly grateful however to those who have permitted me to come into their homes often to the disruption of their households to make photographs of their furniture I was invariably received with courtesy and in not a siigle instance was I refused permission to take pictures I regret that I cannot show my appreciation of such generous co operation by including in this book all the photographs I was permitted to acquire The final choice has been determined by cost and space limitations or by the necessity of avoiding repetition of the types of funitwe represented It should be understood therefore that the exclusion of any given photograph does not mean that the subject was unworthy of inclusion It should be understwd also that only by the collection and mdy of hundreds of photographs have I been able to write with confidence on the styles and types of early Charleston furniture hence every photograph I have taken has been invaluable to me whether or not it ocnus as an illustration in the book

Insdutions and societies as well as individuals have been generous either in supplying me with photographs or in permitting me to have the photographs taken **Building and Flying Model Airplanes** Air Youth of America,1941 Gives instructions for building and flying both rubber powered airplane models and those with gasoline engines *How to Build Solid Scale Model War Planes* Jesse Davidson,2012-08-01 *A Beginner's Guide to Building and Flying Model Airplanes* Robert Lopshire,1967 Instructions for building model airplanes covering the parts of a model different tools and materials and flying techniques *How to Design and Build Flying Models* Keith Laumer,1960 *Basics of R/C Model Aircraft Design* Andy Lennon,1996 A comprehensive guide to designing radio control model airplanes Andy Lennon presents a thorough and comprehensive introduction to the intriguing world of model aerodynamics Whatever your modeling background this book will be a valuable reference source in your R C library and will never be outdated Fully illustrated *Basics of R/C Scale* Patrick H.
