## Secrets Of The Still:

**Secrets** Sissela Bok, 1989-12-17 The author of Lying shows how the ethical issues raised by secrets and secrecy in our careers or private lives take us to the heart of the critical questions of private and public morality Secrets, Gossip, and Gods Paul Christopher Johnson, 2002-08-15 In this wide ranging book Paul Christopher Johnson explores the changing hidden face of the Afro Brazilian indigenous religion of Candomblé Despite its importance in Brazilian society Candomblé has received far less attention than its sister religions Vodou and Santería Johnson seeks to fill this void by offering a comprehensive look at the development beliefs and practices of Candomblé and exploring its transformation from a secret society of slaves hidden persecuted and marginalized to a public religion that is very much a part of Brazilian culture Johnson traces this historical shift and locates the turning point in the creation of Brazilian national identity and a public sphere in the first half of the twentieth century His major focus is on the ritual practice of secrecy in Candomblé Like Vodou and Santería and the African Yoruba religion from which they are descended Candomblé features a hierarchic series of initiations with increasing access to secret knowledge at each level As Johnson shows the nature and uses of secrecy evolved with the religion First secrecy was essential to a society that had to remain hidden from authorities Later when Candomblé became known and actively persecuted its secrecy became a form of resistance as well as an exotic hidden power desired by elites Finally as Candomblé became a public religion and a vital part of Brazilian culture the debate increasingly turned away from the secrets themselves and toward their possessors It is speech about secrets and not the content of those secrets that is now most important in building status legitimacy and power in Candomblé Offering many first hand accounts of the rites and rituals of contemporary Candomblé this book provides insight into this influential but little studied group while at the same time making a valuable contribution to our understanding of the relationship between religion and society **Secrets and Wives** Sanjiv Bhattacharya, 2013-07-01 What do we really know about modern practicing polygamists not fictional ones like the Henrickson family on HBO's Big Love We've seen the Fundamentalist Church of Jesus Christ of Latter Day Saints in the news the underage brides in pioneer dresses on a Texas ranch But the FLDS is just one of many groups that have broken with mainstream Mormonism to follow those parts of Joseph Smith's doctrine disavowed by the LDS Church Gaining unprecedented access to these communities journalist Sanjiv Bhattacharya reveals a shadow country teeming with small town messiahs dark secrets and stories both heartbreaking and strange Polygamy's dark side incest forced marriages and physical abuse is laid bare But Bhattacharya also finds warmth in the fundamentalist diaspora and even finds himself taking an ideological stand for polygamy's legalization More than just an expose of Mormon polygamy Secrets and Wives is the personal journey of a foreign atheist and liberal a stranger in a strange land who grapples with hard questions about marriage monogamy and the very nature of faith **Dis:connectivity and Globalisation** Christopher Balme, Burcu Dogramaci, Roland Wenzlhuemer, 2025-07-21 Globalisation is one of the most contested concepts of our time From its promise

of borderless flows of people goods and finance in the 1990s it embodies today almost the opposite deglobalisation as tariffs are erected borders heavily policed anti migration regimes enforced and sanctions levied This disconnect between promise and realisation is the subject of *Dis connectivity and Globalisation Concepts Terms Practices* In almost forty short essays and an introduction it explores key concepts that illuminate processes of globalisation from a dis connective perspective which highlights the role of delays and detours interruptions resistances and absences as constitutive of globalisation The volume proposes rethinking globalisation by redefining the terminology we use to describe and analyse it     Secrets of Their Past Allie Pleiter,2022-02-22 Facing the past could change his future Veterinarian Neal Rodgers is in Wander Canyon seeking the truth about his past not to rescue a litter of kittens under his next door neighbor s porch But persistent single mom Tessa Kennedy is impossible to ignore especially when she uncovers a family secret of her own Discovering the hidden facts of their histories could be the key to unlocking everything in this small town From Love Inspired Uplifting stories of faith forgiveness and hope Wander Canyon Book 1 Their Wander Canyon Wish Book 2 Winning Back Her Heart Book 3 His Christmas Wish Book 4 A Mother s Strength Book 5 Secrets of their Past     *U.S. Government Information Policies and Practices--the Pentagon Papers* United States. Congress. House. Committee on Government Operations. Foreign Operations and Government Information Subcommittee,1971     **Parliament's Secret War** Veronika Fikfak,Hayley J Hooper,2018-02-22 The invasion of Iraq in 2003 and the Coalition Government s failure to win parliamentary approval for armed intervention in Syria in 2013 mark a period of increased scrutiny of the process by which the UK engages in armed conflict For much of the media and civil society there now exists a constitutional convention which mandates that the Government consults Parliament before commencing hostilities This is celebrated as representing a redistribution of power from the executive towards a more legitimate democratic institution This book offers a critical inquiry into Parliament s role in the war prerogative since the beginning of the twentieth century evaluating whether the UK s decisions to engage in conflict meet the recognised standards of good governance accountability transparency and participation The analysis reveals a number of persistent problems in the decision making process including Parliament s lack of access to relevant information government legalisation of parliamentary debates which frustrates broader discussions of political legitimacy and the skewing of debates via the partial public disclosure of information based upon secret intelligence The book offers solutions to these problems to reinvigorate parliamentary discourse and to address government withholding of classified information It is essential reading for anyone interested in war powers the relationship between international law and domestic politics and the role of the Westminster Parliament in questions of national security     Practical Social Work Ethics Malcolm Carey,Lorraine Green,2013 This is the first text of its kind to deal exclusively with applied social work ethics It focuses on an eclectic mix of difficult moral questions or issues encountered in much modern day practice It is therefore not theoretically driven with some practical elements attached but is instead is a practice based book where any theory introduced is linked to tangible

practice situations It is also thought provoking controversial in parts and always engaging With a focussed and clear writing style this book will be of interest to all social work students and practitioners interested in the practical yet complex moral ramifications of their applied role

**The Whole Works of the Most Reverend Father in God, Robert Leighton** Robert Leighton (Abp. of Glasgow), John Norman Pearson, 1825 *The Whole Works of the Most Reverend Father in God, Robert Leighton, D.D., Archbishop of Glasgow* Robert Leighton, 1830

**The Whole Works of Robert Leighton, Archbishop of Glasgow** Robert Leighton, John Norman Pearson, 1825

The ^AOxford Handbook of Philosophy of Technology Shannon Vallor, 2022-02-01 The Oxford Handbook of Philosophy of Technology gives readers a view into this increasingly vital and urgently needed domain of philosophical understanding offering an in depth collection of leading and emerging voices in the philosophy of technology The thirty two contributions in this volume cut across and connect diverse philosophical traditions methodologies and subfields providing the reader with provocative and original insights on the history concepts problems and challenges that mark humanity s attempts to attain deeper and more lasting wisdom about our complex and evolving relationship to technology

**Trade Secrets Legal Protection** Luc Desautettes-Barbero, 2023-06-10 Despite the economic relevance of trade secrets their legal protection is not based on a robust theoretical corpus and a large uncertainty remains regarding how they should be legally apprehended The present book investigates the foundations of their legal protection by assessing its justifications and aims to define how this legal apprehension should be organized The book starts with a comparative analysis of the US and the EU legal frameworks It demonstrates the parentship existing between the two systems of protection and highlights that the incremental structuring of trade secrets protection has led to legal systems lacking broad based conceptual foundations In both legal orders trade secrets rely on blurred protection formally anchored in unfair competition the strength of which however comes closer to that offered by intellectual property law In this convoluted architecture the judiciary is required to play a decisive role especially at the enforcement stage However the absence of clarity concerning the telos of trade secrets protection leads to legal uncertainty potentially incoherent enforcement and all in all to inefficient outcomes from a welfare perspective The book then explores a theoretical framework based on a distinction between two legal objects the undertakings secret sphere and secret pieces of information Securing the undertakings secret sphere appears as a condition for the competition process to happen in an economy working under structural uncertainty It requires objective regulations enforced by public authorities On the other hand the legal apprehension of secret pieces of information should be considered as falling within the realm of immaterial goods regulation aiming to solve the deficit of marketability of this type of good This might call after conducting a careful policy trade off for the establishment of relative i e inter partes subjective rights

*House of Christmas Secrets* Lynda Stacey, 2017-12-05 A mystery adds to the chill of the holidays as an enigmatic family gathers to celebrate the season and discovers that no secrets can be hidden forever Last year s Christmas at Wrea Head Hall didn t quite go as planned So Jess Croft is determined this

festive season will be one to remember And she has plenty of reasons to be hopeful She s going to marry the man of her dreams Jack Stone just a week after New Year s Eve However as family confidences are revealed in hidden letters and two unexpected guests turn up on the doorstep Jess is left not only wondering what happened to her Christmas dreams but whether her life will ever be the same again Can Jess and Jack still have the peaceful holiday season they imagined or are there some problems that even Christmas can t fix

**The Secret of Mental Magic** William Walker Atkinson,1907

**Secrecy and Disclosure in Victorian Fiction** Leila Silvana May,2016-07-15 Why were the Victorians more fascinated with secrecy than people of other periods What is the function of secrets in Victorian fiction and in the society depicted how does it differ from that of other periods and how did readers of Victorian fiction respond to the secrecy they encountered These are some of the questions Leila May poses in her study of the dynamics of secrecy and disclosure in fiction from Queen Victoria s coronation to the century s end May argues that the works of writers such as Charlotte Bront William Makepeace Thackeray Mary Elizabeth Braddon Edward Bulwer Lytton and Arthur Conan Doyle reflect a distinctly Victorian obsession with the veiling and unveiling of information She argues that there are two opposing vectors in Victorian culture concerning secrecy and subjectivity one presupposing a form of radical Cartesian selfhood always remaining a secret to other selves and another showing that nothing can be hidden from the trained eye May calls the relation between these clashing tendencies the dialectics of secrecy and disclosure May s theories of secrecy and disclosure are informed by the work of twentieth century social scientists She emphasizes Georg Simmel s thesis that sociality and subjectivity are impossible without secrecy and Erving Goffman s claim that sociality can be understood in terms of performativity the presentation of the self in everyday life and his revelation that performance always involves disguise hence secrecy May s study offers convincing evidence that secrecy and duplicity in contrast to the Victorian period s emphasis on honesty and earnestness emerged in response to the social pressures of class gender monarchy and empire and were key factors in producing both the subjectivity and the sociality that we now recognize as Victorian
