**The Secret of the Universe** Nathan R. Wood,2013-02-04 The Trinity of Father Son and Holy Spirit reflected and expressed in the trinities of space matter and time is the secret of the universe It is the key to the many riddles of the universe It shows why things are as they are and that they did not happen so It shows why space is what it is of three dimensions It shows why matter is what it is of energy motion and phenomena with all their relationships It shows why time is as it is composed of future present and past It shows why man is made as he is It may show the great principle of unity in all things It should illuminate the relationship of space matter and time It may well cast light on the mysterious principles of existence of change and of reality in the universe The being of God as the central fact of the universe may explain these universal things It may make them clear not as we ourselves paradoxically try to make mysteries clear by involved effort and intricacies of thought and abstruse analysis but by the broad self evident fact of the Trinity
