## **Seeing Is Believing Approaches To Visual Research:**

**Seeing is Believing** Christopher Pole, 2004-12-14 Rather than providing a step by step guide to the use of visual methods the authors draw on their experience of visual research to provide critical accounts of its use in the field its potential for unlocking otherwise unseen places spaces and social action and as a basis for the generation of conceptual and theoretical insight

**Doing Visual Ethnography** Sarah Pink, 2007 Those already proficient in ethnographic methods will find *Doing Visual Ethnography* a foray into what should be an increasingly normative terrain and what is certainly a much needed addition to the literature They will be challenged to simultaneously take on new methodological conceits and their application beyond traditional boundaries Library Information Science Research Following on from the success of *Doing Visual Ethnography* this fully revised and updated second edition explores the use and potential of photography video and hypermedia in ethnographic and social research It offers a reflexive approach to theoretical methodological practical and ethical issues of using these media now that they are increasingly being incorporated into field research Sarah Pink adopts the viewpoint that visual research methods should be rooted in a critical understanding of local and academic visual cultures the visual media and technologies being used and the ethical issues they raise The book demonstrates that these new challenges that shape ethnographic knowledge can be met by understanding the reflexivity and experience through which visual and ethnographic materials are produced and interpreted New to the Second Edition General updating of figures terminology and literature to bring the book up to date with recent innovations in theory practice and technology Annotated reading lists added to each chapter to guide the reader to further literature Completely rewritten chapter on digital technology to ensure the text is in line with the latest developments in technology and methodological thinking Drawing from her own experiences of using photography video and hypermedia in research as well as the work of others the author follows the research process from project design planning and implementing and practising fieldwork to analysis and representation suggesting how visual images and technologies can be combined to form an integrated process throughout the different stages of research The Second Edition of *Doing Visual Ethnography* is an excellent resource for students of sociology anthropology cultural studies media studies and those doing ethnographic and qualitative research It also provides valuable reading for researchers and postgraduates

**Video Vision** Martin J. Downing Jr., Lauren J. Tenney, 2020-11-09 In recent years the use of video has soared spurring debate about the body camera environment connection and other concepts a social scientist considering this research tool will face In this volume we zoom in on ethics methodology and analysis while also zooming out on a wider praxis The time is here to collectively identify our experiences methods and knowledge of video as a research methodology This compilation of work unpacks the use of video as a research tool Often through the interdisciplinary lens of environmental psychology as well as anthropology sociology and the broader field of psychology fascinating angles of the use of participant and naturalistic observations are captured along with that of participatory action

New Frontiers in Ethnography Sam Hillyard,2010-11-04 Addresses continuities and innovations within the ethnographic canon This title uses Hammersley s 1991 book What s Wrong with Ethnography to open and situate the debate and engages with contemporary debates and arguments on both sides of the Atlantic      Crafting Phenomenological Research Mark D. Vagle,2016-06-16 This is an accessible concise introduction to phenomenological research in education and social sciences Mark Vagle outlines the key principles for conducting this research from leading contemporary practitioners such as van Manen Giorgi and Dahlberg He builds on their work by introducing his post intentional phenomenology which incorporates elements of post structural thinking into traditional methods Vagle provides readers with methodological tools to build their own phenomenological study addressing such issues as data gathering validity and writing Replete with exercises for students case studies resources for further research and examples of completed phenomenological studies this brief book affords the instructor an easy entr e into introducing phenomenology into courses on qualitative research social theory or educational research      Youth Voices, Public Spaces, and Civic Engagement Stuart Greene,Kevin J. Burke,Maria K. McKenna,2016-02-26 This collection of original research explores ways that educators can create participatory spaces that foster civic engagement critical thinking and authentic literacy practices for adolescent youth in urban contexts Casting youth as vital social actors contributors shed light on the ways in which urban youth develop a clearer sense of agency within the structural forces of racial segregation and economic development that would otherwise marginalize and silence their voices and begin to see familiar spaces with reimagined possibilities for socially just educational practices      *The Handbook of Photography Studies* Gil Pasternak,2020-08-13 The Handbook of Photography Studies is a state of the art overview of the field of photography studies examining its thematic interests dynamic research methodologies and multiple scholarly directions It is a source of well informed analytical and reflective discussions of all the main subjects that photography scholars have been concerned with as well as a rigorous study of the field s persistent expansion at a time when digital technology regularly boosts our exposure to new and historical photographs alike Split into five core parts the Handbook analyzes the field s histories theories and research strategies discusses photography in academic disciplinary and interdisciplinary contexts draws out the main concerns of photographic scholarship interrogates photography s cultural and geopolitical influences and examines photography s multiple uses and continued changing faces Each part begins with an introductory text giving historical contextualization and scholarly orientation Featuring the work of international experts and offering diverse examples insights and discussions of the field s rich historiography the Handbook provides critical guidance

to the most recent research in photography studies This pioneering and comprehensive volume presents a systematic synopsis of the subject that will be an invaluable resource for photography researchers and students from all disciplinary backgrounds in the arts humanities and social sciences      Gender Identity and Research Relationships Michael R. M Ward, 2016-05-20 In recent years researchers have begun to reflect on gender identity and how this impacts on the creation of successful qualitative research In this volume contributors explore these issues by reflecting on their own studies and research careers and address how important or unimportant gender has been in building research relationships      *Emotion and the Researcher* Tracey Loughran, Dawn Mannay, 2018-08-28 Contributors to this edited collection argue for an emotional rebellion in the academic world arguing that the presentation of research as objective conceals the subject positions of researchers and the emotional imperatives that often drive research      *Handbook of Narrative Inquiry* D. Jean Clandinin, 2006-12-28 Composed by international researchers the Handbook of Narrative Inquiry Mapping a Methodology is the first comprehensive and interdisciplinary overview of the developing methodology of narrative inquiry The Handbook outlines the historical development and philosophical underpinnings of narrative inquiry as well as describes different forms of narrative inquiry This one of a kind volume offers an emerging map of the field and encourages further dialogue discussion and experimentation as the field continues to develop Key Features Offers coverage of various disciplines and viewpoints from around the world Leading international contributors draw upon narrative inquiry as conceptualized in Anthropology Sociology Psychology and Philosophy Illustrates the range of forms of narrative inquiry Both conceptual and practical in depth descriptions of narrative inquiry are presented Portrays how narrative inquiry is used in research in different professional fields Particular attention is paid to representational issues ethical issues and some of the complexities of narrative inquiry with indigenous and cross cultural participants as well as child participants Intended Audience The Handbook of Narrative Inquiry is a must have resource for narrative methodologists and students of narrative inquiry across the social sciences Individuals in the fields of Nursing Psychology Anthropology Education Social Work Sociology Organizational Studies and Health research will be particularly well served by this masterful work
