Seeing Through The Heart Expressions In Image And Poetry:

Selections from the Poems of Paulinus of Nola, including the Correspondence with Ausonius Alex Dressler, 2023-03-24

This volume offers a broad introduction to one of the most exciting chapters of Late Antiquity through direct testimony from one of the last representatives of Roman Antiquity Ausonius of Bordeaux and his radical Christian protégé the populist bishop and experimental poet Paulinus of Nola The first comprehensive volume in English dedicated to these works in over a century this book also offers representative selections from Paulinus vast poetic output from the publicly performed poems that mark his contribution to the emerging cult of the saints to his experimental Christianization of a wide range of Classical genres Preceded by a substantial introduction discussing the modern significance of these works and their original contexts the translation is accompanied by running notes for ease of reference and an interpretive commentary rich with illustrative parallels Taken together the correspondence with Ausonius and the selections from Paulinus epitomize the personal political and spiritual conflicts of their age offering a lively and concentrated introduction to the life and thought of these two underappreciated contemporaries of Jerome and Augustine Accompanied by new and provocative interpretations with detailed but concise historical and biographical guidance this accessible and stylish translation will appeal to scholars and students of Classics Late Antiquity religious studies social history and world literature Journal of the American Institute of Architects ,1925 **Culture as Politics** Christopher Caudwell, 2018-03-22 Selected essays by Christopher Caudwell on culture psychology and capitalism Material drawn from Caudwell's previous book *Illusion and Reality* Studies in a Dying Culture and his essay *Heredity and Development* A Complete Concordance Or Verbal Index to Works, Phrases and Passages in the Dramatic Works of Shakespeare John Bartlett, 1894 *A New and Complete Concordance Or Verbal Index to Words, Phrases, & Passages in the Dramatic Works of Shakespeare with a Supplementary Concordance to the Poems* John Bartlett, 1889 Through a Speculum That Shines Elliot R. Wolfson, 2020-06-30 A comprehensive treatment of visionary experience in some of the main texts of Jewish mysticism this book reveals the overwhelmingly visual nature of religious experience in Jewish spirituality from antiquity through the late Middle Ages Using phenomenological and critical historical tools Wolfson examines Jewish mystical texts from late antiquity pre kabbalistic sources from the tenth to the twelfth centuries and twelfth and thirteenth century kabbalistic literature His work demonstrates that the sense of sight assumes an epistemic priority in these writings reflecting and building upon those scriptural passages that affirm the visual nature of revelatory experience Moreover the author reveals an androcentric eroticism in the scopic mentality of Jewish mystics which placed the externalized and representable form the phallus at the center of the visual encounter In the visionary experience as Wolfson describes it imagination serves a primary function transmuting sensory data and rational concepts into symbols of those things beyond sense and reason In this view the experience of a vision is inseparable from the process of interpretation Fundamentally challenging the conventional distinction between experience and exegesis revelation and interpretation

Wolfson argues that for the mystics themselves the study of texts occasioned a visual experience of the divine located in the imagination of the mystical interpreter. Thus he shows how Jewish mystics preserved the invisible transcendence of God without doing away with the visual dimension of belief.

Blake: The Complete Poems W.H. Stevenson, 2014-05-12. William Blake (1757-1827) is one of the great figures in literature by turns poet, artist and visionary. Profoundly libertarian in outlook, Blake's engagement with the issues of his day is well known and this, along with his own idiosyncratic concerns, flows through his poetry and art. Like Milton before him, the prodigality of his allusions and references is little short of astonishing. Consequently, his longer visionary poems can challenge the modern reader who will find in this avowedly open edition all they might need to interpret the poetry. W.H. Stevenson's Blake is a masterpiece of scrupulous scholarship. It is as the editor makes clear in his introduction, designed to be widely and fluently read, and this Third Edition incorporates many changes to further that aim. Many of the headnotes have been rewritten and the footnotes updated. The full texts of the early prose tracts *All Religions are One* and *There is no Natural Religion* are included for the first time. In many instances, Blake's capitalisation has been restored better to convey the expressive individuality of his writing. In addition, a full colour plate section contains a representation of Blake's most significant paintings and designs. As the 250th anniversary of his birth approaches, Blake has perhaps more readers than ever before. Blake: The Complete Poems will stand

those readers new and old in good stead for many years to come **Poems to Siva** Indira Viswanathan Peterson, 2014-07-14
