Foreigners under Mao Beverley Hooper, 2016-07-01 The book examines the lives of Seeing Red David Bonavia, 1987 six different groups of Westerners foreign comrades who made their home in Mao's China twenty two former Korean War POWs who controversially chose China ahead of repatriation diplomats of Western countries that recognized the People's Republic the few foreign correspondents permitted to work in China foreign experts and language students Each of these groups led distinct lives under Mao while sharing the experience of a highly politicized society and of official measures to isolate them from everyday China This book is enjoyable and engaging The author introduces a small but dynamic collection of enthusiastic international participants in post 1949 China showing unquestioned loyalty to Mao s ideals Equally intriguing are the alternate stories of diplomats and reporters existing far outside the mainstream of Chinese life and trusted by neither the Chinese nor the international supporters Edgar A Porter Professor Emeritus Ritsumeikan Asia Pacific University author of The People's Doctor George Hatem and China's Revolution A well written survey about the variety of Westerners who lived and worked in the People's Republic of China between 1949 and 1976 This is a welcome addition to the sojourner literature about foreigners who lived in twentieth century socialist countries The scholarship which includes the review of memoirs archival materials and secondary works is impressive and comprehensive Stephen R MacKinnon Arizona State University co author of China Reporting An Oral History of American Journalism in the 1930s and 1940s History from the Bottom Up and the Inside Out James R. Barrett, 2017-08-04 James R Barrett rethinks the boundaries of American working class history by investigating the ways in which working class people s personal lives intersected with their activism and religious racial ethnic and class identities **Red Feminism** Kate Weigand, 2002-11-07 Drawing on substantial new research Red Feminism traces the development of a distinctive Communist strain of American feminism from its troubled beginnings in the 1930s through its rapid growth in the Congress of American Women during the early years of the Cold War to its culmination in Communist Party circles of the late 1940s and early 1950s The author argues persuasively that despite the devastating effects of anti Communism and Stalinism on the progressive Left of the 1950s Communist feminists such as Susan B Anthony II Betty Millard and Eleanor Flexner managed to sustain many important elements of their work into the 1960s when a new generation took up their cause and built an effective movement for women s liberation Red Feminism provides a more complex view of the history of the modern women s movement showing how key Communist activists came to understand gender sexism and race as central components of culture economics and politics in American society Strategy and Tactics of World Communism United States. Communists Uncovering rich new evidence from Moscow's former party archive Storch argues that although the American Communist Party was an international organization stronglyinfluenced by the Soviet Union at the city level it was a more vibrant and flexible organization responsible to local needs and concerns Thus while working for a better welfare system fairer unions and racial equality Chicago's Communists created a movement that at times departed from international party leaders intentions By focusing on the experience of Chicago's Communists who included a large working class African American and ethnic population this study re examines party members actions as an integral part of the communities in which they lived and the industries where they worked Americans and Chinese Communists, 1927-1945 Kenneth E. how the Cold War shaped their lives from the duck and cover drills in the classrooms to the bomb shelters dug in the backyard when most Baby Boomers were growing up Like millions of Baby Boomers Bill Clinton can truthfully say I am a child of the Cold War With the last gasp of the Soviet Union Baby Boomers and others are learning that the politics of the Cold War are hard to shed As the electoral maps are being redrawn once more in the Clinton years landmarks left behind by the Cold War provide an important reference point In the height of the Cold War voters divided the world into us noncommunists versus them communists and reduced contests for the presidency into battles of which party would be tougher in dealing with the Evil Empire But in a convoluted post Cold War era politics defies such simple characteristics and presidents find it harder to lead Recalling how John F Kennedy could so easily rally public opinion an exasperated Bill Clinton once lamented Gosh I miss the Cold War **Problems of Communism** ,1991 Symbolic Traces of Communist Legacy in Post-Socialist Hungary Lisa Pope Fischer, 2016-09-12 In Symbolic Traces of Communist Legacy in Post socialist Hungary Lisa Pope Fischer shows how personal practices symbolically refurbish elements from the Communist era to fit present day challenges A generation who lived through the socialist period adapt to post socialist Hungary in a global context Life histories weave together case studies of gift giving procurement strategies harvest ritual healthcare and socialist kitsch to illustrate turns towards mysticism neo traditionalism nostalgia nationalism and shifts in time place People's unrequited past longing for future possibilities of a Western society facilitate desires for a lost way of life Not only does this work gain understanding of an aging population s life experiences and the politics of everyday practices but also social change in a The Geopolitics of Culture John Van Oudenaren, 2024-06-15 Through the lens of James Billington modern global world and the institution he led as Librarian of Congress during a key period of US Russian relations The Geopolitics of Culture examines culture as a neglected area of US foreign policy Billington advised presidents and members of Congress and mobilized the resources of the Library of Congress to promote reform in Russia He believed that rather than preaching to the Russians the United States should expose the rising generation of Russian leaders to what was best in America and encourage them to rediscover positive elements in pre Bolshevik Russian culture The Geopolitics of Culture is the first book to chronicle Billington's influence on US engagement with Russia as it transitioned from communism to democracy under Gorbachev and Yeltsin and back to authoritarianism under Yeltsin and Putin Drawing on published and archival sources including recently released papers and interviews with current and retired Library of Congress staff members John Van Oudenaren casts new light on this era Billington's efforts led to a remarkable degree of cooperation between the Library of Congress and Russian cultural and political institutions Yet these efforts ultimately failed as Putin turned back toward authoritarianism The experience of the Library of Congress during this period nonetheless holds important lessons for today Billington believed that a transition to democracy in Russia was essential if the United States was to head off the geopolitical nightmare of a Eurasia dominated by an alliance of hostile authoritarian powers. Global Maoism examines the spread of Mao Zedong s writings ideology and institutions when they traveled outside of China Matthew Galway links Chinese Communist Party efforts to globalize Maoism to the dialectical engagement of exported Maoism by Cambodian Maoist intellectuals How do ideas manifest outside of their place of origin Galway analyzes how universal ideological systems became localized both in Mao s indigenization of Marxism Leninism and in the Communist Party of Kampuchea s indigenization of Maoism into its own revolutionary ideology By examining the intellectual journeys of CPK leaders who during their studies in Paris in the 1950s became progressive activist intellectuals and full fledged Communists he shows that they responded to political and socioeconomic crises by speaking back to Maoism adapting it through practice without abandoning its universality Among Mao s greatest achievements the Sinification of Marxism enabled the CCP to canonize Mao s thought and export it to a progressive audience of international intellectuals These intellectuals would come to embrace the ideology as they set a course for social change The Emergence of Global Maoism illuminates the process through which China moved its goal from class revolution to a larger anticolonial project that sought to cast out European and American imperialism from Asia
