Finding the Monk Within Edward C. Sellner, 2008 Finding the Monk Within is written with the conviction that lying deep within every person and underlying much of contemporary western and eastern cultures is an ancient memory a vital archetypal energy related to monasticism and its spirituality This book recovers that monastic memory the living presence of the past for those who desire to name and incorporate monastic values values of solitude and silence faith and compassion friendship and mentoring contemplation and leadership itself The author examines the social and religious dimensions in the fourth century that gave rise to monasticism then looks at Christian leaders from late antiquity to the medieval period associated with monasticism in both East and West who have much to teach about monastic values and their relevance for today among them Antony the first monk Augustine and Jerome John Cassian Brigit of Kildare and early Celtic monasticism Gregory the Great Benedict and Scholastica and finally Bernard of Clairvaux By studying the history of monasticism and its great heroes we come to realize that for the Christian much of what we call monastic is purely and simply what being a follower of Christ is all about and that being a monk whether inside monastic enclosures or outside in the world is simply becoming the sort of person everyone ought to be a person who unites action and contemplation in the care of souls writes the author By becoming familiar with the stories and thought of these inspirational figures readers will be inspired to incorporate monastic perspectives and values into their own lives

experience and recognize God's presence in mystical encounters ordinary life our hearts through other people through Scripture nature and the church God is present in our world You can encounter him Here's how Wisdom From the Margins William G. Britton, 2018-05-16 Henri Nouwen wisely said The great illusion of leadership is to think that man can be led out of the desert by someone who has never been there Jesus has been there and knows how to lead us out but first he just may lead us in He meets us in the desert and does his best work in us there We look for an easier way in vain I myself reluctantly entered the desert and eventually received unimagined gifts there gifts I didn't ask for deserve or want gifts hidden in such painful loss that I despaired and yet looking back now these desert gifts were the best thing that ever happened to me I entered the desert and years later found my way out It's not a new way it was just new to me Jewish and Christian sages had been living it for thousands of years Somehow in recent generations we managed to forget it In this collection I mean to begin to make those riches available to you I'm hoping that like me you'll discover something that you didn't know you wanted or needed and something now you wouldn't give up at any price **The Divine Embrace** Robert E. Webber, 2006-10 What is true Christian spirituality Rediscover spirituality's biblical roots and how you can live out your response to God's story today *Words and Witnesses* Naaman K. Wood, 2022-05-03 How should Christians address specific problems controversies and crises in communication today By looking at influential Christian thinkers throughout history we can identify wisdom that enriches us today in practical ways Words and Witnesses explores various influential Christian thinkers and theologians from across church history in order to expand our contemporary conversations in communication studies and media theory Individual chapters written by contributing scholars focus on major Christian thinkers starting with Athanasius St Augustine and John Chrysostom moving through the Middle Ages to address figures such as Anselm Nicholas of Cusa Teresa of Lisieux and arriving in the present with reflections on the work of John Howard Yoder C S Lewis Martin Luther King Jr Abraham Kuyper and Desmond Tutu among others Each chapter delves into how the contemporary church and scholars of media can turn to these influential Christian thinkers as resources for addressing specific problems in communication today By analyzing church practices doctrine and biblical texts this book provides the church with resources and inspiration to communicate in distinctly Christian ways **Encyclopedia of Monasticism: A-L** William M. Johnston, 2000 First published in 2000 Routledge is an imprint of Taylor Francis an informal company *Living the Way of Love* Mary Bea Sullivan, 2019-01-17 Reflections follow the practices of The Way of Love Turn Learn Pray Worship Bless Go Rest Living the Way of Love offers forty brief reflections about the seven Jesus-centered practices identified by Presiding Bishop Michael Curry in The Way of Love initiative Sullivan tells stories from her own and others' experiences as a starting point for discussion about how to seek and find a deeper connection to God Rotating through each practice so that each is covered once a week going deeper into the practice throughout the forty days each reflection ends with questions designed to spur further discussion and assist readers in making the practices their own Perfect for using as a Lenten devotional or at
