A pink long-sleeved sweatshirt is hanging on a wooden hanger against a white paneled wall. The sweatshirt features a graphic design with the word 'nurse' in a large, black, cursive font. To the left of the 'n' is a small black icon of a stethoscope. To the right of the word, a list of nine adjectives is written in a smaller, black, cursive font, stacked vertically. The background includes a white door, a green plant on the left, a hanging plant in a circular woven basket on the right, and a large woven basket on the floor in the bottom left corner.

Nurses are the hands that touch and the voices that bring the message of caring to the sick and dying. They are the key to every kind of healing for compassion is the true healer within each of us. The daily labors of love, patience, and hard work have offered precious seeds for healing to the sick. In these essays, Fulmer addresses the need to recover the soul of nursing and to reclaim and reintegrate the tenets of Florence Nightingale's timeless and noble ideals, acknowledging that nursing is a calling and a spiritual practice. Fulmer suggests that this is the right direction for nursing to take in order to move forward. She also considers the idea that nursing is a reflection of the divine; its calling brings caring and compassion to the sick. Today, Nursing and America are at a crossroads. It must now clarify its destiny and redefine itself or be in danger of losing its soul, its meaning, and its relevance in today's world. There is hope for the future of Nursing and America. As its soul becomes transformed, all society will experience healing and rebirth. <http://www.transformyoursoul.org>

Preface Nursing Our Healer's Heart Lorre Laws, 2024-12-10. radically revealing and beautifully unfolding in its healing message to all nurses. The straightforward writing and illustrations combined with depth of scholarship bring the work and world of nursing to a new global community of wisdom for heart-centered caring healing. Every nurse can heal from just reading this book, being mentored back to one's healing heart. Jean Watson PhD RN AHN BC FAAN LL AAN Founder, Watson Caring Science Institute. The nursing profession is in crisis. Within a decade, the world will have just over half the number of nurses it needs. The global nursing workforce has experienced mass complex trauma secondary to healthcare system inadequacies and a global pandemic. Traumatized and burned-out nurses are leaving their roles or the profession in unprecedented numbers. Those who remain are stretched to or beyond their capacity. While system-level strategies aim to address this crisis, none of them consider nurse traumatization and its impact upon patient safety, outcomes, and quality of care. We cannot wait for health systems to prioritize nurse safety. Nurses can and must come together as a global community to heal through avoidable and unavoidable nurse-specific traumatization while partnering with healthcare leaders to usher in a new era of nursing. This book, through an actionable framework, guides nurses in healing the traumas and hardships they've endured as individuals and nursing communities. Grounded in the sciences of unitary caring, integrative nursing, neurophysiology, and transpersonal neurobiology, this book supports nurses in restoring their healer's heart as they come together to address the deep trauma, burnout, attrition, and presenteeism that are central to the nursing crisis. Nurses will learn the language of their nervous system and how to navigate it as a foundational practice to support professional wellbeing. Each nurse will discover their unique innate care plan.

which will guide their healing and co healing with other nurses By embracing the healing and practices offered in this book nurses will learn how to support their nervous system regulation so they can thrive instead of survive in practice Working from their healed scars instead of their open wounds nurses can effectively lead sustainable organizational change and health care reforms that prioritize nurse safety and professional wellbeing *A Nurse's Handbook of Spiritual Care* Mary Elizabeth O'Brien,2004 Provides guidance for the spiritual care of all patients with varying ailments **The Registered Nurse as Healer of the Potentially Terminally Ill** Ruth Tiffany Edmonds,1976 *Spirituality in Nursing: Standing on Holy Ground* Mary Elizabeth O'Brien,2007-04-26 **Spirituality in Nursing** Mary Elizabeth O'Brien,2017-03-03
